

pressure and mutational rate, leading to the well-known seasonal variation of influenza virus. In contrast, the nucleocapsid viral protein (NP), located in the interior of the virus, is more conserved and an ideal antibody target; however, NP is inaccessible to extracellular antibodies produced in response to infection. To circumvent the challenge of targeting NP, scientists at NIAID have developed an antibody genetically fused with a cell penetrating peptide (CPP-mAb) that targets NP within infected cells to effectively inhibit viral replication. By targeting NP rather than the surface glycoproteins, this CPP-mAb can treat more influenza variants, potentially across flu seasons, and is an improvement upon current influenza treatments.

This technology is available for licensing for commercial development in accordance with 35 U.S.C. 209 and 37 CFR part 404, as well as for further development and evaluation under a research collaboration.

Potential Commercial Applications:

- **Clinical Treatment:** CPP-mAbs against influenza NP may be a reliable and effective method to treat patients infected with varying subtypes of influenza, by targeting a functionally conserved protein.

- CPP-mAbs could be a viable alternative to the treatment of influenza when other treatments are ineffective, potentially lowering the mortality and morbidity rates in populations susceptible to influenza infection.

Competitive Advantages:

- Current vaccines remain effective for a short time period, due to the ever-changing nature of the viral surface glycoproteins. CPP-mAbs could remain effective for a longer time period by targeting the interior NP of influenza, which is more conserved across influenza subtypes.

- Other attempts to produce vaccines against conserved portions of the surface viral glycoproteins have failed to produce a robust and reliable vaccine. CPP-mAbs could be a more reliable therapeutic agent compared to alternatives, potentially effective across flu seasons.

- *In vivo efficacy:* CPP-mAbs against NP increase survivorship in mice infected with mouse Influenza A virus, demonstrating therapeutic protection.

Development Stage:

- *Pre-Clinical.*

Inventors: Jonathon Yewdell, MD, Ph.D. and Ivan Kosik, Ph.D., both from NIAID.

Publications: Publication pending.

Intellectual Property: HHS Reference No. E-193-2021; US Provisional

Application No. 63/365,841, filed on June 3rd, 2022.

Licensing Contact: To license this technology, please contact Benjamin Hurley at 240-669-5092 or benjamin.hurley@nih.gov, and reference E-193-2021.

Collaborative Research Opportunity: The National Institute of Allergy and Infectious Diseases is seeking statements of capability or interest from parties interested in collaborative research to further develop, evaluate or commercialize this invention. For collaboration opportunities, please contact Benjamin Hurley; 240-669-5092, benjamin.hurley@nih.gov.

Dated: April 19, 2023.

Surekha Vathyam,

Deputy Director, Technology Transfer and Intellectual Property Office, National Institute of Allergy and Infectious Diseases.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2023-0011; OMB No. 1660-0015]

Agency Information Collection Activities: Proposed Collection; Comment Request; Revisions to National Flood Insurance Program Maps: Application Forms and Instructions for (C)LOMAs and (C)LOMR-Fs

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on an extension, with change of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning information required by FEMA to amend or revise National Flood Insurance Program (NFIP) maps to remove certain property from the one-percent annual chance floodplain.

DATES: Comments must be submitted on or before June 26, 2023.

ADDRESSES: To avoid duplicate submissions to the docket, please

submit comments at www.regulations.gov under Docket ID FEMA-2023-0011. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Bryan Anderson, FEMA, Federal Insurance & Mitigation Administration, at (202) 577-2397 or Bryanb.Anderson@fema.dhs.gov. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) is authorized by the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 *et seq.* The Federal Emergency Management Agency (FEMA) administers the NFIP and maintains the maps that depict flood hazard information. The land area covered by the floodwaters of the base flood is the Special Flood Hazard Area (SFHA) on NFIP maps. The SFHA is the area where the NFIP's floodplain management regulations must be enforced and the area where the mandatory purchase of flood insurance applies. If a SFHA has been determined to exist for property and the owner or lessee of the property believes his/her property has been incorrectly included in a SFHA, information can be provided to support removal of the SFHA designation. NFIP regulations, at 44 CFR parts 65 and 70, outline the data that must be submitted by an owner or lessee of property who believes their property has been incorrectly included in a SFHA. In order to remove an area from a SFHA, the owner or lessee of the property must submit scientific or technical data demonstrating that the area is "reasonably safe from flooding" and not in the SFHA.

This information collection is set to expire on July 31, 2023. FEMA is requesting a revision to the currently approved information collection.

Collection of Information

Title: Revisions to National Flood Insurance Program Maps: Application Forms and Instructions for (C)LOMAs and (C)LOMR-Fs.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0015.

FEMA Forms: FEMA Form FF-206-FY-23-104 (formerly 086-0-22) and FEMA Form FF-206-FY-23-104-A (formerly 086-0-22A (Spanish)), Application Form for Single Residential Lot or Structure Amendments to National Flood Insurance Program Maps; FEMA Form FF-206-FY-23-105 (formerly 086-0-26), Property Information Form; FEMA Form FF-206-FY-23-106 (formerly 086-0-26A), Elevation Form; and FEMA Form FF-206-FY-23-107 (formerly 086-0-26B), Community Acknowledgment Form.

Abstract: FEMA collects scientific and technical data submissions to determine whether a specific property is located within or outside of a SFHA. If the property is determined not to be within a SFHA, FEMA provides a written determination and the appropriate map is modified by a Letter of Map Amendment (LOMA) or a Letter of Map Revision—Based on Fill (LOMR-F), making it possible for the lending institution to waive the flood insurance requirement.

Affected Public: Individuals or households; Business or other for-profit institutions; State, Local or Tribal government.

Estimated Number of Respondents: 67,701.

Estimated Number of Responses: 67,701.

Estimated Total Annual Burden Hours: 71,234.

Estimated Total Annual Respondent Cost: \$3,474,941.

Estimated Respondents' Operation and Maintenance Costs: \$12,215,500.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$112,712.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Millicent Brown Wilson,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

[OMB Control No. 1615-0029]

Agency Information Collection Activities; Revision of a Currently Approved Collection: Application for Waiver of Grounds of Inadmissibility

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: 30-Day notice.

SUMMARY: The Department of Homeland Security (DHS), U.S. Citizenship and Immigration Services (USCIS) will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until May 25, 2023.

ADDRESSES: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, must be submitted via the Federal eRulemaking Portal website at <http://www.regulations.gov> under e-Docket ID number USCIS-2007-0042. All submissions received must include the OMB Control Number 1615-0029 in the body of the letter, the agency name and Docket ID USCIS-2007-0042.

FOR FURTHER INFORMATION CONTACT: USCIS, Office of Policy and Strategy, Regulatory Coordination Division, Samantha Deshommes, Chief, Telephone number (240) 721-3000

(This is not a toll-free number; comments are not accepted via telephone message.). Please note contact information provided here is solely for questions regarding this notice. It is not for individual case status inquiries. Applicants seeking information about the status of their individual cases can check Case Status Online, available at the USCIS website at <http://www.uscis.gov>, or call the USCIS Contact Center at (800) 375-5283; TTY (800) 767-1833.

SUPPLEMENTARY INFORMATION:

Comments

The information collection notice was previously published in the **Federal Register** on December 29, 2022, at 87 FR 80194, allowing for a 60-day public comment period. USCIS did receive 2 comments in connection with the 60-day notice.

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS-2007-0042 in the search box. The comments submitted to USCIS via this method are visible to the Office of Management and Budget and comply with the requirements of 5 CFR 1320.12(c). All submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and
