### DEMOGRAPHICS

These tables collect demographic information for all individuals who have received direct services for SUD/ODU use disorder, within the current reporting period in the project's rural service area. The total number of each sub-section should equal the total number of individuals who have received direct services within the current reporting period. **Each sub-section should total to the same amount.** Please do not leave any sections blank or use N/A (not applicable) since the measures are applicable to all RCORP grantees providing direct services. If the number for a particular category is zero (0), please put zero in the appropriate section (e.g., if the total number that is Hispanic or Latino is zero (0), enter zero in that section). If data are incomplete or have other limitations, please enter the data you have, indicate the data have limitations, and explain those limitations in the comments box below.

Public Burden Statement: The purpose of this data collection is to provide data on each Rural Communities Opioid Response Program initiative to enable HRSA to provide aggregate program data required by Congress under the Government Performance and Results Act of 1993. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0906-0044 and it is valid until XX/XX/202X. Public reporting burden for this collection of information is estimated to average 1.63 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov).
