

Attachment 4

Sample Instrument: Youth Pre/Post Questionnaire

Please note: This is the same example questionnaire provided in Attachment 3. It could be used both before and after an intervention to assess change between two time points. It is provided here as a separate attachment to prevent confusion on the part 2 worksheet documentation.

Public reporting burden of this collection of information is estimated to average 50 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-1235).

This survey is about your experiences in school. The survey asks about a number of things in your in school. The survey will include questions about topics taught in schools, experiences with harassment and bullying and about sexual behaviors that cause AIDS, other sexually transmitted disease, and pregnancy. The information will be used to improve the school environment at your school so that students feel safer and will help to improve health behavior.

Because the survey is anonymous, no one will know your answers. DO NOT write your name on this survey. The answers you give will be kept private. Again, no one will know what you write. Answer the questions based on what you really do and what you really think.

Completing this survey is voluntary. That means you do not have to take it. Whether or not you answer the questions will not affect your grade in this class. If you are not comfortable answering a question, just leave it blank.

The questions that ask about your background will be used only to describe the types of students completing this survey. The information will NOT be used to find out your name. No names will ever be reported.

Make sure to read every question. Fill in the circles completely. When you are finished, follow the instructions of the person giving you the survey.

Thank you very much for your help!
