## Background

The Electronic Disability Case Processing System (EDCS) is a mature software application that has been in production for over 20 years. Due to the age of the application, any updates triggered by the new, streamlined SSA-454 form will follow the existing design approach in EDCS. This will help ensure easy adoption of new content while limiting the need for separate training on the newly implemented features.

# SSA - 454 Layout and Navigation

454 Left Navigation- used for all EDCS 454 pages

## EDCS Frame

This screenshot shows the layout of all EDCS pages.

## Things to note:

- The left-hand navigation tree displays links to each of the SSA-454 page screens.
- Individual page screens display in the Page Area
- Next/Previous buttons display at the bottom of the frame.
- To save space, the left nav and EDCS Frame content are not included in the SSA-454 screenshots depicting the updates
