# Appendix A-1: SDLA Survey Text

Under the Paperwork Reduction Act, a federal agency may not conduct or sponsor, and a person is not required to respond to collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control number. The OMB Control Number for this information collection is XXXX-XXXX (expiration date: xx/xx/xxxx). Public reporting for this collection of information is estimated to be approximately 45 minutes per response, including time for reviewing instructions, gathering the information needed, and completing the web-based survey. All responses to this collection of information are voluntary. If you have comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden send them to: Information Collection Clearance Officer, Federal Motor Carrier Safety Administration, MC-RRA, 1200 New Jersey Ave, S.E., Washington, DC, 20590.

#### **CONSENT TO PARTICIPATE**

## **Introduction and Purpose**

Thank you for taking the time to complete this survey.

In the Moving Ahead for Progress in the 21st Century Act (MAP-21), Congress passed a requirement for FMCSA to establish an Entry Level Driver Training (ELDT) program that both enhances existing training standards and establishes minimum level CDL requirements consistent across all jurisdictions. FMCSA is currently sponsoring a project titled "Effectiveness of Third-Party Testing and Minimum Standards for the CDL Knowledge and Skills Tests", which will provide a timely opportunity to assess the effectiveness of the ELDT program, assess third-party training provider performance, and verify/validate compliance with ELDT minimum standards. There are two main objectives for this project:

- 1. To determine the effectiveness of third-party testing programs for CDL skills tests; and
- 2. To determine the effectiveness of minimum training and minimum testing standards for CDL knowledge and skills tests.

The project team is conducting a survey of the jurisdictions to gather background information on which version of the 2005 AAMVA CDL (AAMVA V) Test System or equivalent is being utilized as required by Federal CDL regulations (49 CFR 383.131-133). The survey results will also provide background information on State Driver Licensing Agency (SDLA) testing programs to help direct separate data collection efforts in support of accomplishing the project objectives.

The survey should take no more than 45 minutes of your time (30 minutes estimated for information gathering, and 15 minutes estimated to complete the online survey). Please note that as part of this survey, you will be asked to share information about the AAMVA V (or equivalent) Test System that you use and supporting information about your testing methods.

### Confidentiality

By taking this survey, you are consenting to be a part of this study. We will not ask for your name or contact information, and we will not report which survey responses are associated with a specific SDLA. Because it is possible that you may feel sensitive about sharing this information, the research team will report survey information generally with other responses. At no time will data that can identify you as a person be used by anyone other than the approved team members working on the project.

You may remove your data from the study if you wish, but you must tell the team members at once so that the data may be removed. If you choose to withdraw your consent, you can expect the researchers to redact your data from their dataset, destroy your data, and prevent future use of your data for research purposes. This is possible in some, but not all, cases.

If you feel comfortable with this information, please begin to take the survey.

#### **Questions**

To instead receive a paper copy of the survey questions, or to ask a question, please contact Nicholas Kehoe at 703-754-0248 or <a href="mailto:nicholas.kehoe@toxcel.com">nicholas.kehoe@toxcel.com</a> or Nicholas Owens at 703-298-9972 or <a href="mailto:nick.owens@estsi.com">nick.owens@estsi.com</a>. Thank you for your help!

If you have questions about your rights as a research participant, or concerns or complaints about the research, you may contact the Solutions IRB (the body that oversees protection of study participants) at 855-226-4472 or <a href="mailto:participants@solutionsirb.com">participants@solutionsirb.com</a> or P.O.
