Appendix 2: Validated survey instrument to assess if the interventions within the stewardship initiative were acceptable, appropriate, and feasible.

Interventions to be studied will be based on the Core Elements of Outpatient Antibiotic Stewardship (see Table below). We determine acceptability, appropriateness, and feasibility of each intervention selected by the respondent as a representative of the corresponding core element. The respondent is given the following guidance at the beginning of the survey:

When responding to this survey:

- Each group of prompts is part of one measure. Please take great care to answer each prompt independently.
- Prompts using similar terms may capture different aspects of each measure.
- Use your best judgment when interpreting the meaning of each prompt based on the terms used.

The respondent is also given the option to skip any core element for which they indicate they have no experience. There are two questions about the most important element that influenced the respondent's prescribing practices, and change to the system's prescribing practices, respectively.

Core Element of the Urgent Care Antibiotic Stewardship Program	Interventions	
	Infectious Diseases Updates During In- Person Meetings	
Clinician Education	Opportunities to Consult Infectious Diseases Experts	
	Antibiotic Stewardship Website Resources	
Access to Internal Guidelines	CPMs	
Access to internal duidelines	Flash Cards	
iCentra Tools	Quick Visits	
icentra 100is	Azithromycin Justification Alerts	
Patient-Focused Marketing	Waiting Room Posters	
	Reception Area Desk & Door Wraps	
Transparent Data & Feedback	Antibiotic Prescribing Dashboards (Provider and Clinic Level Views)	
	Professional conversations with Associate	
	Medical Directors	
Shared Decision Making	Watchful Waiting Handouts	
Shared Decision Making	Electronic/Written Delayed Prescriptions	
Leadership Commitment	Leadership Commitment Posters	

Public reporting burden of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30333; ATTN: PRA (0920-1308).

For Acceptability of Intervention Measure (AIM), the respondent is guided to "Consider how agreeable or satisfactory these were to you personally."

	Completel y disagree	Disagre e	Neither agree nor disagre e	Agree	Completel y agree
1. (INSERT INTERVENTION) met my approval.	0	2	3	4	(\$)
2. (INSERT INTERVENTION) were appealing to me.	0	2	3	4	(3)
3. I liked (INSERT INTERVENTION).	0	2	3	4	\$
4. I welcomed (INSERT INTERVENTION).	0	2	3	4	(5)

For Intervention Appropriateness Measure (IAM), the respondent is guided to "Consider how these fit into or were compatible with the setting in which you see patients."

	Completel y disagree	Disagre e	Neither agree nor disagre e	Agree	Completel y agree
1. (INSERT INTERVENTION) were fitting.	0	2	3	4	(5)
2. (INSERT INTERVENTION) were suitable.	①	2	3	4	(5)
3. (INSERT INTERVENTION) were applicable.	0	2	3	4	(3)
4. (INSERT INTERVENTION) were a good match.	①	2	3	4	(5)

For Feasibility of Intervention Measure (FIM), the respondent is guided to "Consider how easy or convenient these were to implement in the setting where you see patients."

	Completel y disagree	Disagre e	Neither agree nor disagre e	Agree	Completel y agree
1. (INSERT INTERVENTION) were implementable.	0	2	3	4	(5)
2. (INSERT INTERVENTION) were possible.	0	2	3	4	(3)
3. (INSERT INTERVENTION) were doable.	0	2	3	4	(5)

4. (INSERT INTERVENTION) were easy to	①	2	3	4	(5)
use.					

The respondent is provided with the following table for reference in answering the last two questions of the survey:

	Infectious Diseases Undates During In Person Meetings	
	Infectious Diseases Updates During In-Person Meetings	
CLINICIAN EDUCATION	Opportunities to Consult Infectious Diseases Experts	
	Antibiotic Stewardship Website Resources	
ACCESS TO INTERNAL	CPMs	
GUIDELINES	Flash Cards	
iCENTRA TOOLS	Azithromycin Justification Alerts	
ICLIVINA TOOLS	Quick Visits	
SHARED DECISION	Electronic / Written Delayed Prescriptions	
MAKING	Watchful Waiting Handouts	
PATIENT-FOCUSED	Waiting Room Posters	
MARKETING	Reception Area Desk & Door Wraps	
LEADERSHIP COMMITMENT	Leadership Commitment Posters	
TRANSPARENT DATA &	Antibiotic Prescribing Dashboards	
FEEDBACK	Professional Conversations with Associate Medical Dirs	

What was the single most important element that influenced YOUR prescribing practices?	OClinician Education	
	O Internal Guidelines	
	O iCentra Tools	
	O Shared Decision Making	
	O Patient-focused marketing	
	O Leadership Commitment	
	O Transparent Data & Feedback	

What was the single most important element that influenced the SYSTEM to change prescribing practices?	OClinician Education
	O Internal Guidelines
	O iCentra Tools
	O Shared Decision Making
	O Patient-focused marketing
	O Leadership Commitment

O Transparent	Data &	Feedback
