## **Motor Gasoline Price Survey Form EIA-878 Schedule B**

---

### **YOUR RESPONSE IS REQUIRED BY LAW**

This report is **mandatory** under the Federal Energy Administration Act of 1974 (Public Law 93-275). Failure to comply may result in criminal fines, civil penalties, and other sanctions as provided by law. **Title 18 USC 1001 makes it a criminal offense for any person knowingly and willingly to make to any Agency or Department of the United States any false, fictitious, or fraudulent statements as to any matter within its jurisdiction.**

Form EIA-878 shall be submitted by all scientifically sampled retail motor gasoline outlets. Companies sampled are notified in writing and by telephone in advance.

---

### **PURPOSE**

The U.S. Energy Information Administration (EIA) Form EIA-878, Motor Gasoline Price Survey is a mandatory survey consisting of two parts: Schedules A and B. Schedule A is designed to collect data on the cash, pump price (including taxes) of self-serve, unleaded gasoline, by grade of gasoline. Schedule B is designed to collect total annual sales volume for each grade of gasoline sold at your station during a full calendar year. Schedule B is conducted **only once** when your station was selected in a new sample for the survey, and the data are collected strictly for internal statistical purposes and will not be published.

The data collected on Schedule A are used to calculate average gasoline prices at the national, regional, and select state and city levels across all gasoline grades and formulations. These data are point-in-time estimates as of 8:00 a.m. Monday.

---
