ATTACHMENT #16: Social Media Screener

Welcome to the Health and Media Study!

The FDA is developing education programs that aim to improve the health of youth and young adults.

- You are being asked to answer a few questions to see if you are eligible for a study of approximately 7,500 youth across the country.
- You may only complete this questionnaire one time.
- It will only take about 5 minutes to see if you are eligible. If you do not want to answer any questions, you may close out of the survey at any time.
- If we determine you are eligible, you will have the opportunity to continue and complete an additional online survey for \$25. You will have the choice between cash or a Visa gift card.
- You may only take that survey one time and you will only receive the \$25 one time if you complete it. If we find that you have completed the survey more than once, you may not receive the incentive. Once we complete this check, we will send you the \$25 in either cash or a gift card to the address you provide.
- Your answers to the questions will be kept private to the fullest extent allowable by law and your participation is voluntary. Please read our privacy policy before continuing.

If you have any questions about the survey, you can contact our project assistance line at 1-866-800-9177 (toll free) or email us at HealthAndMediaStudy@rti.org.

Do you agree to participate in this short survey?

- 1. Yes, I agree to participate in this short survey
- 2. No, I do not agree to participate in this short survey

Note: we do not screen anyone out **until the end of the screener (after e-mail)** in an effort to (1) not clue them into eligibility criteria and (2) capture their e-mail and other meta-data to ensure they don't take the screener multiple times after screening out.
