

PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

GATES collects PII to support the following: Aerial Ports and Water Ports of Embarkation and Debarkation; Military Transportation Offices; Air Mobility Support Flights; Passenger Gateways; Navy Operated Air Terminals and Aerial Ports; SDDC Army and Navy Water Ports; Military airfields or installations (all services); any activity or agency responsible for initiating or receiving a request for movement of personnel and their baggage, manifesting, tracing, billing actions, and statistical data collection; and deployed fixed and non-fixed airfields throughout the world.

The PII collected by GATES: Citizenship, Driver's License, Home/Cell Phone, Military/Home Address, Work E-mail, Birth Date, Person E-mail, Rank/Grade, Security Information, DOD ID, Emergency Contact, Gender/Gender Information, Medical Information, Name(s), Other ID Number, PHI, Blood Type.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

Identifiable information must be collected to execute USTRANSCOM missions. Passenger records containing PII are used to: (1) prepare aircraft manifests for passenger identification processing and movement on military aircraft, commercial contract (charter) aircraft, and on seats reserved (blocked) on regularly scheduled commercial aircraft at military and civilian airports; (2) screen passengers for customs, immigration, and transportation security purposes; and (3) create manifests and records relating to the movement of personal property and human remains.

Records containing PII in this system are also used to: (a) develop billing data to the user Military Departments or other organizations; (b) determine passenger movement trends; (c) forecast future travel requirements; (d) identify, research, and resolve transportation related problems; and, (e) screening for customs, immigration, and transportation security purposes.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

Per AMCI 24-605, paragraph 2.4.2., GATES applicants see a Privacy Act statement at all the GATES passenger terminals on the collection of personal information. If an individual objects, the Privacy Act statement informs passengers that failure to provide the information could result in them not being accepted for travel on military aircraft.

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

GATES provides privacy advisory statement in written form and electronic format at the passenger terminals. Per AMCI 24-605, paragraph 2.4.2., a Privacy Act statement is displayed for the applicants at all the GATES passenger terminals of the collection of personal information.

"DISCLOSURE is voluntary; however, failure to provide the requested information may impede, delay or prevent further processing of this request." If an individual does not consent, they can decline to sign the form.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

Privacy Act Statement Privacy Advisory Not Applicable

Per AMCI 24-605, paragraph 2.4.2., the following Privacy Act statement displays for the applicants at all the GATES passenger terminals: "DISCLOSURE is voluntary; however, failure to provide the requested information may impede, delay or prevent further processing of this request."

Privacy Act statement reads as follows:

PRIVACY ACT STATEMENT

AUTHORITY: 10 U.S.C. 8013

PRINCIPAL PURPOSE: To apply for air travel SSN is needed for positive ID. [To comply with DODI 1000.30, Reduction of Social Security Number (SSN) Use within DOD, passenger service agents will use DOD identification (ID) numbers in lieu of SSN.]

ROUTINE USE(S): Records from this system of records may be disclosed for any of the blanket routine uses published by the Air Force.

DISCLOSURE IS VOLUNTARY: Disclosure of SSN is voluntary. However, failure to provide the information may result in member not being accepted for travel on military aircraft.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
 - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
 - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
