

## Justification for Non-Substantive Change Request

1405-0003	Application/License for Permanent Export of Unclassified Defense Articles and Related Technical Data	DSP-5
1405-0023	Application/License for Temporary Export of Unclassified Defense Articles	DSP-73

This is a non substantive change request to remove “Request for Prior Approval (22 CFR 126.8)” option from the DSP-5 Block 20 and the DSP-73 Block 23 in PM/DDTC’s Case Management System The Defense Export Control and Compliance System (DECCS). The reference no longer exists in the ITAR and should not be an option for users to select. This non-substantive change request does not request to make changes to the approved forms, other than removing the outdated ITAR reference.

DDTC is not making changes to the information being collected or the means through which it is submitted, we are simply removing an obsolete ITAR reference from the DECCS applications.
