

## PROCESS OVERVIEW

### Purpose

The purpose of this transaction is to create a Recipient Agency. A Recipient Agency (RA) is a domestic customer organization that has access to place orders in WBSCM. RA organizations are created by SDA (State Distributing Agency) Org Admins. The purpose of this transaction is to create an RA organization in WBSCM. This includes adding contact information for the organization, and assigning business partners and programs to the organization.

### Process Trigger

Perform this transaction when you wish to create a Recipient Agency (RA) organization in WBSCM.

### Prerequisites

- State Distributing Agency (SDA) must exist.

### Portal Path

Follow the Portal path below to complete this transaction:

- Select **Admin** tab → **Organization Maintenance** folder → **Maintain Organization** link → **Create RA Organization** link to go to the *Create RA Organization* screen.

### Tips and Tricks

- The R/O/C acronyms in the field tables represent Required, Optional, or Conditional field entries.
  - A Conditional field: an entry that becomes required as a result of entering something previous to it, which then deems it required
  - An Optional field: you may enter information in an optional field, but an entry is not required for the completion of the transaction
- Refer to WBSCM Portal Basic Navigation course for tips on creating favorites, perform searches, etc.

### Reminders

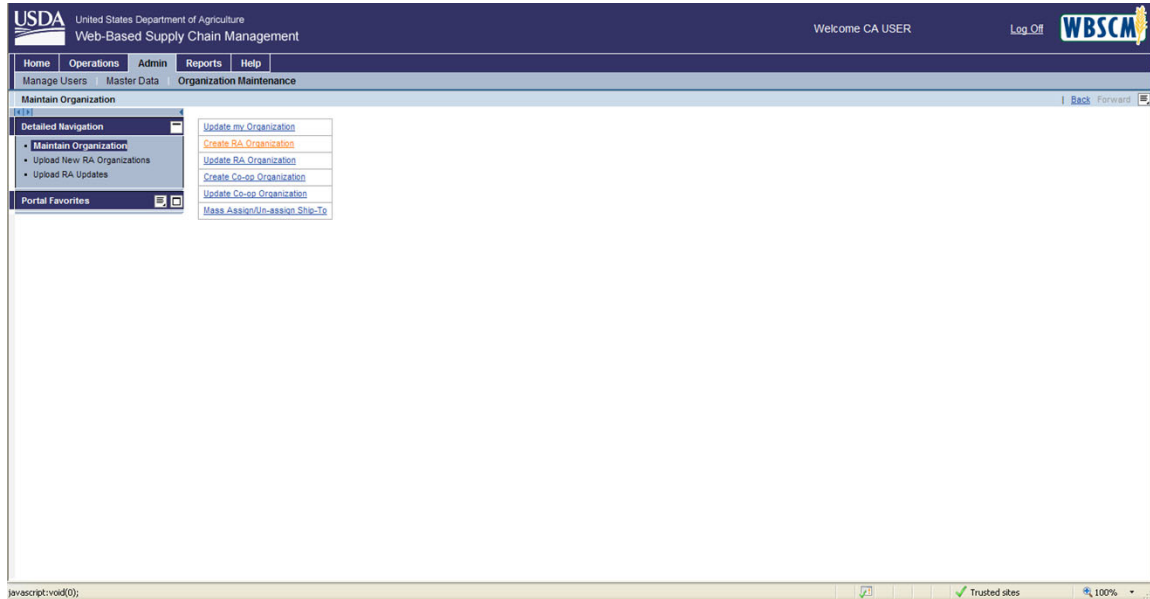

- Remember to check your work
- Refer to the Help Option (to the right of the screen) in the Portal for further assistance.

## PROCEDURE

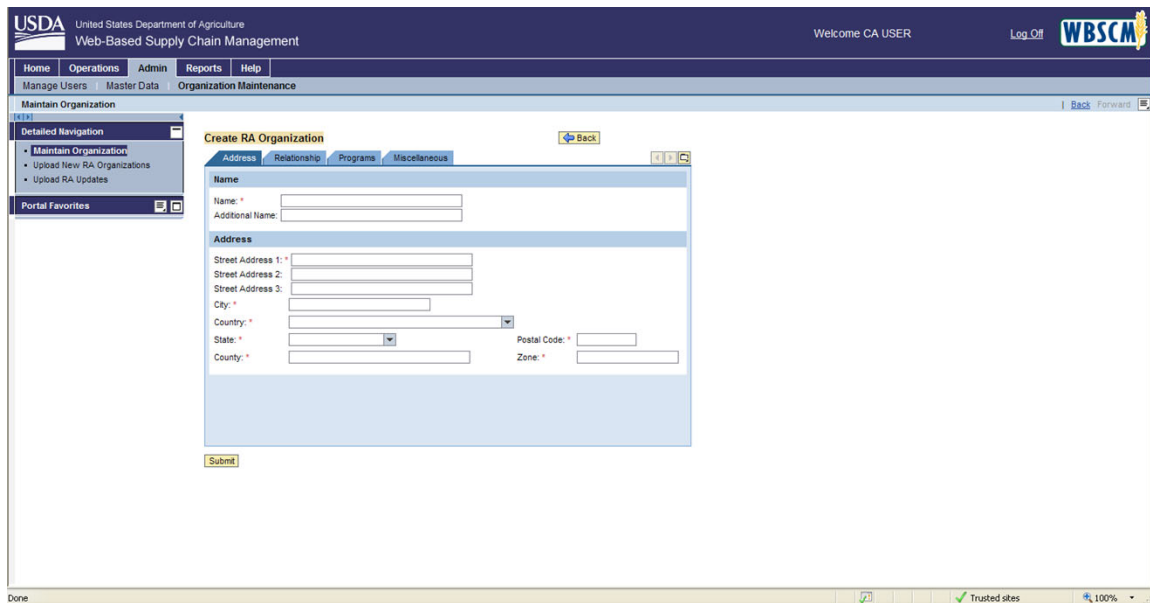

1. Start the transaction using the Portal path. Select **Admin** tab → **Organization Maintenance** folder → **Maintain Organization** link → **Create RA Organization**

### Maintain Organization Screen

2. Click [Create RA Organization](#) (the **Create RA Organization** button) to create a new RA Organization.

### Create RA Organization Screen

3. In the **Name** field, click  (the **text box**) to enter name of the RA.

(Note) Populate all required fields denoted by an asterisk. Enter required information on each tab *before* clicking the Submit button. After you have entered information on the Address, Relationship, Programs, and Miscellaneous tabs, click the **Submit** button.

4. As required, complete/review the following fields:

Field	R/O/C	Description
Name: *	R	Name of the Recipient Agency Organization  <b>Example:</b> Riverside RA
Street Address 1: *	R	Street address of the RA's headquarters  <b>Example:</b> 1111 Riverside Dr.
City: *	R	City of the RA's headquarters  <b>Example:</b> Riverdale
Country: *	R	Name of the country where the RA is located. Typically, USA unless it is a domestic offshore location.  <b>Example:</b> USA
State:*	R	State where RA is located.  <b>Example:</b> California
Postal Code:*	R	A zip code for the RA's location  <b>Example:</b> 23232
Zone:*	R	Zone where the RA is located. Zone 1 is NERO (Northeast Regional Office). Zone 2 is MARO (Mid-Atlantic Regional Office). Zone 3 is SERO (Southeast Regional Office). Zone 4 is MWRQ (Midwest Regional Office). Zone 5 is SWRO (Southwest Regional Office). Zone 6 is MPRO (Mountain Plains Regional Office). Zone 7 is WRO (Western Regional Office). Zone 8 is HQ (Headquarters). The RA should be assigned to the same zone as its SDA, so if you are an SDA Org Admin creating this new RA, you should populate this field with your zone number.  <b>Example:</b> 4

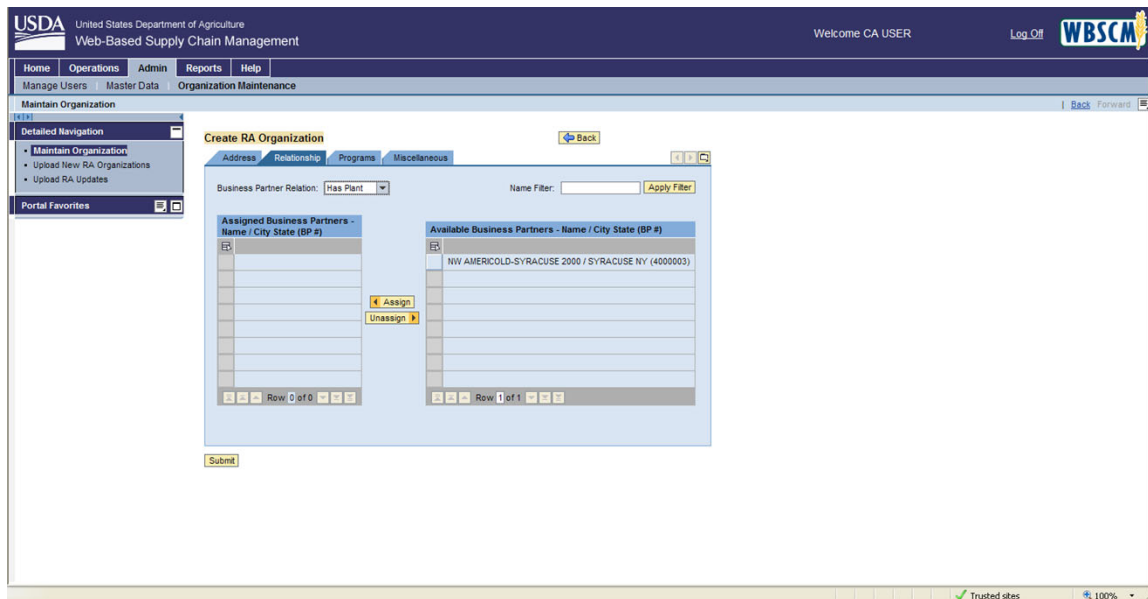

## Create RA Organization Screen

5. Click **Relationship** (the **Relationship** tab). This is the tab where you can assign relationships such as plants, and ship-to locations to the RA.

## Create RA Organization Screen

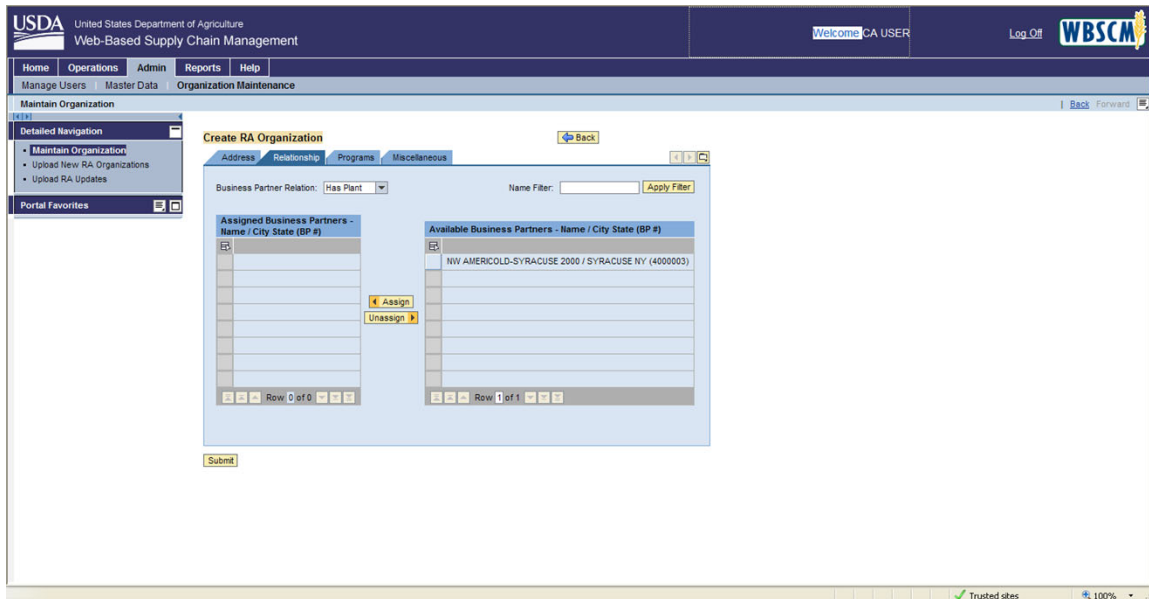

6. In the **Business Partner Relation** field, click  (the **Dropdown** button) to begin maintaining the business partner relations for the RA.

(Note) Select the **Has Plant** from the dropdown to choose the option when the business partner has a National Warehouse location that needs to be added. The options you will be given for possible National Warehouse locations are those assigned to the SDA.

Select the **Has Ship-To** to choose the option when the business partner has a Ship-To location that needs to be added. This could include any delivery locations for goods. By adding this information, the new Ship-To address will be selectable when the RA is creating a requisition and needs to choose a delivery location.

**RESULT**

The transaction has been successfully completed.

## PROCESS OVERVIEW

### Purpose

A Recipient Agency (RA) is a domestic customer that has access to place orders in WBSCM. SDA Org Admins are responsible for creating new RAs in WBSCM. They can do this in two ways - by manually entering in the RA data or by importing an XML file. Most commonly, they will use the "Create RA Organization" procedure, except when they wish to transfer information storage in USDA's legacy systems. Use this transaction to import a new Recipient Agency organization via an XML file upload.

### Process Trigger

After an XML file has been created and contains all required data for the new RA, use this transaction to upload this file and create the new RA in WBSCM.

### Prerequisites

- An XML file containing all required data for the new RA must exist.

### Portal Path

Follow the Portal path below to complete this transaction:

- Select **Admin** tab → **Organization Maintenance** tab → **Upload New RA Organizations** to go to the *Upload New RA Organizations* initial screen.

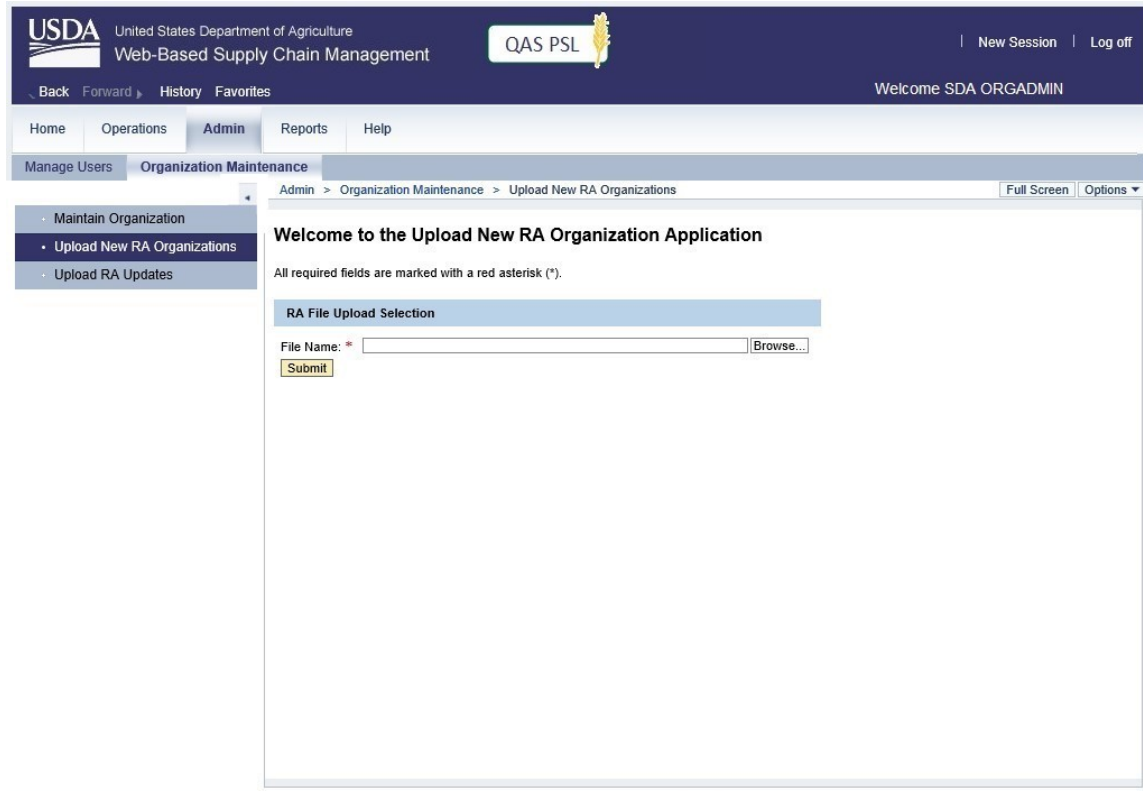

### Tips and Tricks

- The R/O/C acronyms in the field tables represent Required, Optional, or Conditional field entries.
  - **Required (R)** – a mandatory field necessary to complete the transaction
  - **Optional (O)** – a non-mandatory field not required to complete the transaction
  - **Conditional (C)** – a field that may be required if certain conditions are met, typically linked to completion of a mandatory field
- Refer to WBSCM Portal Basic Navigation course for tips on creating favorites, performing searches, etc.

## PROCEDURE

1. Start the transaction using the following Portal path: select **Admin** tab → **Organization Maintenance** tab → **Upload New RA Organizations**

At the top, the USDA logo and 'United States Department of Agriculture Web-Based Supply Chain Management' are visible, along with a 'QAS PSL' button and 'New Session | Log off' links. The user is identified as 'Welcome SDA ORGADMIN'. The navigation menu includes 'Home', 'Operations', 'Admin', 'Reports', and 'Help'. The 'Admin' tab is selected, and the 'Organization Maintenance' sub-tab is active. The main content area is titled 'Welcome to the Upload New RA Organization Application' and includes a note: 'All required fields are marked with a red asterisk (\*)'. Below this, there is a section for 'RA File Upload Selection' with a 'File Name: \*' input field and a 'Browse...' button. A 'Submit' button is located below the input field.

2. Click  (the **Hide Navigator** arrow) to minimize the Portal menu. Note that this can be done with any transaction in WBSCM.

**RESULT**

SDA/ITO org admin have successfully setup RA organizations by uploading XML file WBSCM.

## PROCESS OVERVIEW

### Purpose

A Recipient Agency (RA) is a domestic customer organization that can place domestic requisitions in WBSCM. RA organizations are created and maintained by State Distributing Agency (SDA) Org Admins. The purpose of this transaction is to maintain an RA organization in WBSCM. This includes modifying address information, and assigning (or un-assigning) National Warehouse, Ship-to locations, programs to the organization and activate or inactivate the RA organization. SDA Org Admins use this transaction to modify an existing RA Organization in the WBSCM system. Some attributes can also be maintained by the RA Org Admin.

Note: An SDA cannot delete an RA. Contact the WBSCM Service Desk for assistance to delete an RA from WBSCM.

### Process Trigger

Use this transaction to alter information for an existing RA Organization in the WBSCM system.

### Prerequisites

The RA Organization must already exist in the WBSCM system before its information can be changed.

### Portal Path

Follow the Portal path below to complete this transaction:

- Select **Admin** tab → **Organization Maintenance** folder → **Maintain Organization** link → **Update RA Organization** link to go to the *Update RA Organization* screen.

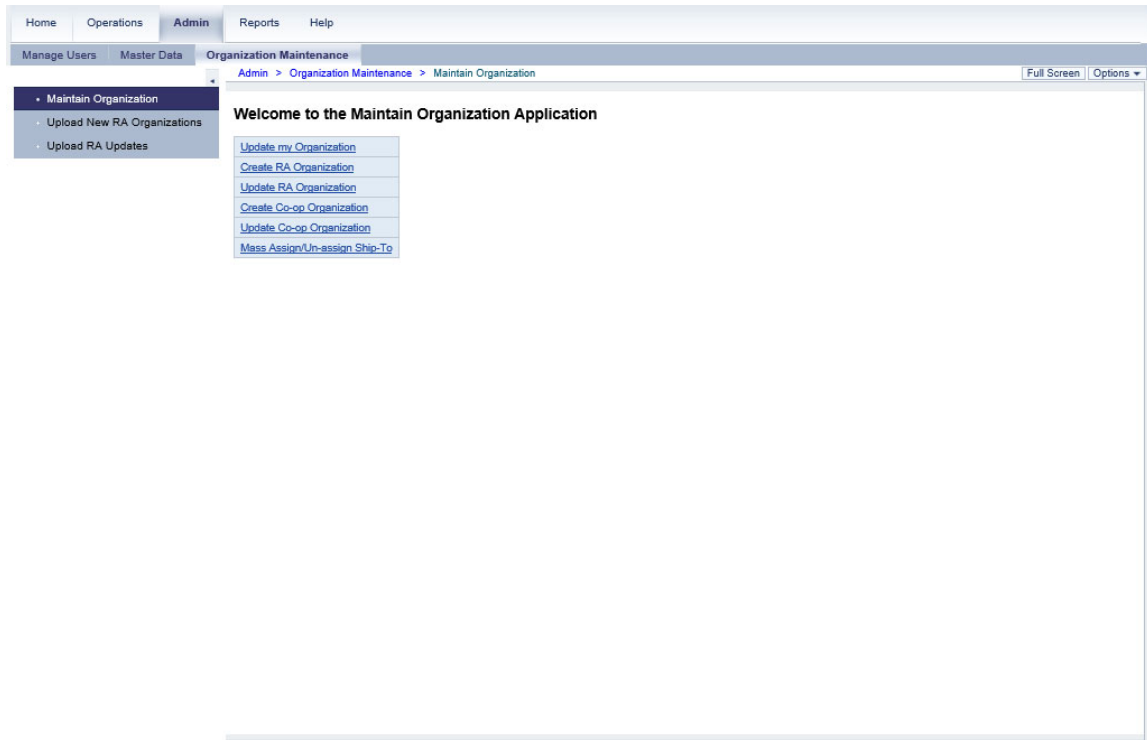

### Tips and Tricks

- The **R/O/C** acronyms in the field tables represent Required, Optional, or Conditional field entries.
  - **Required (R)** – a mandatory field necessary to complete the transaction
  - **Optional (O)** – a non-mandatory field not required to complete the transaction
  - **Conditional (C)** – a field that may be required if certain conditions are met, typically linked to completion of a mandatory field
- Refer to the WBSCM Portal Basic Navigation course for tips on creating favorites, performing searches, etc.

## PROCEDURE

1. Start the transaction using the Portal path. Select **Admin** tab → **Organization Maintenance** folder → **Maintain Organization** link.

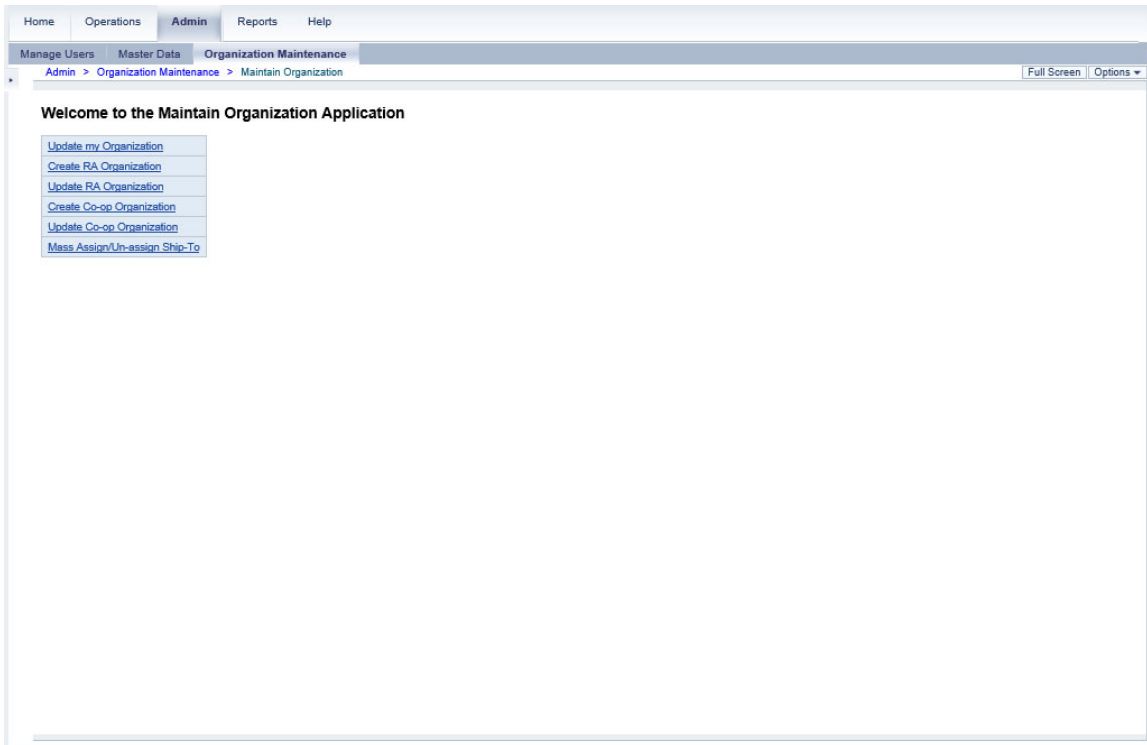

### Image: Maintain Organization Screen

2. Click  (the **Hide Navigator** button) to minimize the Portal menu. Note this can be done with any transaction in WBSCM.

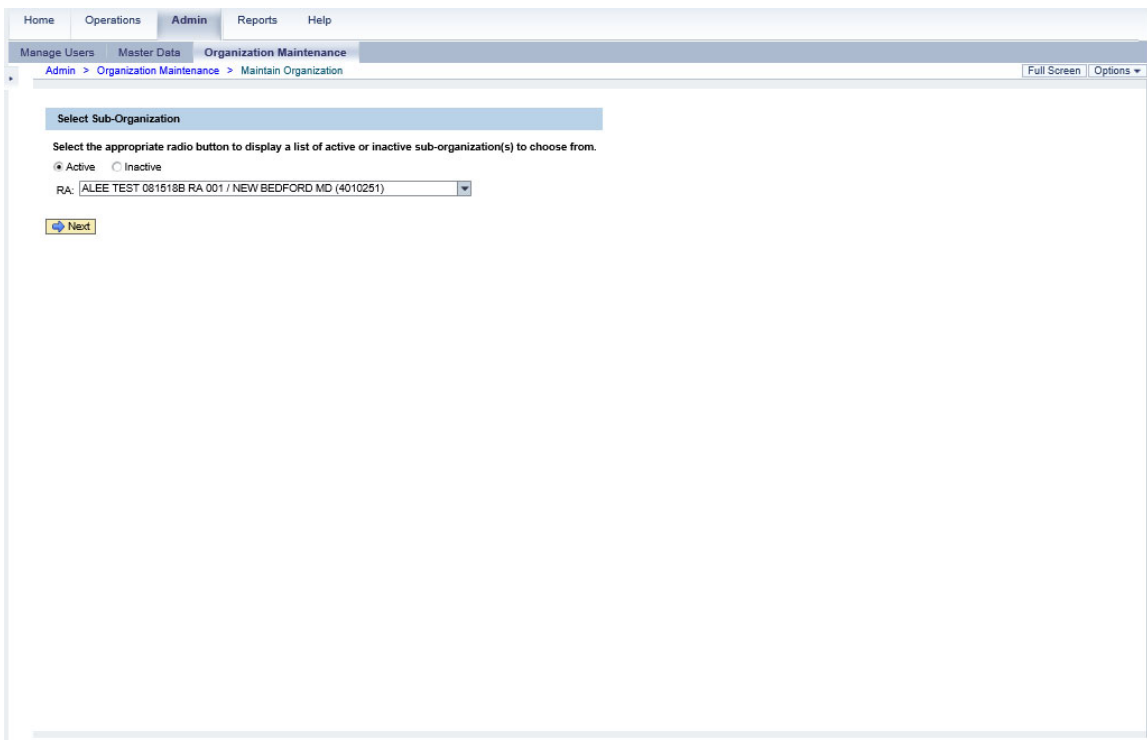

### Image: Maintain Organization Screen

3. Click [Update RA Organization](#) (the Update RA Organization button).

### Image: Maintain Organization Screen

4. Click (the **Drop-down** button) from the **RA** field to select the required RA.

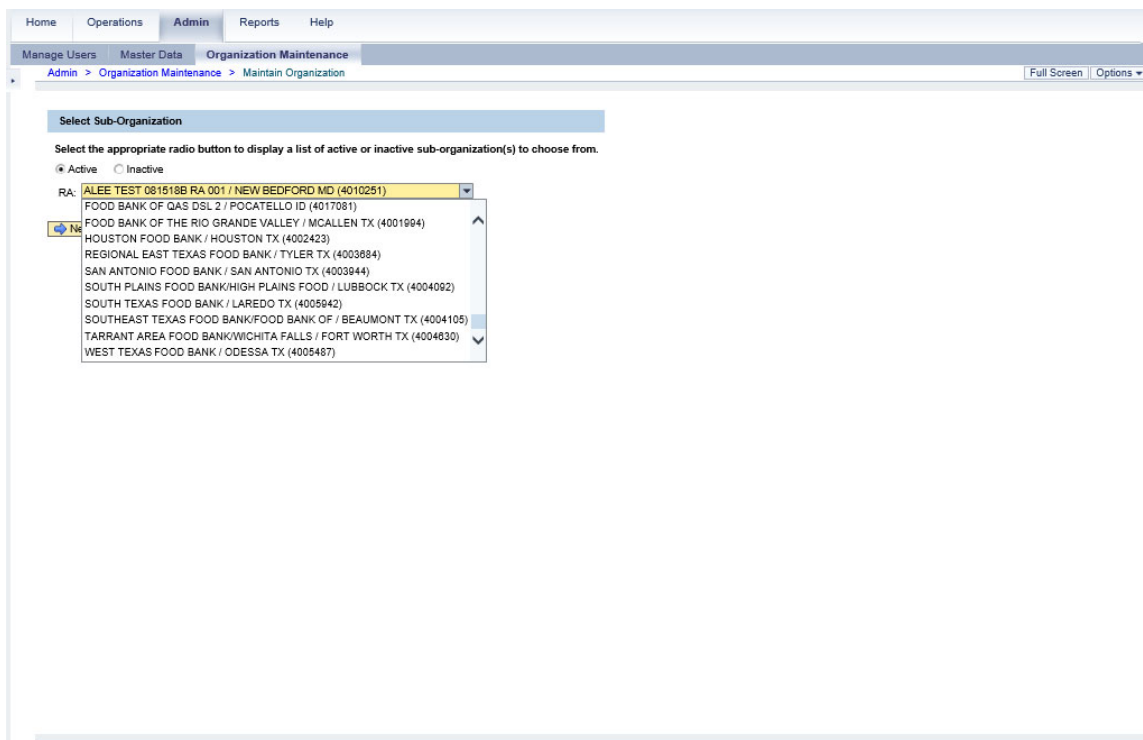

(Note) If the user is an **RA Org Admin**, their own organization's profile will be displayed, and will not have the option to select other RAs.

As an **SDA Org Admin**, the user will be able to choose from the RAs within their organization hierarchy.

(Note) WBSCM defaults to display active RAs in the drop-down when  **Active** (the **Active** radio button) is selected. If the user needs to display inactive RAs, click  **Inactive** (the **Inactive** radio button) prior to clicking (the **Drop-down** button) for the **RA** field.

**Image: Maintain Organization Screen**

5. Select the appropriate RA from the list. In this example, **WEST TEXAS FOOD BANK / ODESSA TX (4005487)** (the **WEST TEXAS FOOD BANK / ODESSA TX (4005487)**) is selected.

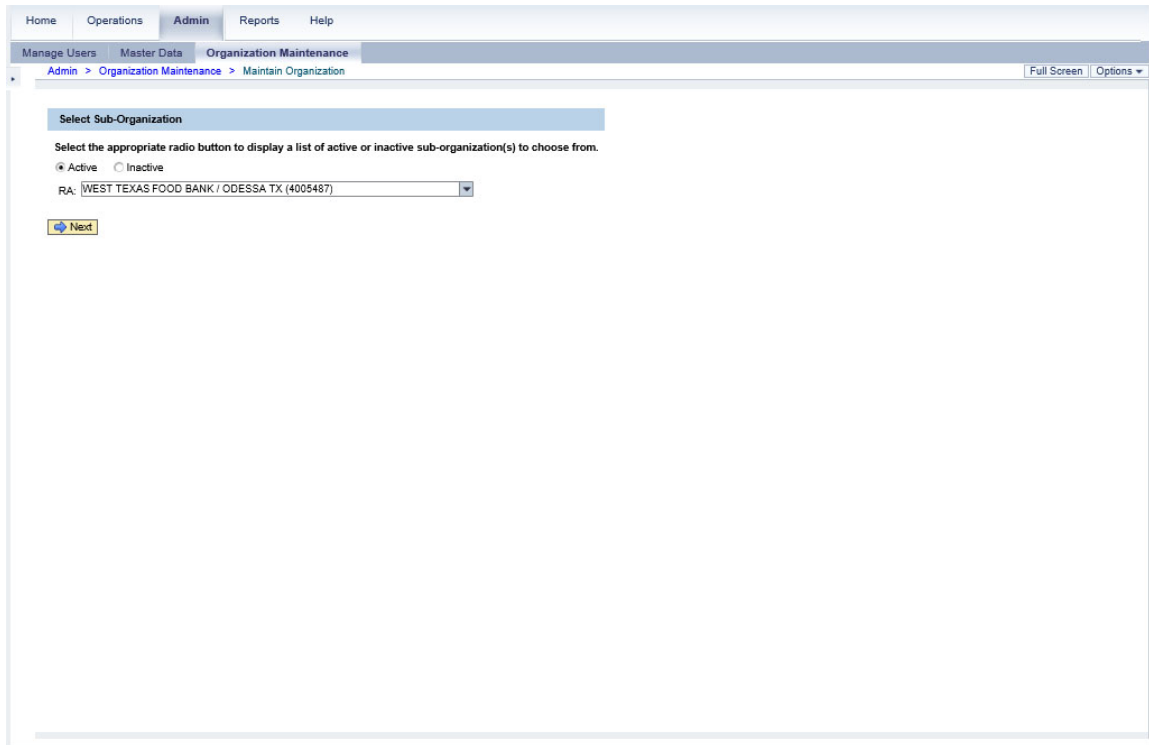

(Note) Only one RA can be modified at a time.

(Note) The available RAs are listed in alphabetical order by name. Use the vertical scrollbar to search through the list, or type the first letter of the name to select from RA organizations that start with that letter.

**Image: Maintain Organization Screen**

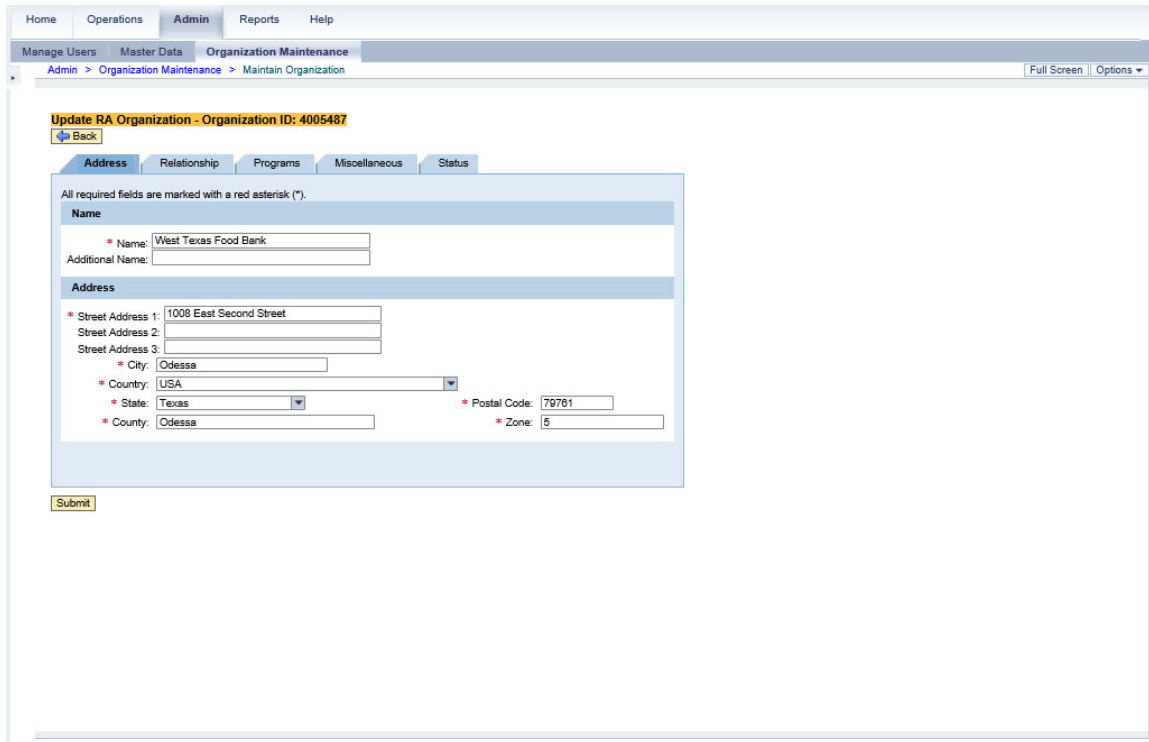

6. Click  (the **Next** button).

7. Perform one of the following:

## PROCESS OVERVIEW

### Purpose

The purpose of this procedure is to assist State Distributing Agency (SDA)/Indian Tribal Organization (ITO) Org Admins in assigning or un-assigning ship-to organizations to the Recipient Agencies (RAs) within their organizational hierarchy. While SDA/ITO Org Admins may manually update ship-to organization business partner relationships for RAs individually when needed, they can efficiently mass assign or un-assign ship-to organizations to multiple RAs in one transaction.

### Process Trigger

Use this transaction to mass assign or un-assign ship-to organizations to RAs.

### Prerequisites

- User ID must have the SDA/ITO Org Admin security role assigned to it.
- Ship-to organization must exist in WBSCM.
- RA must exist in WBSCM.
- The user's SDA/ITO must have RAs.

### Portal Path

Follow the Portal path below to complete this transaction:

- Select **Admin** tab → **Organization Maintenance** tab → **Maintain Organization** link → **Mass Assign/Un-assign Ship-To** link to go to the **Mass Assign/Un-assign Ship-To** screen.

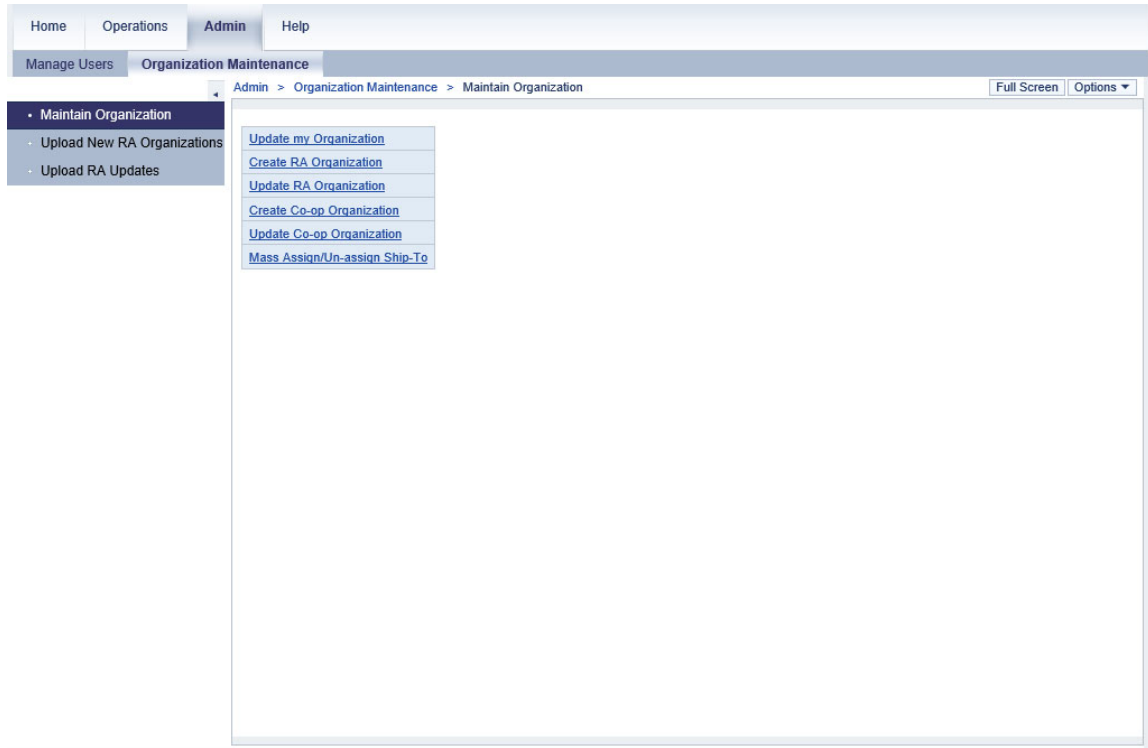

### Tips and Tricks

- The R/O/C acronyms in the field tables represent Required, Optional, or Conditional field entries.
  - **Required (R)** – a mandatory field necessary to complete the transaction
  - **Optional (O)** – a non-mandatory field not required to complete the transaction
  - **Conditional (C)** – a field that may be required if certain conditions are met, typically linked to completion of a mandatory field
- Refer to the WBSCM Portal Basic Navigation course for tips on creating favorites, performing searches, etc.

## PROCEDURE

1. Select **Admin** tab → **Organization Maintenance** tab → **Maintain Organization** link.

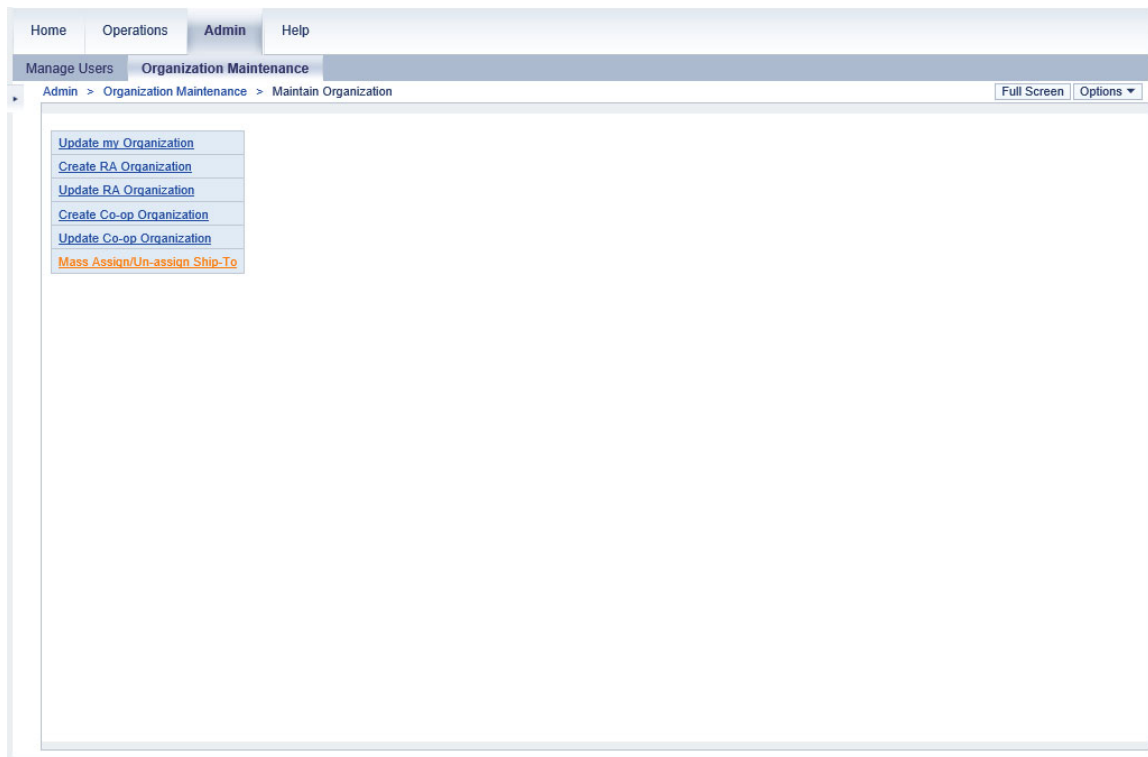

### Maintain Organization Screen

2. Click  (the **Hide Navigator** arrow) to minimize the Portal menu. Note this can be done on any transaction in WBSCM.

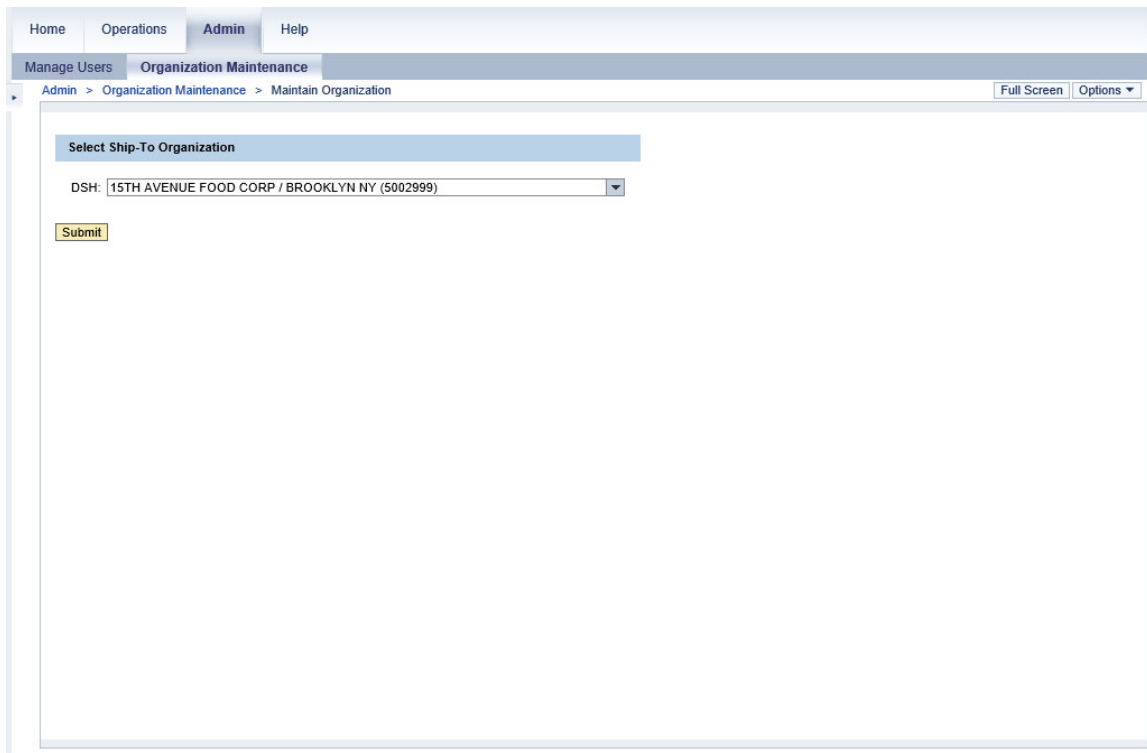

### Maintain Organization Screen

3. Click [Mass Assign/Un-assign Ship-To](#) (the **Mass Assign/Un-assign Ship-To** link) to mass assign/un-assign RAs to ship-to locations.

## Maintain Organization Screen

4. Click  (the **DSH:** drop-down) to view the available ship-to organizations assigned to SDA/ITO by FNS.

(Note) Type the first letter of the ship-to organization to go to the ship-to organizations that start with that letter.

(Note) To request a new ship-to organization for the SDA/ITO, domestic business partners should email FNS at [WBSCM-Ship-To@fns.usda.gov](mailto:WBSCM-Ship-To@fns.usda.gov). FNS will create or modify the ship-to organization, as needed, and assign it to the organization.

## RESULT

The ship-to organization has been assigned or unassigned to multiple Recipient Agencies (RAs) within the user's organizational hierarchy.

## PROCESS OVERVIEW

### Purpose

The purpose of this transaction is for State Distributing Agencies (SDAs) and Indian Tribal Organizations (ITOs) who place multi-food orders in WBSCM to establish non-delivery dates (dates when they will not be able to receive deliveries from the national warehouse). Using this transaction, an SDA or ITO may also display their current delivery calendar including all delivery and non-delivery dates and times already established in WBSCM.

### Process Trigger

Use this procedure to display your warehouse delivery schedule and to set up non-delivery dates.

### Prerequisites

- None.

### Portal Path

Follow the Portal path below to complete this transaction:

- Select **Operations** tab → **Order Processing** tab → **NW Delivery Calendar** folder → **Maintain National Warehouse Delivery Calendar** link to go to the *Maintain National Warehouse Delivery Calendar* screen.

### Tips and Tricks

- The R/O/C acronyms in the field tables represent Required, Optional, or Conditional field entries.
  - A Conditional field: an entry that becomes required as a result of entering something previous to it, which then deems it required
  - An Optional field: you may enter information in an optional field, but an entry is not required for the completion of the transaction
- Refer to WBSCM Portal Basic Navigation course for tips on creating favorites, performing searches, etc.

### Reminders

- Remember to check your work
- Refer to the Help Option (to the right of the screen) in the Portal for further assistance.

## PROCEDURE

1. Start the transaction using the following Portal path: **Operations** tab → **Order Processing** tab → **NW Delivery Calendar** folder → **Maintain National Warehouse Delivery Calendar**

The main content area is titled 'Maintain National Warehouse Delivery Calendar' and includes a 'Selection/Source Delivery Calendar' form with the following details:

- Organization: 0004000038 :KY Dept
- Ship-To Location: 0005000378 :15TH AV
- Program: CSFP
- Calendar Start Date: 10/23/2012

Below the form is a 'Repeat On' section with 'Day of Week' and 'Frequency: 01' fields. The 'Calendar' section features a date picker for 'Non-Delivery Dates' showing a calendar for October, November, and December 2012. The 29th and 30th of November are highlighted in red, indicating they are non-delivery dates. A legend below the calendar identifies the colors: ALL Day (light blue), PM (light green), AM (yellow), and Non Delivery Date (red). At the bottom of the calendar view are buttons for 'Save Changes', 'Cancel Changes', and 'Back to Selection'.

23. Notice that the **29th** and the **30th** are both indicted as non-delivery dates. The **30th** will change from orange to red when the next non-delivery date is selected.

You have completed this transaction.

Use the same process to remove non-delivery dates. (Click the non-delivery date and it will turn orange. Save your changes and refresh the calendar. The date will change to white, which signifies no status.)

**RESULT**

The transaction has been successfully completed.

## PROCESS OVERVIEW

### Purpose

A Co-op Organization is an organization that places orders in WBSCM on behalf of member Recipient Agencies (RAs). The purpose of a co-op is to leverage buying power by consolidating orders based on the needs of their RAs and submitting their combined order requests to the SDA for update or approval. Use this transaction to create a new Co-op Organization in WBSCM.

### Process Trigger

A Co-op Organization needs to be entered into WBSCM.

### Prerequisites

- RA(s) that should belong to a Co-op exist in WBSCM.
- Available business partners exist.

### Portal Path

Follow the Portal path below to complete this transaction:

- Select **Admin** tab → **Organization Maintenance** tab → **Maintain Organization** → **Create Co-op Organization** link to go to the *Create Co-op Organization* initial screen.

### Tips and Tricks

- The R/O/C acronyms in the field tables represent Required, Optional, or Conditional field entries.
  - A Conditional field: an entry that becomes required as a result of entering something previous to it, which then deems it required
  - An Optional field: you may enter information in an optional field, but an entry is not required for the completion of the transaction
- Refer to WBSCM Portal Basic Navigation course for tips on creating favorites, perform searches, etc.

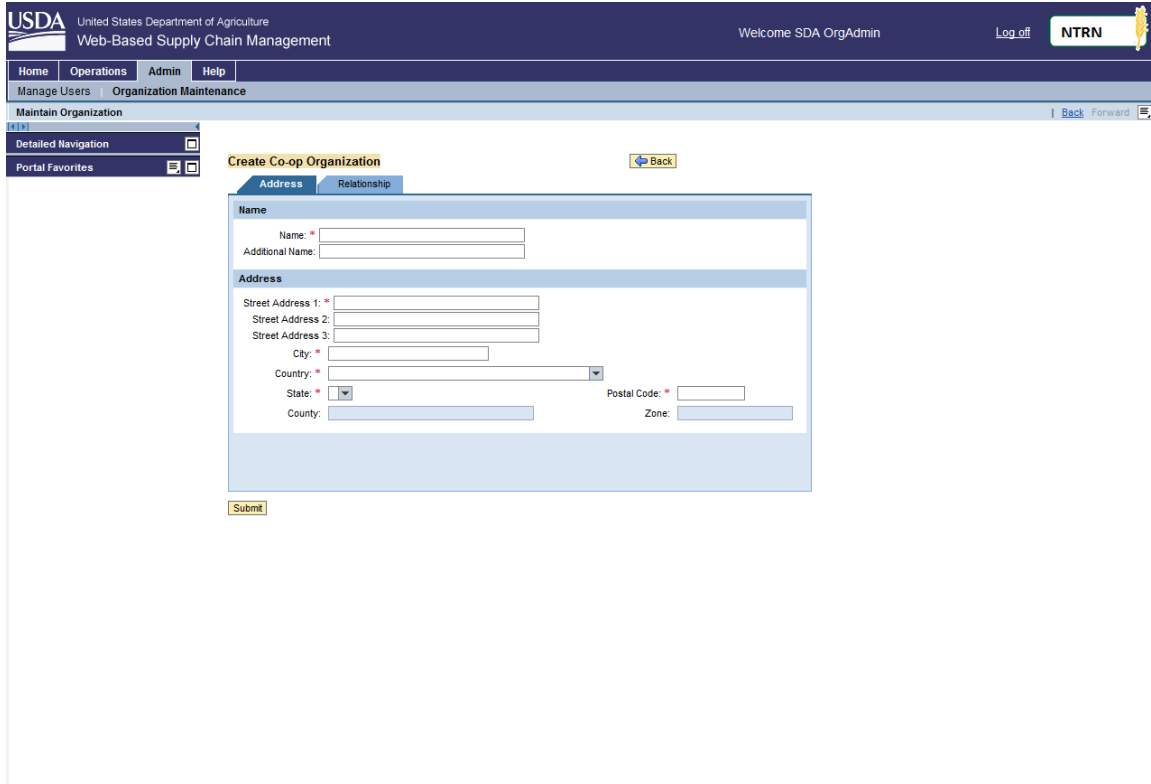

### Reminders

- Remember to check your work.
- Refer to the Help Option (to the right of the screen) in the Portal for further assistance.

**PROCEDURE**

1. Start the transaction using the following Portal path: **Admin tab → Organization Maintenance tab → Maintain Organization → Create Co-op Organization**

**Create Co-op Organization Screen**

2. As required, complete/review the following fields:

Field	R/O/C	Description
Name:	R	Person or company's name.  <b>Example:</b> Pueblo City School District 60
Street Address:	R	<b>Example:</b> 1902 Montezuma Road
City:	R	City where the Co-op organization is located.  <b>Example:</b> Pueblo
