Rapid cycle evaluation of operational improvements in SNAP E&T:

Staff questionnaire

Public Burden Statement

This information is being collected to assist the Food and Nutrition Service in evaluating operational improvements in Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) programs that aim to improve delivery of services and program outcomes. This is a voluntary collection and FNS will use the information to assess the effectiveness of changes made to the SNAP E&T program. This collection does not request any personally identifiable information under the Privacy Act of 1974. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-[xxxx]. The time required to complete this information collection is estimated to average 15 minutes (0.25 hours) per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 1320 Braddock Place, 5th Floor, Alexandria, VA 22306 ATTN: PRA (0584-xxxx). Do not return the completed form to this address.

Privacy Act Statement

Authority: This information is being collected under the authority of Section 9 of the Food and Nutrition Act of 2008, as amended, (7 U.S.C. 2018). Disclosure of the information is voluntary.

Purpose: The information is being collected to evaluate Child Support Cooperation Requirements in United States Department of Agriculture (USDA) Supplemental Nutrition Assistance Program (SNAP).

Routine Use: The information may be shared with SNAP contract researchers and USDA SNAP research and administrative staff.

Disclosure: If all or any part of the information is not provided, interviews may not be admissible in data sets.

INTRODUCTION

Thank you for taking the time to complete this important survey. Mathematica is conducting this survey under contract with the U.S. Department of Agriculture Food and Nutrition Service to understand implementation of interventions to improve SNAP Employment and Training (E&T) programs.

Because you work directly with SNAP E&T participants, your input is very important. By participating in this survey, we hope you can help us understand your responsibilities related to the intervention, your time required for the intervention, your experiences and thoughts about the intervention, and any challenges you experienced during its implementation. Your participation in this survey is voluntary.

This survey takes about 15 minutes to complete. You may complete the survey in one sitting or come back to it later—your answers will save automatically.

Findings from this survey will be summarized across all participants. We will not associate responses with a specific person. Your answers will be kept private to the extent allowed by law. All confidential information will be stored safely and destroyed at the end of the study.

If you have any questions about the survey—or if you experience any problems with the survey—contact Mathematica at [NUMBER] or by e-mail at [EMAIL].

Please select “Next” below if you agree to participate in the study.
