DO NOT SEND COMPLETED FORM TO THE DEPARTMENT OF LABOR. RETURN TO THE PATIENT.

OMB Control Number: 1235-0003 Expires: xx/xx/20xx

The Family and Medical Leave Act (FMLA) provides that eligible employees may take FMLA leave to care for a covered veteran with a serious illness or injury. The FMLA allows an employer to require an employee seeking FMLA leave for this purpose to submit a medical certification. 29 U.S.C. §§ 2613, 2614(c)(3). The employer must give the employee **at least 15 calendar days** to provide the certification. If the employee fails to provide complete and sufficient certification, his or her FMLA leave request may be denied. 29 C.F.R. § 825.313. Information about the FMLA may be found on the WHD website at http://www.dol.gov/whd/fmla.

SECTION I – EMPLOYER

Either the employee or the employer may complete Section I. While use of this form is optional, it asks the health care provider for the information necessary for a complete and sufficient medical certification. Recertifications are not allowed for FMLA leave to care for a covered servicemember. Where medical certification is requested by an employer, an employee may not be held liable for administrative delays in the issuance of military documents, despite the employee's diligent, good-faith efforts to obtain such documents. In lieu of this form or your own certification form, you must accept as sufficient certification of the veteran's serious injury or illness documentation indicating the veteran's enrollment in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers. You may not ask the employee to provide more information than allowed under the FMLA regulations, 29 C.F.R. § 825.310.

Employers must generally maintain records and documents relating to medical information, medical certifications, recertifications, or medical histories of employees or employees' family members, created for FMLA purposes as confidential medical records in separate files/records from the usual personnel files and in accordance with 29 C.F.R. § 1630.14(c)(1), if the Americans with Disabilities Act applies, and in accordance with 29 C.F.R. § 1635.9, if the Genetic Information Nondiscrimination Act applies.

SECTION II - EMPLOYEE and/or VETERAN

Please complete all Parts in Section II before having the veteran's health care provider complete Section III. The FMLA allows an employer to require that an employee submit a timely, complete, and sufficient certification to support a request for military caregiver leave under the FMLA due to a serious injury or illness of a covered veteran. If requested by the employer, your response is required to obtain or retain the benefit of FMLA-protected leave. The employer must give an employee **at least 15 calendar days** to return this form to the employer. 29 U.S.C. §§ 2613, 2614(c)(3).

		SECTION II	I - HEALTH CARE I	PROVIDER	

Please provide your contact information, complete all Parts of this Section fully and completely, and sign the form below. The employee named in Section I has requested leave under the military caregiver leave provision of the FMLA to care for a family member who is a veteran.

Note: For purposes of FMLA military caregiver leave, a serious injury or illness means an injury or illness incurred by the servicemember in the line of duty on active duty in the Armed Forces (or that existed before the beginning of the servicemember's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the servicemember became a veteran, and is: a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service Related Disability Rating (VASRD) of 50 percent or greater, and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans' Affairs Program of Comprehensive Assistance for Family Caregivers.

Employee Name:
"Need for care" includes both physical and psychological care. It includes situations where, for example, due to his or her serious injury or illness, the veteran is not able to care for his or her own basic medical, hygienic, or nutritional needs or safety, or needs transportation to the doctor. It also includes providing psychological comfort and reassurance which would be beneficial to the veteran who is receiving inpatient or home care.
A complete and sufficient certification to support a request for FMLA military caregiver leave due to a covered veteran's serious injury or illness includes written documentation confirming that the veteran's injury or illness was incurred in the line of duty on active duty or existed before the beginning of the veteran's active duty and was aggravated by service in the line of duty on active duty, and that the veteran is undergoing treatment, recuperation, or therapy for such injury or illness by a health care provider listed above. Information about the FMLA may be found on the WHD website at http://www.dol.gov/whd/fmla .
