Authority for collection of information on this form is contained in 24 CFR, CH 11 (4-1-99 Edition), Section 200.105, Mortgagor Supervision, Page 22. The information is sent to the Department of Housing and Urban Development (HUD) the tenth day of each month by owners or management agents of HUD-insured or Secretary-held properties. The information is used by HUD to assess the need for remedial actions to correct project deficiencies. The information is not considered sensitive. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request.

Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. Response to this request for information is required in order to receive the benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.
