THE PAPERWORK REDUCTION ACT OF 1995 (Pub. Introduction

We are reaching out today to request your help to support a new project: The Immigration Legal Services for Afghan Arrivals (ILSAA). ILSAA, on behalf of the Office of Refugee Resettlement (ORR) provides immigration legal services to Eligible Arriving Afghans (EAAs) across the country and helps build the capacity of immigration legal service providers. EAAs include Afghan humanitarian parolees, unaccompanied Afghan minors, and others with eligible status as defined in [ORR Policy Letter 22-01](#).

Thank you in advance for taking the time to complete this survey. The information you provide will help us understand the current strengths, challenges, and supports needed to provide legal services to EAAs. The survey should take about 20 minutes to complete, and your participation is voluntary. You may exit the survey at any time and are free to decline to answer any question. There are no foreseeable risks and no direct benefits from participating in this survey. Your responses will be kept private, reported in aggregate without identifying information, and shared with the Office of Refugee Resettlement.

Proceeding with the survey is an indication of your consent.

If you have any questions, please contact Amber Blatt, Knowledge Management Coordinator at Amber.Blatt@icf.com.

Definitions and Roles

We are asking for responses based on your primary role. You will then be directed to a set of questions specific to that group. Please indicate which of the following groups you are most closely affiliated with:

- **Legal Service Providers (LSPs)** for Eligible Arriving Afghans. **LSPs** are attorneys and paralegals at nonprofit organizations, law firms, universities and legal clinics, and other entities who provide legal services for Eligible Arriving Afghans (EAAs), including services supporting pathways to permanent residency, achieving temporary protected status (TPS), family reunification and other immigration-related legal assistance described in [ORR Policy Letter 22-11](#). LSPs can include ORR grantees who have received funding to provide immigration legal services to EAAs and who currently provide or will soon provide those services (as opposed to funneling funds to a sub-grantee).
- **State Refugee Coordinators OR ORR Grantees** (who are **not** Legal Service Providers) who are currently serving as a State Refugee Coordinator on behalf of the ORR. This group of providers are part of an organization that are recipients of federal or state funding for refugee services or is a preferred community grantee but is not directly providing immigration legal services to EAAs.
- **Unknown or Potential Legal Service Providers (e.g., LSPs working with other immigrant populations — not Afghans)**. My organization has never provided or has provided in the past but is not currently providing services to eligible arriving Afghans [EAAs] or a recipient of state or federal funding to support this refugee population.
