

prevention efforts to the rapidly changing drug epidemic.

This is a Revision request for the currently approved Information Collection Request (ICR) to continue the collection of information from jurisdictions (which include states, Washington, DC, U.S. Territories, cities, and counties), collect new information from jurisdictions (which include states and Washington, DC), and collect new

information from jurisdictions (which include U.S. Territories, cities, and counties) funded under the OD2A–LOCAL. All jurisdictions funded by the OD2A NOFOs will report activity progress and capacity and workplan updates using web-based tools.

Information collected will provide crucial data for program performance monitoring, budget tracking, and where applicable, program success. The

information will also improve communication between CDC and funding recipients as well as inform technical assistance and guidance documents.

CDC requests OMB approval for an estimated 1,343 annualized burden hours. There are no costs to respondents other than their time to participate.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
OD2A-funded state, territory, county, and city health departments.	Evaluation and Performance Measuring Plan Template.	66	1	4
	Overdose Prevention Capacity Assessment Tool.	66	1	20/60
	Annual Performance Report	66	1	40/60
OD2A–S-funded state and District of Columbia health departments.	OD2A–S Annual Performance Report and Work Plan.	51	1	11
	OD2A–S Evaluation & Performance Measurement Plan Template.	51	1	20/60
	OD2A–S Data Management Plan	51	1	40/60
OD2A–LOCAL-funded territory, county, and city health departments.	OD2A–LOCAL Annual Performance Report and Work Plan.	40	1	9
	OD2A–LOCAL Evaluation & Performance Measurement Plan Template.	40	1	20/60
	OD2A–LOCAL Data Management Plan	40	1	40/60

Jeffrey M. Zirger,

Lead, Information Collection Review Office, Office of Scientific Integrity, Office of Science, Centers for Disease Control and Prevention.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day–23–0879; Docket No. CDC–2023–0003]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites

comment on a proposed information collection project titled Information Collections to Advance State, Tribal, Local, and Territorial (STLT) Governmental Agency and System Performance, Capacity, and Program Delivery. This collection is used to assess situational awareness of current public health emergencies, make decisions that affect planning, response and recovery activities of subsequent emergencies, and fill CDC and HHS gaps in knowledge of programs and/or STLT governments that will strengthen surveillance, epidemiology, and laboratory science, as well as improve CDC’s support and technical assistance to states and communities.

DATES: CDC must receive written comments on or before March 24, 2023.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2023–0003 by either of the following methods:

- Federal eRulemaking Portal: www.regulations.gov. Follow the instructions for submitting comments.

- Mail: Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–8, Atlanta, Georgia 30329.

- Instructions: All submissions received must include the agency name and Docket Number. CDC will post,

without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–8, Atlanta, Georgia 30329; Telephone: 404–639–7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the Federal Register concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To

comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected;
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and
5. Assess information collection costs.

Proposed Project

Information Collections to Advance State, Tribal, Local, and Territorial (STLT) Governmental Agency and System Performance, Capacity, and Program Delivery—Extension—Center for State, Tribal, Local and Territorial

Support (CSTLTS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The mission of the Department of Health and Human Services (HHS) is to enhance the health and well-being of all Americans. As part of HHS, CDC conducts critical science and provides health information to people and communities to save lives and protect people from health threats. To this end, CDC and HHS seek to accomplish their mission by collaborating with partners throughout the nation and the world to monitor health, detect and investigate health problems, conduct research to enhance prevention, develop and advocate sound public health policies, implement prevention strategies, promote healthy behaviors, foster safe and healthful environments, and provide leadership and training.

CDC is requesting a three-year approval to extend a Generic clearance to collect information related to domestic public health issues and services that affect and/or involve State, Tribal, Local, and Territorial (STLT) government entities. The respondent universe is comprised of STLT governmental staff or delegates acting on behalf of a STLT agency involved in the provision of essential public health services in the United States. Delegate is defined as a governmental or non-governmental agent (agency, function,

office or individual) acting for a principal or submitted by another to represent or act on their behalf. The STLT agency is represented by a STLT entity or delegate with a task to protect and/or improve the public's health.

Information will be used to: (1) assess situational awareness of current public health emergencies; (2) make decisions that affect planning, response and recovery activities of subsequent emergencies; (3) fill CDC and HHS gaps in knowledge of programs and/or STLT governments that will strengthen surveillance, epidemiology, and laboratory science; and (4) improve CDC's support and technical assistance to states and communities. CDC and HHS will conduct brief data collections, across a range of public health topics related to essential public health services.

CDC estimates up to 30 data collections with STLT governmental staff or delegates, and 10 data collections with local/county/city governmental staff or delegates will be conducted on an annual basis. Approximately 95% of these data collections will be web-based and 5% will be conducted via telephone, in-person, or focus groups.

CDC requests OMB approval for an estimated 54,000 annual burden hours. There are no costs to respondents other than their time to participate.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per respondent (in hrs.)	Total burden (in hrs.)
State, Territorial, or Tribal government staff or delegate.	Web, telephone, in-person, focus group.	800	30	1	24,000
Local/County/City government staff or delegate.	Web, telephone, in-person, focus group.	3,000	10	1	30,000
Total	54,000

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Message Testing for Tobacco Communication Activities (MTTCA). The primary purpose and use of information collected under MTTCA is to inform the development and
