According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1840-0808. Public reporting burden for this collection of information is estimated to average 75 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (20 U.S.C. § 1123). If you have any comments concerning the accuracy of the time estimate, suggestions for improving this individual collection, or if you have comments or concerns regarding the status of your individual form, application or survey, please contact Carolyn Collins, Language Resource Centers Program, U.S. Department of Education, 400 Maryland Avenue, S.W., Mailstop OPE-258-40, Washington, D.C. 20202 directly.

Privacy Notice

Authorities: The following authorities authorize the collection of this information: 2 CFR § 200.207, under which the Federal awarding agency may only use application information collections approved by OMB under the Paperwork Reduction Act of 1995 and OMB's implementing regulations in 5 CFR part 1320 and in alignment with OMB-approved, governmentwide data elements available from the OMB-designated standards lead; 34 CFR § 655.30, which details the basis on which the U.S. Department of Education (Department) may evaluate applications for international education programs; and the Education Department General Administrative Requirements (EDGAR) and Government Performance and Results Act (GPRA) of 1993, which outline performance reporting requirements that are contingent on the collection of data from centers selected to receive funding under the Language Resource Centers (LRC) grant program.

Purpose: The purpose of collecting this information is to execute a merit review process for applications, with the objective of selecting recipients most likely to be successful in delivering results based on the LRC program objectives. Collected information will also be used in monitoring grant implementation and performance.

Disclosures: Information about LRC applicant institutions and associated staff will be shared with individuals selected to serve as peer reviewers during the LRC panel review process. Readers who serve on the peer review panels are selected based on their expertise in the specialized area studies, international studies, and modern foreign language(s) necessary to effectively review, score, and rank the applications assigned to them. Project abstracts as well as Project Director names and email addresses for institutions selected to receive funding will be shared on the Department's website. While other individual information will not be disclosed outside of the International and Foreign Language Education (IFLE) office, there may be circumstances where information may be shared with a third party, such as a Freedom of Information Act request, court orders or subpoena, or if a breach or security incident occurs that affects grant record systems, etc.

Consequences of Failure to Provide Information: Individuals representing the LRC are required to provide the information identified above to obtain an account on the Department's G5 grant management system and IFLE's International Resource Information System (IRIS) project monitoring website. Failure to do so may result in not receiving an account.

Dear Applicant Letter

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF POSTSECONDARY EDUCATION

Dear Applicant:

Thank you for your interest in applying for a fiscal year (FY) XXXX grant under the Language Resource Centers (LRC) program (Assistance Listing Number 84.229A). This application booklet includes information about the program, instructions, and the forms required to submit a complete application package to the U.S. Department of Education (Department). We strongly recommend that you read the entirety of the application booklet before you begin preparing your proposal.

The LRC program provides grants to institutions of higher education to establish, strengthen and operate centers that serve as resources for improving the nation's capacity for teaching and learning world languages. LRCs develop language learning materials, provide professional development opportunities for teachers, and conduct research to strengthen foreign language teaching and learning. Centers help prepare U.S. students, teachers, faculty, and school administrators to succeed in global business and in fields like intelligence and national security.

This program is among several programs that the International and Foreign Language Education office administers to respond to the ongoing national need for individuals with expertise and competence in world languages and area or international studies and contribute to developing a globally competent workforce able to engage with a multilingual/multicultural clientele at home and abroad.

You may view more information about the LRC program at: www.ed.gov/programs/iegpslrc/index.html.

For the FY 2026 competition, there is one **absolute priority** and one **competitive preference priority**. Please refer to the [Notice Inviting Applications \(NIA\)](#) published in the Federal Register and included in this application package for further information about the competition priorities.

We appreciate your interest in this program and look forward to receiving your application.

Sincerely,

Sarah Beaton
Director, Advanced Training and Research Division
International and Foreign Language Education (IFLE)

Competition Highlights

1. COMPETITION PRIORITIES

There is one **absolute priority** and one **competitive preference priority** for the FY 20XX LRC program competition. We will consider only applications that meet the absolute priority. We will award up to an additional 5 points to an application, depending on how well the application meets the competitive preference priority.

Absolute Priority – Specific Foreign Languages for Study or Materials Development.

Applications that propose activities with a significant focus on the teaching and learning of any modern foreign languages except French, German, and Spanish.

We will consider ONLY applications that meet this priority.

Competitive Preference Priority 2 – Promoting Equity in Student Access to Educational Resources and Opportunities (up to 5 points).

Projects that will be implemented by or in partnership with one or more of the following entities:

- (1) Community colleges (as defined in the Notice Inviting Applications (NIA)).
- (2) Historically Black colleges and universities (as defined in the NIA).
- (3) Tribal Colleges and Universities (as defined in the NIA).

- (4) Minority-serving institutions (as defined in the NIA).

We will award up to five additional points to an application that meets this priority.

Please note that these priorities are explained in detail in the Federal Register Notice contained in this application package (pages 26-50). We advise you to fully review the notice carefully before preparing your application.

The Notice Inviting Applications (NIA) published in the Federal Register constitutes the official competition guidelines. An applicant should not rely upon external information that is inconsistent with the application preparation guidelines and submission instructions presented in the NIA.

2. SUBMISSION PROCEDURES

Grants.gov and Electronic Submission

LRC applications for FY 20XX must be submitted electronically using e-Application, accessible through the Department's e-Grants website at www.grants.gov. We advise that you acquaint yourself with the requirements of Grants.gov early. A more thorough discussion about Grants.gov is included under "Grants.gov Submission Procedure & Tips for Applicants" on pages 19-22 in this application package.

Once you download the LRC application package from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the application file(s) on your computer, because you will need to log on to Grants.gov to upload and submit the application.

Grants.gov is accessible through its portal page at:

www.grants.gov

For help with Grants.gov, contact the Support Desk:

Call (toll-free): 1-800-516-4726

Email: Support@grants.gov

The Support Desk is available 24 hours, 7 days a week, except Federal holidays.

Deadline Information

Your application must be received on or before the deadline date and time: 11:59:59 p.m. Eastern Time, [INSERT DATE Month XX, 20XX]. Late applications will not be accepted. **We suggest that you submit your application several days before the deadline.** The Department is required to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date and time.

Technical Notes

- Grants.gov does not allow applicants to “un-submit” applications. If you discover that changes or additions are needed once your application has been accepted and validated by the Department, you must “re-submit” the application on or before the application deadline. If the Department receives duplicate applications, it will accept and process the application with the latest “date/time received” validation.
- You must submit an electronic application before 11:59:59 p.m. Eastern Time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement. If you think you might need an exception, you should review the exception requirements early in the application preparation process.

The requirements for obtaining an exception to the electronic submission are included in the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768) and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

The Department must receive your written statement that you qualify for one of the exceptions described in the Common Instructions and that you intend to submit a paper application no later than two weeks (14 calendar days) before the application deadline date. If you mail your written statement to the Department, it must be postmarked no later than [INSERT DATE Month XX, 20XX]. Please send this statement to: Carolyn Collins, U.S. Department of Education,

International and Foreign Language Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

3. APPLICATION NOTES

- **Suggested Page Limit:** The suggested maximum length for the Application (Project) Narrative (Part III) is 50 pages. The Application (Project) Narrative is where you address the selection criteria that the peer reviewers will use to evaluate your application. The NIA contains the standards for preparing the Application (Project) Narrative.
- **Project Abstract:** Applicants are required to submit a Project Abstract. The suggested length and format for the abstract is one page, single-spaced. The abstract should include the name of the applicant institution, title of the project, name and contact information for the Project Director, and a brief overview of the proposed project. Upload your project abstract into the “ED Abstract Narrative Form” area in the e-Application.

Supplemental Information

The following information supplements the information provided in the “Dear Applicant” letter and the Federal Register notice.

1. Additional Attachments to Applications

Please limit additional attachments to the following:

- a. Curricula vitae of key personnel and professional staff directly involved in the applicant’s program;
- b. Position descriptions for proposed personnel for the project;
- c. Letters of support; and
- d. List of acronyms

NOTE: These appendices must be attached to the “Other Attachments Form” in the Grants.gov application package.

2. Performance Period

The estimated grant performance period for the FY 20XX grant cycle is from August 15, 20XX to August 14, 20XX.

3. Evaluation of Applications for Awards

A three-member panel of independent reviewers evaluates each application. Each reviewer assigns points for each selection criterion and prepares evaluation comments.

4. Selection Criteria

The selection criteria in 34 CFR sections 655.31 and 669.21 are used to evaluate applications. The selection criteria and maximum possible points are included in this booklet on pages 68-72.

The Secretary will select an application for funding in rank order, based on the application’s total score for the selection criteria. If there are insufficient funds to fund all applications with the same total score, the Secretary will choose among the tied applications using Criterion 1: Need for the Project as a tiebreaker.

5. Notifying Successful Applicants

If your application is successful, we will notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); **or** we may send you an email containing a link to access an electronic version of your GAN in G5, the Department’s Grant Management System. The email will be sent to both the project director and certifying representative in order for them to view and print the Adobe Acrobat version of the electronically signed GAN. If neither the project director nor certifying representative is registered in G5, they will immediately be prompted to register once the link is accessed. **The Department’s electronic signature and**

issuance of the GAN makes it crucial that your application include correct email addresses for both the project director and the certifying representative.

6. Notifying ineligible or unsuccessful applicants

If your application is not evaluated or not selected for funding, we notify you in writing.

7. Technical Review Forms

All applicants will receive copies of the peer reviewers' evaluations.

8. Reporting Requirements

If you receive a FY 20XX new grant award, you will be required to submit annual and final performance reports during the entire funding cycle using the International Resource Information System (IRIS). This online system collects narrative, data, and budget information about funded projects to enable program officers to determine if a grantee is making substantial progress toward meeting the approved project objectives. At the end of the project period, grantees are required to submit both a final performance report and a federal financial report (SF-425).

If you wish to view the performance report currently required, visit the IRIS website at:

<http://iris.ed.gov/iris/pdfs/LRC.pdf>

Please be advised that the report is for informational purposes only, and does not reflect the actual reporting instrument that you will use, should you receive a FY 20XX grant award.

Common Instructions for Applicants to Department of Education Discretionary Grant Programs

1. Address to Request Application Package

You can obtain an application package from the Department's website or Grants.gov. To obtain a copy via the Department's website, use the following address:

www.ed.gov/fund/grant/apply/grantapps/index.html.

2. Content and Form of Application Submission

Requirements concerning the content and form of an application, together with the forms you must submit, are in the application package for the program.

3. Submission Dates and Times

Submit applications for grants under the program electronically using Grants.gov. For information (including dates and times) about how to submit your application electronically, please refer to Other Submission Requirements in section 5 of these instructions.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed in the FOR FURTHER INFORMATION CONTACT section in the competition NIA. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in the competition NIA.

4. Assistance Listing Number, Taxpayer Identification Number, and System for Award Management

To do business with the Department, and to submit your application electronically using Grants.gov, you must—

- a. Have a Assistance Listing Number (ALN) and a Taxpayer Identification Number (TIN);
- b. Register both your ALN and TIN with the System for Award Management (SAM.gov), the Government's primary registrant database;
- c. Provide your ALN and TIN on your application; and
- d. d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following website:

<http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service (IRS). If you are an individual, you can obtain a TIN from the IRS or the

Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM.gov database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We recommend that you register early.

If you are unable to submit an application on Grants.gov by the application deadline because you do not have an active SAM registration, you will not be considered for funding.

Note: Once your SAM.gov registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, Grants.gov. If you are currently registered with SAM.gov, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Note: You must update your SAM registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM.gov or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: www2.ed.gov/fund/grant/apply/samfaqs.html.

In addition, in order to submit your application via Grants.gov, you must (1) register as an applicant using your DUNS number and (2) be designated by your organization's E-Biz Point of Contact as an Authorized Organization Representative (AOR). Details on these steps are outlined at the following Grants.gov web page: www.grants.gov/web/grants/register.html.

5. Other Submission Requirements

a. Electronic Submission of Applications

We are participating as a partner in the Government-wide Grants.gov site. Submit applications electronically using Grants.gov and do not email them unless explicitly allowed in a competition NIA.

A Grants.gov applicant must apply online using Workspace, a shared environment where members of a grant team may simultaneously access and edit different web forms within an application. An applicant can create an individual Workspace for each application and establish for that application a collaborative application package that allows more than one person in the applicant's organization to work concurrently on an application. The Grants.gov system also enables the applicant to reuse forms from previous submissions, check them in and out to complete them, and submit the application package. For access to further instructions on how to apply using Grants.gov, refer to: www.grants.gov/web/grants/applicants/apply-for-grants.html.

You may access the electronic grant applications at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.229, not 84.229A).

Please note the following:

- Applicants needing assistance with Grants.gov may contact the Grants.gov Support Center either by calling 1-800-518-4726 or by sending an email to support@grants.gov. The Grants.gov Support Center is available 24 hours a day, seven days a week, except for Federal holidays.

Applicants needing assistance from Principal Office staff with their applications should contact the person listed in the FOR FURTHER INFORMATION CONTACT section in the competition NIA during normal business hours and no later than 5:00 p.m., Eastern Time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your internet connection. Therefore, we recommend that you leave yourself plenty of time to complete your submission.
- Applications received by Grants.gov are date- and time-stamped upon submission. **Your application must be fully uploaded and submitted and must be date- and time-stamped by the Grants.gov system no later than 11:59:59 p.m., Eastern Time, on the application deadline date.** Except as otherwise noted in this section, we will not accept your application if it is received—that is, date- and timestamped by the Grants.gov system—after 11:59:59 p.m., Eastern Time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was late. Receipt of a date- and timestamp does not mean that your application meets program eligibility requirements described in the application package.
- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for the program to ensure that you submit your application on time. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov. In addition, for specific guidance and procedures for submitting an application through Grants.gov, please refer to the Grants.gov website at: www.grants.gov/web/grants/applicants/apply-for-grants.html.
- When you submit your application electronically, all documents must be submitted in this manner, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental

Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. Although applicants have the option of uploading any narrative sections and all other attachments to their application in either PDF or Microsoft Word, we recommend applicants submit all documents as read-only flattened PDFs, meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files, to better ensure applications are processed in a more timely, accurate, and efficient manner. If you choose to submit your application in Microsoft Word, you may do so using any version of Microsoft Word (i.e., a document ending in a .doc or .docx extension). If you upload a file type other than PDF or Microsoft Word or if you submit a password-protected file, we will be unable to review that material. Please note that this will likely result in your application not being considered for funding. The Department will not convert material from other formats to PDF or Microsoft Word.
- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. Grants.gov also will notify you automatically by email if your application met all of the Grants.gov validation requirements or if there were any errors (such as submission of your application by someone other than a registered AOR, issues with your DUNS number, or inclusion of an attachment with a file name that contains special characters). You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of your application.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application from Grants.gov and send you an email with a unique PR/Award number for your application.

Email confirmations and receipts from Grants.gov do not indicate receipt by the Department, nor do they mean that your application is complete or has met all application requirements. While your application may have been successfully validated by Grants.gov, it also must be reviewed in accordance with the Department's application requirements as specified in the competition NIA and in these application instructions. It is your responsibility to ensure that your submitted application has met all of the Department's requirements.

Additionally, we may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System

If you experience problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk immediately, toll-free, at 1-800-518-4726. The Grants.gov Support Center will provide you with a Support Desk Case Number documenting your communication.

You must retain your Support Desk Case Number for future reference as proof of your communication with the Support Center. Please subsequently contact the person listed in the FOR FURTHER INFORMATION CONTACT section in the competition NIA and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems within the Grants.gov system, we will grant you an extension until 11:59:59 p.m., Eastern Time, the following business day to enable you to transmit your application electronically, provided we can verify the technical issues affected your ability to submit your application on time via your Grants.gov Support Desk Case Number.

Note: The extensions to which we refer in this section apply only to technical problems with the Grants.gov system. We will not grant you an extension if you failed to fully register in order to submit your application to Grants.gov (including with the required DUNS number and TIN currently registered in SAM) before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

b. Submission of Paper Applications

We discourage paper applications, but if electronic submission is not possible (e.g., you do not have access to the internet), you must provide a written statement that you intend to submit a paper application. Send this written statement no later than two weeks before the application deadline date (14 calendar days or, if the 14th calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday).

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. Please send this statement to the person listed in the FOR FURTHER INFORMATION CONTACT section of the competition NIA.

If you submit a paper application, you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (CFDA Number)
LBJ Basement Level 1
400 Maryland Avenue SW
Washington, DC 20202-4260.

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.
- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
- (3) A dated shipping label, invoice, or receipt from a commercial carrier.

- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

We will not consider applications postmarked after the application deadline date.

Note for Mail Delivery of Paper Applications

If you mail your application to the Department—

- (1) You must indicate on the envelope and in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and
- (2) The Application Control Center will notify you of the Department's receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the Application Control Center at (202) 245-6288.

Accessible Format

Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the program contact person listed under FOR FURTHER INFORMATION CONTACT.

The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.
 - a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: www.grants.gov/web/grants/applicants/adobe-software-compatibility.html
 - b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

- c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.
3. Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.
4. Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

Helpful Reminders

1. **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: www.grants.gov/web/grants/register.html [Note: Your organization will need to update its SAM registration annually.]
Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: www2.ed.gov/fund/grant/apply/sam-faqs.html
2. **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 11:59:59 p.m. Eastern Time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3. VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m. Eastern Time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link. If the date/time received is later than 11:59:59 p.m. Eastern Time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: <mailto:support@grants.gov> or access the Grants.gov Self-Service Knowledge Base web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is required, you must submit an electronic application before 11:59:59 p.m. Eastern Time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please go to www.grants.gov/web/grants/support.html for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: www.grants.gov/web/grants/applicants/applicant-faqs.html as well as additional information on Workspace at www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. Although applicants have the option of uploading any narrative sections and all other attachments to their application in either PDF or Microsoft Word, we **recommend** applicants submit all documents as read-only flattened PDFs, meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files, to better ensure applications are processed in a more timely, accurate, and efficient manner.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can

result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

Performance Indicators for the LRC Program

The Department of Education has prepared a strategic plan for 2022-2026. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The 2022-2026 plan includes the following five goals:

Goal 1: Promote equity in student access to educational resources, opportunities, and inclusive environments.

Goal 2: Support a diverse and talented educator workforce and professional growth to strengthen student learning.

Goal 3: Meet students' social, emotional, and academic needs.

Goal 4: Increase postsecondary value by focusing on equity-conscious strategies to address access to high quality institutions, affordability, completion, post-enrollment success, and support for inclusive institutions.

Goal 5: Enhance the Department's internal capacity to optimize the delivery of its mission.

What are the Performance Indicators for the Language Resource Centers (LRCs)?

The LRC program provides grants for establishing, strengthening and operating centers that serve as resources for improving the nation's capacity for teaching and learning foreign languages through teacher training, research, materials development and dissemination projects. The following performance measures have been established to assess the effectiveness of the LRC program.

1. Percentage of LRC products or activities judged to be successful by LRC customers with respect to quality, usefulness and relevance.
2. Percentage of LRC products judged to be successful by an independent expert review panel with respect to quality, usefulness and relevance.
3. Efficiency: Cost per LRC project that increased the number of training programs for K-16 instructors of LCTLs.*

* The U.S. Department of Education International and Foreign Language Education office will be able to calculate this measure based on future LRC performance reports submitted to the IRIS reporting system. Applicants must define how they will collect and report data for the measure when they develop their proposed projects. **Successful LRC applicants** (later grantees) will be required to collect data on LRC performance measures, and report those data to the U.S. Department of Education in the IRIS reporting system.

Guidance to LRC Program Applicants

The Title VI international education programs' overarching goal is to maintain a U.S. higher education system with the capacity to produce experts in less commonly taught languages and area studies who are capable of contributing to the needs of U.S. government, academic and business institutions. Each IFLE grant program addresses a specific objective related to this overarching goal. The objective of the LRC program is to strengthen and improve K-12 and undergraduate instruction in foreign languages. The overriding goal of all LRC projects is to develop prototypes for teaching and measuring performance that can be applied broadly and used as resources to improve foreign language education nationally. The LRC program provides grants to establish, strengthen and operate centers that provide teacher training, research, materials development and dissemination projects to improve teachers' abilities to teach and students' capacities to learn foreign languages.

Addressing the Selection Criteria and Priorities

The selection criteria for this program are from 34 CFR 655.31 and 669.21 and are listed in this application package. Applications will be evaluated according to the specific selection criteria specified in the Notice and this package.

Absolute Priority

Note: The FY 2026 LRC program competition has one absolute priority. Only applications that meet this priority will be considered for funding.

Absolute Priority: Specific Foreign Languages for Study or Materials Development.

Background: Under 34 CFR 669.22(a)(2), the Department may establish a priority for specific foreign languages for study or materials development. For the absolute priority, we took into

consideration the findings in the Modern Language Association (MLA) survey of fall 2016 undergraduate and graduate enrollments in language courses at 2,547 postsecondary institutions in the United States. Of 1,417,921 total enrollments, the three most-studied modern foreign languages included Spanish, with 712,240 enrollments or 50 percent; French, with 175,667 enrollments or 12 percent; and German, with 80,594 enrollments or 6 percent. Together, these three languages represented 968,501, or 68 percent, of enrollments. Other languages, with 34,830 enrollments, constituted 25 percent of enrollments for the same period.

The findings in the MLA survey are consistent with the definition of “Less Commonly Taught Languages” (LCTLs) used by the Center for Advanced Research on Language Acquisition (CARLA). CARLA defines LCTLs as “all of the world’s languages except English, French, German, and Spanish.”

Absolute Priority: Applications that propose activities with a significant focus on the teaching and learning of any modern foreign languages except French, German, and Spanish.

3. **Human Subjects Research.** (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information for SF-424.”)

If Not Human Subjects Research. Check “**No**” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “**Yes**” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “**Yes**” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF-424.”)

- 3a. **If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check “**Yes**” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF-424.”
- 3a. **If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check “**No**” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF-424

3a. Human Subjects Assurance Number. If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter "None." In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's

regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the

information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation.

If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services

under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked “Yes” for Item 3 of Department of Education Supplemental Information for SF-424, the applicant must provide a human subjects “exempt research” or “nonexempt research” narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and

Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent:

Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

***Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the U.S. Department of Education, Protection of Human Subjects Coordinator, Office of the Chief Financial Officer, LBJ Building, 400 Maryland Avenue, SW, Washington, D.C. 20202-4250, telephone: (202) 260-3353, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site:

Section A – Budget Summary

U.S. Department of Education Funds

All applicants must complete Section A and provide a break-down by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

(2): If you checked “yes” in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check “Other,” specify the name of the Federal agency that issued the approved agreement. (3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c) (2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section B – Budget Summary

Non-Federal Funds

Section C - Budget Narrative [Attach Separate Sheet(s)]

Pay attention to applicable program specific instructions, if attached

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review the requirements for cost sharing and matching regulations, which include specific limitations, in 2 C.F.R. §200.306, applicable to non-Federal entities]

If applicable to this program, provide the rate and base on which fringe benefits are calculated.

3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at:
www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.

Instructions: Budget Summary Form & Itemized Line Item Budget

NOTE: Applicants to the LRC program must submit:

1. The ED Form 524 summary budget form that categorizes the requested federal funds for the project period (up to 48 months) (ED Form 524, Section A);
AND
2. A detailed line item budget with narrative justification.

The budget summary is to be presented on the “Budget Section A- Non-Construction Program” form (ED Form 524).” You are not required to include Budget Section B because the LRC program does not require cost sharing or matching.

The detailed line item budget with notes that describe the funding being requested for each budget period should be included in the “Budget Narrative Attachment,” which requests information on the applicant’s financial plan for carrying out the project. **You should also put an asterisk next to items on the detailed budget related to the absolute priority and the competitive preference priority for the FY 2026 competition.**

Applicants should describe how all costs support project activities. For each line item, provide detailed costs and narrative justification to support your request. Please check all figures and combined totals and compare line item budget figures to those on the ED Form 524.

The line items that may be supported with grant funds include the following:

1. **Personnel:** Enter only the project personnel salaries and wages. [Fees and expenses for consultants should be included on line 8.] The budget should include the total commitment of time and the total salary to be charged to the project for each key staff person. A breakdown of project personnel should include: position titles, percent of time and number of months committed to the project for each key staff member, salary for each key staff member and total salary costs to be charged to the grant.
2. **Fringe Benefits:** On line 2 (ED Form 524), enter the amount of fringe benefits. The institution’s normal fringe benefit contribution may be charged to the program. Leave this blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs. In the budget, include an explanation and appropriate justification if the institution’s normal fringe benefit contribution exceeds 20 percent of salaries.
3. **Travel:** On line 3 (ED Form 524), provide the travel costs for project personnel. [Consultants’ travel should be included on line 8.] In the budget, you should detail the proposed travel costs: for each trip, explain the purpose and objective of the travel and provide the number of persons traveling. Travel costs should not exceed economy class fares. For automobile mileage, the established institution rate should be used. Reimbursement is allowed for taxi, bus, train or van

transportation. Per diem at the established institution rate is permitted when an individual is away from home overnight on official project business (see 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards). Foreign travel can be authorized under the grant.

4. Equipment: On line 4 (ED Form 524), indicate the cost of equipment -- non-expendable personal property, which has a usefulness of greater than one year and an acquisition cost of \$5,000 or more per unit. [Consistent with an applicant's policy, a lower dollar amount may be used to define equipment.] In the budget, explain why the requested equipment is necessary to carry out project activities and include a list of all equipment in the following format: item, quantity, cost per unit and total cost.
Note: no more than 15% of your total budget can be used in this category.
5. Supplies: On line 5 (ED Form 524), include the costs of all tangible personal property that was not included as "equipment" on line 4. In the budget, provide an itemized list of the supplies.
6. Contractual: Not applicable. Leave blank.
7. Construction: Not applicable. Leave blank.
8. Other: On line 8 (ED Form 524), indicate all direct costs not covered on lines 1 through 5. The costs/fees for consultants and consultants' travel should be included here. Examples of "other" costs are: equipment rental, required fees, communications costs, rental of space, utilities, custodial services and printing costs. In the budget, provide a breakdown of all direct costs not clearly covered by other budget categories.

Evaluators and Consultants: If the project proposes to use external/outside evaluators and consultants, identify the consultants who will work on the project, the scope of work to be performed by each consultant and justify why project personnel cannot perform this work. Also, provide a detailed breakdown of the costs (daily fees to be paid, estimated number of days of services and all travel expenses, including per diem). Cost allowances for consultant fees, honoraria, per diem and travel should not exceed amounts permitted by comparable institutional policies.

9. Total Direct Costs: On line 9 (ED Form 524), provide the total direct costs requested – the sum of lines 1 through 8.
10. Indirect Costs: On line 10 (ED Form 524), provide the amount of indirect costs that you propose to charge against the grant.

NOTE: Indirect costs are limited to 8 percent of a modified total direct cost base. {See EDGAR, 34 CFR 75.562 (c)}

11. Training Stipends: Not applicable. Leave blank.
12. Total Cost: On line 12 (ED Form 524), provide total amount that you are requesting – the sum of lines 9 and 10. Note: This amount should be the same as that shown as 14a on the SF-424.

Frequently Asked Questions

1. Our center has received an LRC grant in the past. Is it appropriate to refer to this in our application?

Yes; however, IFLE strongly suggests that you refrain from referring to your proposal as an application for "renewal" of your grant. A new competition for grant awards is held every four years. In selecting applications for funding, no preference is given to applicants who have received LRC grants in the past.

2. What techniques does the U.S. Department of Education (US/ED) consider helpful for presenting the application narrative and other important information?

In presenting the application narrative (your responses to the selection criteria), we encourage you to follow the order of the selection criteria as listed in the "Instructions for the Project Narrative" section in the application booklet. Additional useful techniques include using cross-references in the budget and appendices, providing an acronyms list, and using tables and graphs to present information effectively.

3. What criteria do the reviewers use when scoring the selection criteria?

Three peer reviewers score each application using the selection criteria in 34 CFR 655.31 and 669.21. The selection criteria are explained further in the section, "Instructions for the Project Narrative." The review panels provide written comments and scores to support their judgments about the quality, significance and impact of the proposed project.

4. What criteria do the reviewers use when scoring the competitive preference priorities?

Please see the "Application (Project) Narrative Suggested Formatting & Selection Criteria" page of this application.

5. What happens to my application if the U.S. Department of Education finds it to be ineligible?

It is not evaluated. Section 75.216 of EDGAR prohibits the U.S. Department of Education from evaluating an application if it does not meet the program eligibility criteria or does not otherwise comply with application requirements. If ineligible, a letter is sent to the applicant explaining why it was not evaluated.

6. Should references, footnotes, endnotes or the bibliography be included in the narrative? How long should they be?

References, footnotes, endnotes and the bibliography will certainly strengthen an application. However, they will be considered part of the application narrative, and subject to the page limit recommendations.
