**TITLE OF INFORMATION COLLECTION:** Office of Planning, Research, and Evaluation  
HMRF Webinar Satisfaction Polls

**PURPOSE:** OPRE is interested in understanding how program, policy, and research audiences access, engage with, and use OPRE’s research findings and publications to inform their work. This poll will allow OPRE to continue its efforts to make research more accessible and actionable for the Healthy Marriage and Responsible Fatherhood (HMRF) program and practitioner audience (HMRF federal staff and grant recipients).

The proposed poll questions would collect information related to customer satisfaction with webinars on HMRF research and evaluation. The goal of the questions is to understand webinar attendee satisfaction with the research presented, the ability to apply the research to their settings, and if webinars are a preferred format for communication on research findings. Webinar poll participation is voluntary and all answers will be used for internal planning purposes. The data collected and reported will be descriptive in nature. The data will not be used to develop or publish formal official statistics.

**DESCRIPTION OF RESPONDENTS:** Webinar attendees, consisting of HMRF grant recipients, to include program directors, program staff, and local evaluators, as well as other family strengthening/social services practitioners, researchers, Federal staff, and consultants/contractors.
