Lender Narrative – Substantial Rehabilitation Section 232 – Single Stage

#### U.S. Department of Housing and Urban Development Office of Residential Care Facilities

OMB Approval No. 2502-0605 (exp. 11/30/2022)

Public reporting burden for this collection of information is estimated to average 93 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information is being collected to obtain the supportive documentation that must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. Response to this request for information is required in order to receive the benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number. While no assurance of confidentiality is pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information Act request.

**Warning:** Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012; 31 U.S.C. §3729, 3802).

**Privacy Act Statment:** The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is used to review applications within HUD. No information will be disclosed outside of HUD. The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No applications will be reviewed or approved without the necessary information requested. No confidentiality is assured.

#### **INSTRUCTIONS**:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender's underwriter disagrees and modifies any third-party report conclusions, sufficient detail to justify the changes must be provided. This narrative is to identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- Charts: The charts contained in this document have been created with versatility in mind; however they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- Applicability: If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add " Not Applicable" to the heading and provide the reason. For instance:

### Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This

instruction page may also be deleted.

- **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.
- **Historical Information:** Substantial rehabilitation can encompass a wide range of renovations—from "gut" rehabilitations that replace or newly construct nearly everything, to replacements and renovations that barely exceed the substantial rehabilitation threshold. Because of these types of variables, historical financial data on the previous operations may not be available or applicable. In those instances where historical information is not applicable, the underwriter should follow the above instructions for inapplicable sections and provide the reason. Acceptable reasons for not providing historical data include: the lack of data due to a sale or previous use or a significant change in use. Be cautioned that changes in census mix without a change in the type of license will likely not warrant elimination of the historical data as an underwriting tool.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters << EXAMPLE>> is instructional in nature, and may be deleted from the lender's final version. Please use the gray shaded areas (e.g., ) for your response. Double click on a check box and then change the default value to mark selection (e.g., ).

### **Key Questions** Yes No 1. Will the facility charge "founder's fees," "life care fees," or other similar charges associated with "buy-in" facilities? 2. Has the facility, borrower, operator, or any of their affiliates' renamed or reformulated companies, or filed for or emerged from bankruptcy within the last 5 years? 3. Will less than continuous protective oversight be provided at the facility? 4. Are there any "minimum assistance" requirements necessary to qualify under the Section 232 mortgage insurance program that the facility does not plan to offer? 5. If an ALF, are there residents who will not meet the statutory definition of frail elderly (at least age 62 and in need of assistance with at least three (3) Activities of Daily Living)? 6. Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? (Not applicable for SNFs.) N/A 7. Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? (Not applicable for SNFs.) N/A 8. Are there floodways or coastal high hazard areas located onsite\*? 9. Is the project a hospital, clinic, diagnostic center, group practice facility, halfway house, or other type of facility that does not meet 232 program intent? 10. Has construction or site work commenced without prior HUD approval? 11. Is the project designated by the Centers for Medicare and Medicaid Services (CMS) as a Special Focus Facility or similar future designation? 12. Is the project a long-term acute care facility? 13. Does the owner or operator/management agent lack the relevant experience (with similar type of facility, regulatory environment, payor mix, etc.) to lease-up and operate the subject project? 14. For Green MIP projects, did the project Architect or the energy design professional determine that the project will not achieve the selected green building certification, energy and water reductions, and Energy Star Score required for the reduction of the Green MIP rate? 15. For Green MIP projects, are the energy conservation measures limited to the area of repairs, alterations, addition and/or a new construction rather than covering the entire project? N/A 16. For Green MIP projects, does the energy design professional lack the relevant experience and qualifications as provided in ORCFs Green MIP

<< If you answered "yes" to any of the questions above, this facility is <u>not eligible</u> under this

Program Guidance?

N/A

program. Note: HUD will not consider changes to participate in the Green MIP program after the issuance of a Firm Commitment. >>

\*Exception: The floodway and coastal high hazard area prohibitions do not apply if only an incidental portion of the project is in the 100-year floodplain, or for critical actions, the 500-year floodplain, and certain conditions are met in accordance with 24 CFR 55.12(c)(7).

<<(Applicable to B&C's.) Provide affirmative statement along the lines of: "The State of {State} has certified its compliance with Section 1616(e) of the Social Security Act (Keys Amendment). Discuss documentation provided in the application that shows that the state where the facility is located is in compliance with Section 1616(e) of the Social Security Act (Keys Amendment) AND that the facility itself is regulated by the state pursuant to Section 1616e. Note on this last point that the requirement is not only that the facility be regulated, but that it be regulated specifically pursuant to 1616e. >>

### **Identities-of-Interest**

Pro	<b>Program Guidance:</b> Handbook 4232.1, Section I, Chapter 1.6				
Key	Questions	Yes	No		
1.	Have you, as the lender, identified any identities of interest on your certification?				
2.	Does the borrower's certification indicate any identities of interest?				
3.	Do any of the certifications provided by principals of the borrower identify any identities of interest?				
4.	Does the operator's certification (if applicable) indicate any identities of interest? $\  \  \  \  \  \  \  \  \  \  \  \  \ $				
5.	Does the management agent's certification (if applicable) indicate any identities of interest? $\  \  \  \  \  \  \  \  \  \  \  \  \ $				
6.	Does the general contractor's certification indicate any identities of interest?				

		Yes	No
	Does the HUD Addendum to the AIA Agreement of the Design Architect identify any identities of interest?		
8.	Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete?		
appi oper	For each "yes" answer above, provide a narrative discussion regarding the to licable, describe the risk and how it will be mitigated. For example: The borro rator are related parties – John Doe has ownership in both entities. No other rest are disclosed.>>	ower and	of
Ris	sk Factors		
Key	Questions		
		Yes	No
1.	If the project is proposing new construction of assisted living units, is the proposed mortgage higher than the maximum loan-to-value (LTV)?		
2.	Is the debt service coverage of the loan less than 1.45?		
3.	Is this a "special use facility"—one that serves a "niche" type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities?		
4.	Is this an Intermediate Care Facility (ICF), Institution for Mental Diseases (IMD), or any other type of facility that caters to a significant population with mental illness (MI), developmental disabilities (DD) or individuals with intellectual disabilities (IID)?		
5.	Is the project in a state with an Olmstead Plan, pending Olmstead-related cases, an Olmstead settlement agreement or order, or is the project's state active in initiatives to "right-size" nursing facilities or otherwise working to "rebalance" long-term supports and services toward home and community-		
	based settings?		
6.	Does the project rely on Medicaid Waivers or State Plan Options for a significant portion of its resident population, MI/DD residents, or for residents in the assisted living portion of a combined SNF/ALF Facility, subjecting it to HCBS Settings requirements?		
7.	Is the operator, parent company, affiliates or subsidiaries the subject of an ongoing investigation or judicial or administrative action involving any Federal, State, municipal and/or other regulatory authority, which could		
	have a detrimental impact on the operator's financial condition or may jeopardize the operator's license and or its provider agreements?		
	For each "yes" answer above, provide a narrative discussion on the topic desc how it will be mitigated.	cribing the	risk

If you answer "yes" to question 3, the narrative discussion should include an analysis of the following: 1. The long-term viability of funding sources for this client group; 2. The facility's ability to maintain stabilized occupancy over the long term, and/or the ability to fill the beds occupied by residents with the special use diagnosis, should the funding source cease; this analysis should include a demonstration that a market exists for increasing reliance on a more "traditional" SNF resident; 3. The extent of the successful experience of the operator in dealing with the contemplated population; 4. How the principals of this facility address the higher risk associated with the targeted population (e.g. higher Professional Liability Insurance, etc.); 5. The facility's capacity to continue servicing the debt in the event that market/provider payment changes dictate that alternative/modified uses of the subject portion of the facility be pursued; and 6. Risk Mitigation.

If you answer "yes" to question 5, the narrative discussion should include a discussion of any of the state's efforts above that might have an impact on the subject facility and what efforts the owner and/or operator will take to respond to these impacts. Be sure to reference the state's strategy for moving the following populations: the elderly from skilled nursing facilities, individuals with intellectual or developmental disabilities (ID/DD) from ICFs, the physically disabled, non-elderly from skilled nursing facilities or the mentally ill from psychiatric facilities or other facilities, as appropriate.

If you answer "yes to question 6, the narrative discussion should include a discussion of the facility's compliance with the HCBS Settings requirements. The discussion might include the State's progress in implementing the HCBS Settings Rule, references to the Statewide Transition Plan, CMS responses to or approval of the Plan, State Regulatory language, or State Medicaid Agency input. If it appears that the facility will not, or will not be able, to comply with the Rule, the Lender should provide a Sensitivity Analysis showing the project's ability to operate without these residents.

#### **Other Risk Factors Identified by Lender**

Additionally, the lender has identified the following risk factors:

<< Provide discussion on other risk factors identified by the lender and how they are mitigated.>>

## **Strengths**

<< Provide discussion of the strengths of the transaction.>>

## **Third Party Reviewers**

## Key Questions – Architectural Reviewer

		Yes	No
1.	Does the architectural reviewer have experience with construction within the healthcare field?		
2.	Is the architectural reviewer knowledgeable and experienced with local building standards and construction methods for the type of project proposed, including but not limited to the Federal Fair Housing Accessibility Guidelines (FHAG) and the Uniform Federal Accessibility Standards (UFAS)?		
3.	Is the architectural reviewer a registered architect or engineer?		
Key	Questions – Cost Analyst	Yes	No
1.	Does the cost analyst have experience in the healthcare field?		
2.	Is the cost analyst knowledgeable and experienced with local building standards and construction costs for the type of project proposed?		
Key	Questions – Environmental Consultant(s)	Yes	No
1.	Does the environmental consultant(s) meet all the qualification requirements of Appendix X2 of ASTM E 1527-05?		
2.	Does the environmental consultant(s) meet the license/certification, educational, and experiential requirements of Section X.2.1.1(2)(i), (ii), or (iii) of Appendix X2 of ASTM E 1527-05?		
3.	Were any Phase II investigations performed by environmental investigator(s) specifically qualified to meet the responsibilities for the issue(s) of concern?		
Key	Questions – Market Analyst		
1	Describer and the second of th	Yes	No
	Does the market analyst have the knowledge and experience to complete the assignment competently?		
2.	Is the market analyst currently active in the market analysis of other healthcare properties?		
3.	Is the market analyst experienced in the market area that the subject property is located in or established expertise by a thorough investigation of the market?		
4.	Did the market analyst personally inspect the property, perform the market analysis, and prepare and sign the market study?		

Key	Questions – Appraiser	Yes	No
1.	Is the appraiser is a Certified General Appraiser under the appraiser certification requirements of the state where the subject property is located as of the effective date of the appraisal? (See note below this section.)		
2.	Does the appraiser meet the requirements of the Competency Rule described in USPAP?		
3.	Did the appraiser sign the appraisal and the required certifications?		
4.	Is the appraiser currently active in the appraisal of other healthcare properties?		
5.	Is the appraiser experienced in the market area in which the subject property is located, or establish competency as per USPAP?		
6.	Did the appraiser meeting the above qualifications, personally inspect the property being appraised?		
7.	If more than one appraiser worked on the appraisal, did they all sign the report and certifications?		
Key	Questions – Green MIP Energy Professional		
		Yes	No
	Does the energy professional's qualification comply with ORCFs Green MIP Program Guidance?  N/A		
2.	Does the energy professional have experience with energy modeling for the type of healthcare project proposed ? $\  \  \  \  \  \  \  \  \  \  \  \  \ $		
requ cert of th Con don	TE: If you answer "no" to any of the questions above, the appraiser does not rairements. The appraiser must be a Certified General Appraiser under the appification requirements of the state that the subject property is located, as of the appraisal (temporary certifications are permissible) and must meet all requinpetency Rule of the USPAP. Lender verification of an appraiser's current state at <a href="http://www.asc.gov">http://www.asc.gov</a> . The Energy Professional must have the requisite qualined in the Green MIP Program Guidance.	raiser effective rements o nding car	date of the n be
<u>Pro</u>	oject Description		

### Location/Proximity to Hospitals and Services

<< Brief narrative description about nearby hospitals and services. >>

### Site

<< Brief narrative description about site to include location, topography, size, frontage, access, *etc.* >>

### Neighborhood

<< Brief narrative description about neighborhood area to include major cross streets and access routes; distance to services, hospitals, etc.; adjacent property uses; predominant character or neighborhood; etc.>>

Zonii	าg	
	Legal Conforming	$\mathbf{L}$

Legal Non-Conforming Other

<< Provide narrative description: identify local jurisdiction; zoning designation; results of Zoning Letter provided in application submission; and discuss any variances, conditional uses, non-conformance or other pertinent issues affecting zoning.>>

#### **Utilities**

<< Provide narrative description: identify utilities proposed for use at site. Discuss any limitations in service and any other issues that would affect the operation of the facility. Also, clearly identify the utilities to be paid by the residents.>>

### **Emergency Call System**

<< Identify whether emergency call system proposed is included in construction contract, major movable equipment and/or borrower other fees.>>

### Security, Networking and Other Information Technology Systems

<< Identify whether these systems proposed are included in construction contract, major movable equipment and/or borrower other fees.>>

### Improvement Description

### **Building Description**

<<Provide narrative description to include "as-is" and "as-rehabilitated" number of buildings;
construction types; floor area; describe common areas; etc. >>

### Landscaping

<< Provide narrative description about the "as-is" and "as-rehabilitated" landscaping>>

### **Parking**

<< Provide narrative description about the "as-is" and "as-rehabilitated" parking including the number of spaces, compliance with accessibility requirements, adequacy of the parking, and any parking easements. Also, discuss any zoning or marketability issues.>>

#### **Unit Mix & Features**

<<Complete "as-is" and "as-rehabilitated" tables or provide equivalent detail.>>

**As-is Unit Mix** (Double click inside the Excel Table to add information)

#### **Living Unit Description**

<< Provide <u>brief</u> narrative description of the "as-is" and "as-rehabilitated" units including: bathrooms, appliances, flooring, included furnishings, hook-ups, patios, etc. >>

#### Services

<< Provide narrative description of "as-is" and "as-rehabilitated" services to be provided. Identify which services will be included in rent and which services will be available for extra charges, as applicable.>>

### Obsolescence/Depreciation and Remaining Economic Life

<< There are three categories that need to be addressed. Each should be discussed before and after the rehabilitation..>>

#### **Functional Obsolescence**

<< How the physical plant compares to an optimally configured project and how does that impact income potential? (Discuss for example, 3 and/or 4 bed wards, unusual design issues, etc.)>>

#### **External Obsolescence**

<< How do the market, economic environment, and location impact the income potential of the project? >>

#### **Remaining Economic Life**

<<The appraiser has estimated the economic life of the property at XX years. The appraiser has estimated the effective age of the property at XX years. Therefore, the remaining economic life is XX years. Explain the basis for this estimate. Discuss any physical depreciation associated with any improvements that are not new construction. >>

### **Scope of Rehabilitation**

<< Provide narrative description of the planned rehabilitation. The description should be sufficiently detailed to provide the HUD underwriter and review appraiser a reasonable understanding of the work involved to assess the impact on underwriting and value concerns.>>

<<For Green MIP projects, describe the scope of work relied upon in selecting the green building standard (e.g., gut rehab, minor renovations, adding an addition or new construction outside the footprint of the existing building; etc.) >>

### **Architectural Review**

Date of report:	
Review firm:	
Reviewer:	

### **Key Questions** Yes No 1. Are any drawings or specifications to be "deferred submissions?" If yes, explain below and include special condition requiring that they be submitted prior to initial closing. 2. Does the architectural reviewer recommend any commitment conditions? 3. Are the plans and specification incomplete? 4. Is there an identity of interest between the design architect and any other project participant (i.e., borrower, principal of borrower, operator, and/or general contractor)? 5. Are there any architectural review comments that have not been incorporated into the plans and specifications? 6. Are there any architectural drawings and specifications that do not comply with local building code standards, minimum property standards, or any other HUD requirements? 7. After reviewing the plans, did the architectural reviewer confirm that the plans are <u>not</u> in conformance with accessibility standards such as FHAG and UFAS requirements? 8. Is the design architect different from the supervisory architect? 9. After reviewing the AIA agreement, did the architectural reviewer find the agreement was not complete? 10. After reviewing the Geotechnical Engineering Evaluation Report, did the architectural reviewer find the report unacceptable showing an insufficient number of borings provided? 11. After reviewing the soils report, did the architectural reviewer find the structural design <u>not</u> in compliance with the findings of the report? 12. After reviewing the survey, did the architectural reviewer find the survey not in compliance with HUD requirements? 13. Did the architectural reviewer <u>not</u> find the construction progress schedule and construction period to be acceptable? << If you answer "yes" to any of the above questions, please address below. For example, Item 1 - Fire sprinkler system engineering will be completed by XXX, Item 3 - The completed plans and specifications will be submitted prior to closing. The architectural reviewer's inspector has identified minor revisions to the plans and specifications that will be completed and submitted to HUD prior to closing. A list of the minor revisions includes XXX. The contractor has provided

confirmation acknowledging the required revisions and confirms that they do not result in changes to the costs reflected on the HUD 92328-ORCF submitted with this application package. We (the lender) recommend a Special Condition to the Firm Commitment requiring that completed acceptable plans and specifications will be submitted prior to closing.

*Item 4 – There is an identity of interest between the design architect and the borrower. The* design architect is a principal of the borrower entity. Therefore, to meet HUD requirements, a separate AIA B108 is submitted with this package for an unrelated architect to provide the supervision services. Provide narrative describing the supervising architect's name, experience, etc. >>

#### Architectural Overview

<<Provide narrative describing the architectural reviewers report and conclusions and if the lender's underwriter concurs with the conclusions. Identify any modifications to the report conclusions and provide justification. Confirm if the review complies with the statement of work. Identify deliverables included in the application package. Include a narrative concerning key elements of the reviews, the appropriate HUD forms, and their correspondence with the design architect.>>

### Green MIP Summary – If applicable

<<Provide narrative discussion. Include the name of the Standard Keeper and also the name of the green building certification and level that will be provided (e.g., LEED, Silver, Gold, etc.). Include the current Energy Star Score and provide the current baseline Energy Use Intensity (kBtu/ft²) as analyzed in the Statement of Energy Performance (SEP), and/or, if an addition is contemplated, provide the design (proposed) Energy Use Intensity (kBtu/ft²) results and prospective Energy Score Rating as analyzed in the Statement of Energy Design Intent (SEDI) Report and confirm that the proposed energy and water reductions, the green building certification and the required Energy Star Score will be achieved per ORCFs Green MIP Program Guidance. Energy conservation measures must be designed for the entire project. >>

### **Construction Progress Schedule**

<<Provide narrative discussion of the construction period as projected by the general contractor and project architect. Indicate if architectural reviewer agrees. Typically, an updated Construction Progress Schedule that accurately reflects the month and date of construction start and completion will be needed prior to closing. For Green MIP projects, the project Architect, energy design professional and Green Building Standard Keeper/rater must coordinate with the general contractor to include milestones for the green building inspections.>>

#### Conclusion

<< Indicate if the review architect has appropriately addressed all architectural aspects of the development and the firm commitment application.>>

### **Cost Review**

Da	te of report:		
Re	view firm:		
Co	st analyst:		
Key	Questions		
		Yes	No
1.	Are there any variances in excess of 10% between the general contractor's Form HUD-92328-ORCF line items and the cost analyst's Form HUD-92326?		
2.	Is the total reflected on the cost analyst's Form HUD-92326 more than 10% higher or lower than the total cost breakdown on Form HUD-92328-ORCF?		
3.	Will any one subcontractor, material supplier, or equipment lessor be awarded more than 50% of the construction contract?		
4.	Will three or fewer subcontractors, material suppliers, or equipment lessors be awarded more than 75% of the construction contract in aggregate?		
5.	Does or will the contractor have any identities of interest with any subcontractors, material suppliers, or equipment lessors?		
6.	Did the cost analyst find any evidence of front-loading in the contractor's cost estimate?		
7.	Is the builder's overhead more than 2% of the total land improvements, total structures and general requirements?		
8.	Did the third party cost reviewer not find the Form HUD-92328-ORCF to be acceptable?		
9.	Are the Form HUD-92328-ORCF, B108 and Form HUD-92264a-ORCF inconsistent?		
10	. If a Cost Plus Construction contract is utilized, is a General Contractor's Cost not included on the Form HUD-92328-ORCF?		
	For each "yes" answer above, provide a narrative explanation and justification topic.>>	ı regardii	ng

#### **Cost Overview**

<<Confirm the cost reviewer performed the cost review pursuant to Section 232 standards. The deliverables in the application package include a narrative concerning the cost analysis, the appropriate HUD forms, and cost data. For example, "The cost analyst performed a comparison analysis and compared them to the contractor's final schedules of values (form HUD-92328-ORCF). The cost analyst ultimately concludes to the contractor's schedule of values. The underwriter concurs.">>>

### Construction Costs (Form HUD-92328-ORCF)

<<Discuss the cost analyst's review of the final Form HUD-92328-ORCF supplied by the contractor and owner after completing an independent cost analysis. Confirm the analyst found no front-loading in the final costs reflected in the HUD-92328-ORCF submitted. Indicate the analyst completed the HUD 92326 in accordance with HUD guidelines and those forms are included in the appropriate section of the application package.</p>

Provide a breakdown of the costs from the Form HUD-92328-ORCF, Contractor's and/or Borrower's Cost Breakdown, included in the application package. The form totals \$XXX and is summarized as follows (complete the following table or provide equivalent detail):>>

Description	Cost
Structures	
Accessory structures	
Land improvements	
General requirements	
Builder's overhead	
Builder's profit	
Contractor's Other fees	
Bond premium	
Total construction contract	

<b>Construction Contract</b>		
Type:	Cost Plus	Lump Sum

### **General Requirements**

<< The contractor's estimate of general requirements totals \$XXX. The cost analyst has determined that the proposed cost of the general requirements and the sub-items included in it are reasonable. The underwriter concurs.>>

#### **Other Fees – General Contractor**

#### **Schedule of Other Fees included in Construction Contract**

(Double click inside the Excel Table to add information)

G		
Н		
I		
J		
TO TAL		\$ -

<< The cost analyst has reviewed the schedule of other fees and determined the items and the total cost to be reasonable. The underwriter concurs.>>

### **Bond Premium/Assurance of Completion**

<<Provide narrative discussion of either construction bond (bonding company, contractor's bond capacity, etc.) or the Assurance of Completion escrow (15% or 25% of contract, cash or letter of credit, etc. Also, address whether the surety is listed on the Treasury Circular and is authorized to issue bonds in the state for the required amount.>>

### **Unusual Site Improvements**

<< Describe unusual site improvements and applicable costs, if any.>>

#### Architect's Fees

**Program Guidance:** In situations where there are multiple architects, submit each B108 as a separate exhibit in the firm application that corresponds to the below table (a, b, c, etc.).

Architect Name	Function	Amount of Fee	Percent of Total	Exhibit
	(Design,		Architect's Fees	Number
	Supervision, Other)			(a, b, c, etc.)

<<Confirm there is not an identity of interest between the borrower and the architect or if there is, discuss the separate supervising architect and his/her B108. Confirm if the cost analyst and underwriter find the architectural fees to be reasonable in total and for the cost of design/supervision.>>

#### Other Fees - Borrower

#### Schedule of Other Fees to be paid by Borrower

(Double click inside the Excel Table to add information)

Line	Description	Amount
А	Survey - Land and Final "As Built"	
В	Building Permits	
С	Soils Report	
D	Traffic Study	
E	Impact Fees	
F	Hook-up Fees	
G	Emergency Call System	
Н		
I		
J		
TOTAL		\$ -

<< The cost analyst has reviewed the schedule of other fees to be paid by the borrower and determined the items and the total cost to be reasonable. The underwriter concurs.>>

#### Off-Site and Demolition

<<Describe any off-site work to be accomplished and who will be performing the work. If the general contractor is responsible, describe the cost attributed to it and the cost reviewer's conclusions about the work and the cost. If the city will be performing the work, describe any cost or hookup fee related.</p>

Describe any demolition that may apply; discuss costs and any other requirements or issues.>>

### Proposed Major Movable Equipment as part of rehabilitation

	e borrower has provided a major movable and budget totaling:	\$		
Key	Questions			
			Yes	No
1.	The cost analyst found the list acceptable a	nd the budget is reasonable.		
2.	The underwriter concurs with the analyst's justification for any differences.	conclusion or has provided		
3.	The underwriter notes that a copy of the ma Exhibit to the Draft Firm Commitment sub the Form HUD-92264a-ORCF and Firm Co	mitted with this package matches		
	the rolling to be before the religion of the rolling to the religion of the re	/iiiiiiiiiiiiiiiiiiiiiiiiiiiiiiiiiiiii		

<< For each "no" answer above, provide a narrative explanation and justification regarding the topic.>>

### **Contingency Reserve**

**Program Guidance:** The contingency reserve amount is based on available data for the type and condition of structure. Calculate as percentage of the sum of structures, land improvements, and general requirements. Percentage ranges from 1% to 10%, depending on the condition of the project, extent of rehabilitation, and experience and financial capacity of the borrower and contractor.

The contingency reserve can only be used to cover unanticipated costs, such as discovering more extensive dry rot than was expected. The contingency reserve is not available for items such as an increase in cost of carpet.

<< The architectural and cost reviewer concluded that a contingency reserve of % is sufficient based on the site visit, the type of construction of the existing buildings, and the developer's knowledge of the existing buildings. The lender agrees (explain modification).>>

#### **Conclusion**

<< Provide lender's conclusions and wrap up of the cost review. Reiterate if any of the cost analyst's conclusions were modified and justified in the lender's underwriting.>>

### **Underwritten Reserve for Replacement**

In the analysis below, the underwriter spreads the anticipated replacements by year based on the needs assessor's replacement reserve analysis and assumes an interest of % and an inflation rate of %.

For Green MIP projects, the Needs Assessor must specify all appliances and heating and air conditioning systems as ENERGY STAR® when replaced. For lighting, electrical and mechanical equipment, and building envelope components with no available ENERGY STAR® label, the capital needs assessment must specify high performance and/or sustainable replacements.

## <u>Appraisal</u>

Date of valuation:	
Date of report:	
Appraisal firm:	
Appraiser:	
License no./State:	

The report was prepared to comply with the reporting requirement outlined under the USPAP as a self-contained report. The report also complies with the requirements of the Code of Professional Ethics of the Appraisal Institute and the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA), Title XI Regulations

The report was prepared in accordance with the ORCF Appraisal Guidelines.

#### **Key Questions**

		<b>y</b> es	No
1.	Will there be a ground lease?		
2.	Are any tax credits involved in this transaction?		
3.	Are any real estate tax abatement or exemptions included in the underwriting assumptions?		
4.	Are there any special escrows or reserves proposed for this transaction?		
5.	Does the underwriting include income from adult day care? (Note: Non-resident adult day care space <u>may not</u> be located on a separate site. The adult day care space will not be considered commercial space; however, the space may not exceed 20% of the gross floor area of the facility and the income may not exceed 20% of gross income. Provide a Certificate of Need or operating license, if applicable.)		
6.	Are there any other issues that require special or a-typical underwriting considerations?		
7.	Does the submission date of the application (date the application enters the queue) exceed the 120-day timeframe from the effective date of the appraisal?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For example, Item 3, Real Estate Tax Abatement – The borrower will be receiving an abatement of real estate taxes for at least two years after opening the facility. The abatement is to be 70% of the taxes due. We have not assumed the abatement for valuation purposes. The underwriter has, however, excluded 70% of the underwritten taxes from the debt service calculation and from the initial operating deficit calculation.>>

### Hypothetical Conditions and Extraordinary Assumptions

#### **Hypothetical Conditions**

<<Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, "The appraisal assumes that the proposed construction is complete and the property has attained the operating levels concluded by the appraiser. There are no other hypothetical conditions.">>>

#### **Extraordinary Assumptions**

<< Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser's opinions or conclusions. For example, "The appraisal assumes the subject project meets the state licensing requirements and that the facility is constructed as planned. There are

no other extraordinary assumptions.>>

#### **Jurisdictional Exceptions**

<< These are rare and should be discussed with HUD before invoking. >>

### **Market Analysis**

Date of analysis:		
Market analysis firm:		
Market analyst:		
Key Questions		
	Yes	No
1. Is the subject located in a declining market in terms of population, target population, real estate values, or employment?		
2. Are there any negative market influences that require special consideration	on?	
3. Is there a projected or current oversupply that could affect the subject?		

### **Market Overview**

<< Provide an overview of the market analysis, including general growth and population information, barriers to entry, unique market influences, etc. Please be brief in this section and refrain from pasting large sections from the market study here.>>

### **Primary Market Area**

<<Describe primary market area and method of selection (e.g., distance, zip codes, etc.). When making your conclusions about the size of the PMA, pay close attention to where the existing competitors are drawing their tenants from.>>

### **Target Population**

<>Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.) and acuity of care.>>

#### **Demand**

<<Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.) and acuity of care of the target population. Describe target population demographics and demand factors.>>

### **Competitive Environment (Supply)**

<<Describe and identify competing facilities, planned facilities, facilities under construction, and other supply factors that compete with the subject facility. Description of supply should include types of facilities, acuity, and occupancy. Discuss recent and/or historic absorption of competitive units. Discuss any perceived changes to competitive environment.>>

#### Conclusion

<< Provide conclusion of market analysis: summarize demand, market saturation, continued health of market, negative and positive factors impacting the continued demand for the subject's units/beds.>>

### Income Capitalization Approach - As-Is

#### **Financial Statements**

The appraiser and underwriter have analyzed the following historical financial statements pertaining to the operation of this facility:

<>If less than three years financial information is available for the project's operations, provide a narrative justifying why the data is not available. Even in the cases where there was an acquisition within the past 3 years, the owners will usually have been supplied with the income and expense information from the previous owner.>>

<sup>&</sup>lt;< Provide a brief narrative discussion of the census mix conclusions. Address any significant shifts in census mix from one Payor source to another. >>

#### Rents - As Is

The rent schedule is currently as follows:

- << Insert a summary chart of the rent schedule here that shows rents, number of units, and room/service types.>>
- <<Discuss the subject Rent Schedule. For skilled nursing and other facilities, a daily rate may be more appropriate than a monthly conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

# **Historical Revenue Summary**

<< Please adapt the chart to show the income sources specific to your facility. Bad debt can either included in the table below or dealt with as an expense. >>

#### **History by Revenue Source**

<< In the chart above, the most recent reporting period must be presented as the 12 trailing months (T-12) of income that overlaps into the prior reporting period.

Above you are asked to report the number of resident days, not occupied units. Although Assisted Living is typically reported on an occupied unit basis, we ask that you convert to resident days. Do not enter potential gross incomes here, but rather effective gross income, wherein vacancy has already been accounted for.>>

<<Discuss any departures from historical reimbursements, mix, and trends here.>>

<< Provide narrative discussion and support for each other income category as appropriate. An equivalent analysis of the information provided above is required. Additional analysis can be provided at the lender's option to support their conclusion, as appropriate.</p>

Example: Additional Personal Care Fees: The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a net amount of X annually. The underwriter has analyzed the history to determine the average monthly charge of X, net of vacancies. Insert historical or comparable data as appropriate.

Example: Second Occupant Income: The appraiser has included a net annual projection of X second occupants at X per month. Over the last 12 months, the facility has averaged X second occupants per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the history and the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X.

Example: <u>Other Income</u>: In addition to room rents, additional care, and second occupant income, the project receives miscellaneous income from X (list miscellaneous). The appraiser has included a net annual projection of \$X. Historically, typical miscellaneous income is between X and X percent of effective income. The appraiser's conclusion is X. The underwriter has concluded to a net \$X per annum (calculation shown). >>

<< <u>Instructions</u>: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (Skilled Nursing, Assisted Living, and Independent Living) that do not apply to your subject. >>

#### SKILLED NURSING - AS IS

#### **Private Pay**

In addition to an analysis of the subject's rent roll, the appraiser and underwriter analyzed the private pay rates at X comparable facilities. A summary of their analysis is provided below.

# Expenses – As Is

The appraiser concludes to total expenses of \$\\$ including reserve for replacement of \$\\$ . The underwriter concludes to total expenses of \$\\$ including reserve for replacement of \$\\$ . An analysis of subject's history is provided below. The appraiser also compared the subject's expense conclusions to comparable projects located in .

<<Explain how the appraiser's expenses used for valuing the facility differ from the expenses used by the lender for the Debt Service Coverage analysis. Typically, these may differ in the categories of reserves, management fee, and taxes. The appraiser's numbers will represent market expenses and the lender's expenses for DSC analysis will represent what will actually be paid. >

## **Historic Comparison**

<< The data in the following table must be in totals, not per resident day or per occupied unit.</p>
Cells with grey shading will calculate automatically. You are given some latitude in defining the expense categories. The expense categories in black text are required items. The lender must include the most current historical income and expense data available to them, and not the dated information from the appraisal.>>

<sup>&</sup>lt;<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

# **Net Operating Income (NOI)**

<<Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to the Office of Residential Care Facilities (ORCF) requirements (e.g., specific</p>

reserve requirements, tax abatements that the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

## **Capitalization Rate – As Is**

<<The selection of the capitalization rate should be primarily based on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

(Double click inside the Excel Tables to add information)

## Price per Unit/Bed - As Is

<< Provide narrative discussion and summary of the appraisal conclusions. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Include a general discussion of adjustments made to the sales and the comparables that best represent the subject facility. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate.>>

# Effective Gross Income Multiplier (EGIM) - As Is

<< Provide narrative discussion. An equivalent analysis of the information provided above is required. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate analysis for each care type. Additional analysis can be provided at the lender's option to support its conclusion, as appropriate. >>

# **Subject Purchases**

<< Provide analysis of subject's purchase price for all sales that have occurred within the last 3 years. (The analysis should provide: date of purchase; purchase price; whether the purchase was an arms-length transaction; and the financing term. In addition, the analysis should also state whether the sale was a market price. If not, explain.)>>

# Cost Approach – As Is

# **Development Costs**

<< Provide narrative discussion. If this approach was not expanded by the appraiser, indicate so here. Instead of deleting the remainder of the subsection, provide any lender insights in each category.>>

# **Depreciation**

<< Provide narrative discussion of depreciation assumptions and conclusion.>>

## **Major Movable Equipment**

<< Provide narrative discussion of assumptions and conclusion. Address discrepancies between appraiser and cost analyst. Additionally, address ownership of the major movable equipment (e.g., borrower or operator). >>

# **Marketing Allowance**

<< Provide narrative discussion.>>

#### **Land Value**

<< Provide narrative discussion of assumptions and conclusion. A land valuation is no longer required if the cost approach is not utilized.>>

## Overall Value Reconciliation - As Is

<<Provide narrative discussion of how the value approaches were reconciled to reach the final conclusions. The statement may be simple. For example: "As demonstrated in the Appraisal Overview section above, the underwritten value conclusion is based on the income approach to value." If the value conclusion is based on weighting multiple approaches provide an explanation of the rationale.>>

<< Above you are asked to report the number of resident days, not occupied units. Although Assisted Living is typically reported on an occupied unit basis, we ask that you convert that number to resident days. Do not enter potential gross incomes here, but rather effective gross income, wherein vacancy has already been accounted for.>>

<< Provide narrative discussion and support for each other income category as appropriate A few examples follow:

#### Additional Personal Care Fees

The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a <u>net</u> amount of \$X annually based on his analysis of comparable data <<insert comparable data as appropriate. Identify any modification from the appraiser's concluded fees and provide justification.>>

#### **Second Occupant Income**

The appraiser has included a net annual projection of X second occupants at X per month. Competitive facilities in the market place report second occupant charges ranging between X and X with a range of X to X second occupants. Based on the market, the underwriter concurs with the appraiser's conclusion for a net annual income of X. Identify any modification from the appraiser's concluded fees and provide justification.

#### **Miscellaneous Income** <<delete paragraph if not applicable>>

In addition to room rents, additional care, and second occupant income, the project will receive miscellaneous income from <<list miscellaneous>>. The appraiser has included a net annual projection of \$X. Typically, miscellaneous income is between x and x percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net \$X\$ per annum (calculation shown). Identify any modification from the appraiser's concluded fees and provide justification.>>

#### **Rents - As Rehabilitated**

The rent schedule is currently as follows:

The rent schedule will be as follows:

- << Insert a summary chart of the rent schedule here that shows rents, number of units, and room/service types.>>
- <<Discuss the subject Rent Schedule. For skilled nursing and other facilities, a daily rate may be more appropriate than a monthly conclusion. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>
- <>INSTRUCTIONS: Each type of care should have its own subsection below discussing the payor source identified in the rent schedule, as demonstrated below. You may delete the sections (skilled nursing, assisted living, and independent living) that do not apply to your subject. >>

#### SKILLED NURSING - AS REHABILITATED

#### **Private Pav**

In addition to an analysis of the subject's rent roll, the appraiser and underwriter analyzed the private pay rates at X comparable facilities. A summary of their analysis is provided below.

## **Private Pay Rates Comparability Analysis**

If the value conclusion is based on weighting multiple approaches provide an explanation of the rationale.>>

# Lender Modifications - As Proposed

<<State if the lender concurs, or not, with the appraiser's value conclusion. When there is a disagreement, summarize the valuation modifications made by lender underwriter. Insert a pro forma to highlight the differences in conclusions as needed. View the appraisal as a tool to do your underwriting and loan sizing correctly. Lenders should not use a value they disagree with and are allowed to use a lower value/NOI for loan sizing purposes. If lenders feel they are prohibited from doing this, they should cite the FIRREA rule at issue in the narrative.>>

# **Environmental**

**Program Guidance**: Handbook 4232.1, Section II, Production, Chapter 7.

It is the lender's responsibility to review the Phase I and all other environmental review documentation to ensure that all environmental requirements are met.

**Assistance Prior to Application Submission**: Many Federal agencies require contact directly from HUD. This list includes, but is not limited to, State Coastal Zone Management councils, U.S. Fish and Wildlife service, and local/regional Native American tribes. In this instance, please contact <u>LEANThinking@hud.gov</u> in advance of the application submission.

#### Phase I Environmental Site Assessment

Date of inspection:		
Firm:		
Consultant:		
1. Was the Phase I Environmental Site Assessment (ESA) performed in conformance with the scope and limitations of ASTM Practice E 1527-13 (or the most current version)?	Yes	No
2. Was the Phase I consultant provided with an accurate description of all repairs, site work, construction and/or demolition to be completed?		
3. Does the Phase I investigation include all of the following?  A reconnaissance of the subject site and the immediate surrounding area, a review of regulatory agency information, a survey of local geological and topographical maps, a review of aerial photographic studies, a survey of water sources, and a review of historical information.		
<< Explain any "no" answer above. >>		

Key	Questions		
1		Yes	No
1.	Does the Phase I ESA recommend a Phase II assessment, other reports, or additional testing?		
2.	Does the Phase I or Phase II assessment indicate that remediation is required or ongoing?		
3.	Does the Phase I ESA indicate that a monitoring well or testing well (operating or non-operating) is located on the site?		
4.	Does the report indicate evidence of any soil staining or distressed vegetation, unusual odors, pools of liquid, leaking containers or equipment, hazardous materials, or other unidentified substances?		
5.	Does the report indicate evidence of any chemical misuse or unlawful dumping at the site?		
6.	Does the report indicate the presence or suspected presence of any underground storage tanks or aboveground storage tanks on the site?		
7.	Does the report's review of all major governmental databases for listings of potentially hazardous sites within the ASTM required search distances from the property identify any potential contamination concerns for the property?		
8. 9.	Do the Phase I or II reports recommend any required repairs?  Does the Vapor Encroachment Screen identify a "vapor encroachment condition" (VEC)? (The vapor encroachment screen must be performed using Tier 1 "non-invasive" screening pursuant to ASTM E 2600-10 or most recent edition.)		
	Is the Phase I site inspection date more than 180 days before the date the firm commitment application was submitted? A Phase I that was conducted more than 180 days before the application's submission, but not more than one-year before the submission, must be updated pursuant to ASTM E 1527-13 or the most recent edition. (A Phase I ESA that was originally conducted more than one year prior to the application's submission date, even if updated within 180 days of submission, is not acceptable. ORCF is not able to waive this requirement.)  Does the land area in the Phase I differ from the land area in the survey and Exhibit A to the Firm Commitment?		
	For each "yes" answer above, provide a narrative discussion on the topic describing how it will be mitigated.>>	g the ris	sk

Lender will provide evidence prior to closing that funds are available to meet the 5% working capital.>>

#### **General Review**

<< Provide narrative and analysis of financial statements as appropriate. In addition to the Key Questions above, net working capital should be discussed along with the general financial stability and strength of the entity.>>

# **Working Capital Analysis**

<< Provide narrative and analysis of contractor's working capital. Analysis should discuss appropriate adjustments to current assets and liabilities; how you account for work-in-progress; lines-of-credit; verifications of deposit; etc.</p>

**Example**: XXXX current balance sheet is summarized below.

		Financial	Working
		Statement As of	Capital
	>	XXXXXXX	Analysis
Current Assets			
Cash Accounts	\$	1,200,000	\$ 1,200,000
Retainage Receivable		3,600,000	3,600,000
Accounts Receivable		4,900,000	4,700,000
Accounts Receivable - Employees		110,000	-
Accounts Receivable - RELATED		5,000	-
Accounts Receivable - RELATED		25,000	-
Cost & Profit in Excess of Bill		650,000	650,000
Prepaid Insurance		150,000	-
Total Current Assets	\$	10,640,000	\$ 10,150,000
Current Liabilities			
Retainage Payable	\$	2,680,000	\$ 2,680,000
Accounts Payable		4,720,000	4,720,000
Profit Sharing Payable		-	-
Current Portion of Notes Payable		66,000	66,000
Accrued Payables		445,000	445,000
Total Current Liabilities	\$	7,911,000	\$ 7,911,000

*The underwriter has made the following modification for the working capital analysis:* 

Example:

- Only used accounts receivable less than 90 days old
- Did not use accounts receivable from related parties.
- Did not include prepaid expenses.

The underwriter's analysis of Work in Progress is as follows:

_Job	Contract Amount	% Compl ete	Contract Balance		Used for Work In Progress
Project A	\$ 309,875	87.0%	\$ 40,284		\$ 40,284
Project B	25,790,007	92.6%	1,908,461		-
Project C	11,050,619	99.6%	44,202		-
Project D	1,673,600	66.5%	560,656		560,656
Project E	5,935,000	77.0%	1,365,050		1,365,050
<i>:</i>	8,807,800	61.0%	3,435,042		3,435,042
<i>:</i>	196,200	42.2%	113,404		113,404
<i>:</i>	244,429	39.2%	148,613		148,613
<i>:</i>	833,806	98.0%	16,676		-
<i>:</i>	100,164	16.8%	83,336		83,336
:	2,063,500	4.6%	1,968,579		1,968,579
<i>:</i>	74,434	36.5%	47,266		47,266
:	922,400	25.7%	685,343		685,343
	\$ 58,001,834 <b>5</b> 9	% of Worl	\$ 10,416,912 k in Progress	=	\$ 8,447,572 <b>422,379</b>

The underwriter calculated the working capital necessary for the work in progress as 5% of the contract balances for all work that was less than 90% complete. The working capital for the planned sister facility in XXXXX is 5% of the contract amount of \$6,356,426. The working capital for the subject is 5% of the contract amount of \$6,502,743.

Based on the above adjustments and analysis, the underwriter concludes to the following working capital analysis:

Current Assets	10,150,000
Current Liabilities	(7,911,000)
Working Capital	\$ 2,239,000
Working Capital for Other Work in Progress	(422,379)

Working Capital for planned SISTER Facility	(317,821)
Working Capital for Subject	(325,137)
Excess Working Capital	\$ 1,173,663

The contractor clearly demonstrates sufficient working capital for the current work in progress and the planned sister facility and the subject facility. In addition to the above working capital, the contractor also has a \$XXXXM revolving line of credit that currently has no balance. The line of credit is available to supplement the above working capital, if necessary, during construction. >>

#### **Conclusion**

<<Provide narrative discussion of underwriter's conclusion and recommendation. For example, "The general contractor has demonstrated an acceptable financial and credit history. The general contractor has the experience to continue to complete the construction. The underwriter recommends this general contractor for approval as an acceptable participant in this transaction." >>

# **Operation of the Facility**

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

**Lease Payment – During Rehabilitation Period** < < *Provide narrative explaining the terms of the lease and the payments to be made during the construction and/or rehabilitation.* >>

#### **Lease Payment – During Lease Up**

<< Provide narrative explaining the terms of the lease and the payments to be made while the project is in lease-up.>>

## Lease Payment Analysis - Stabilized, As Rehabilitated

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
b.	Annual mortgage insurance premium	·
c.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	
f.	Total debt service and impounds	\$
1	Minimum annual lana managa	¢
h	Minimum annual lease payment	\$

<<Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: "The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm commitment requiring the lease payment be revised to meet or exceed this minimum." If the lease payment does not need to increase, add the following language: "The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.">>

## Responsibilities

<< Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

#### **Master Lease**

**Program Guidance:** Handbook 4232.1, Section II Production, Chapter 13. It is the lender's responsibility to read the handbook chapter and provide HUD with a full set of documents for review of the proposed master lease or alternative master lease structure.

Key	Questions		
5		Yes	No
1.	Are three or more projects (or two projects with an aggregate total mortgage loan amount greater than \$15 million) being submitted to HUD that are under common control or have the same ownership?		
2.	Have projects under common control or with the same ownership applied for mortgage insurance or TPA within the <i>past</i> 18-months OR will projects under common control or with the same ownership apply for mortgage insurance or TPA within the <i>next</i> 18 months?		
3.	Is the parent of the operator the same for all of these projects? $\square$ N/A		
If yo	ou answered "yes' to all three questions, a master lease or master lease alternativ	e is requii <b>Yes</b>	red. <b>No</b>
2.	Is a new master lease proposed for the subject project? Will the subject project be joined to an existing HUD master lease? Do the borrower principals currently participate in any other HUD master		
	leases?		
4.	Does the parent of the operator currently participate in any other HUD master leases?		
payr and (incl	Provide a narrative describing the terms and conditions of the master lease propments to and from the master tenant, , lease agreements between borrower, mast subtenants, the flow of funds from the subtenants to the master tenant and the bounding the AR lender if applicable), and any waivers or requests for modification irements.	ter tenant orrower	ard

lease(s).>>

Describe any other HUD master leases the principals of the borrower or parent of the operator are party to, list projects/project numbers, and indicate the HUD lender who is party to the

# Accounts Receivable (A/R) Financing

AF	R lender:	
AF	R borrower:	
Ma	aximum loan amount:	
Cu	rrent balance:	
Cu	rrent maturity date:	
Int	erest Rate:	
<b>V</b> ox	Questions	
Key	Questions	Yes
1.	Does the AR loan require any guarantees from the borrower, operator,	
	parent of the operator, or any of those entities' principals?	
2.	Are the guarantors guaranteeing performance on any other AR loans?	
3.	Does the AR loan involve multiple facilities or borrowers?	
	a. Does the AR loan involve any non-HUD-insured properties?	
	b. Is the subject being added to an existing HUD-Insured AR line that has already been reviewed/approved by HUD?	
4.	Is there an identity of interest between the AR lender and the AR borrower?	
5.	Is there a conflict of interest between the AR lender and the borrower or its principals (as defined in Handbook 4232.1, 15.4.E or its successors)?	
6.	Does the maximum AR loan amount exceed 85% of the Medicaid, Medicare, and other governmental accounts receivable less than 121 days old?	
7.	Of the total Medicaid, Medicare and other governmental accounts receivable less than 121 days old, are more than 30% over 90 days old?  N/A	
8.	Does the AR lender have less than 3 years of experience providing AR financing?	
9.	Does the AR lender monitor the borrowing base on a daily/weekly/monthly basis?	
10.	Are the borrower or operator out of compliance with any business agreements or loan covenants (i.e., in default on those agreements, not current on financial submissions, etc.)?	
11.	Is the AR loan being syndicated or participated?	
12.	Does the Intercreditor Agreement (ICA) propose additional obligations beyond those allowed as the types of AR Loan Obligations that may be secured by project collateral?	
	Does the ICA propose loan extensions or interest rate changes? Does the ICA include any cross-default or cross-collateralization	
15.	provisions?  Does the ICA identify a flow of funds inconsistent with the cash flow chart?	

<<For each "yes" answer above, provide a narrative discussion regarding the topic. For projects being added to an existing HUD-Insured AR line, provide specific information on when the AR line was originated (date), when documents were reviewed/approved by HUD, which HUD OGC field office performed he review, and provide a listing of projects participating in the line (project name, FHA#) >>

#### **Terms and Conditions**

- 1. Describe the borrowing base formula (e.g., XX% of the AR borrowers accounts receivable up to 120 days):
- 2. Describe term and renewal options:
- 3. Describe the rate applied to the used and unused portion of the AR loan:
- 4. Other fees (i.e., financing fees, late payment fees, etc.):

#### Mechanisms for operator receipts, disbursements and control of operator funds:

<<Describe the flow of all funds, into and out of accounts (i.e., point of origination to final destination). Describe how deposit accounts are controlled (e.g., number of controlled accounts, hard or springing lockbox, daily sweeps, etc.). Attach cash flow chart.>>

# Collateral/Security

<Provide narrative description of the AR lender's collateral/security. Explain any unsecured AR financing.>>

# **Permitted Uses and Payment Priorities**

<< Provide descriptions of the permitted uses of the AR loan funds in order of priority. For example: (1) debt service incurred in connection with the AR loan; (2) operating costs; and (3) distributions to the operator's shareholders. .>>

# **Financial Analysis**

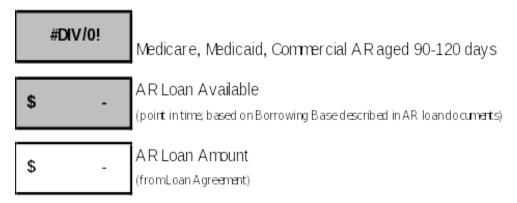

### **Borrowing Base Analysis**

#### **Historical AR Loan Costs**

<< If there is an existing AR loan that is not yet approved by HUD, provide a financial analysis that explains how the cost of the AR loan has been factored into the NOI calculation. Complete the Historical AR Loan Costs table.>>

#### **Historical AR Loan Costs**

(Double click inside the Excel Table to add information)

20XX	20XX	20XX	YTD specify months	20XX-20XX Average	UW

## **Proposed AR Loan Costs**

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator's 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower's debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$ . In addition to the interest, the other associated fees are the fees << list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator's 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History				
Operating revenue	\$			
Less: Operating expenses				
Net operating income (NOI)	\$			
Annual P&I + MIP	\$			
AR fee: Interest				
AR fee: Other				
Total annual mortgage & AR debt service	\$			
DSCR including AR				

The underwriting assumed an NOI of \$ . The 12-month trailing NOI is \$ . The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<< If multiple FHA-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

# Recommendation

<<The lender recommends approval of the AR loan.>>

# **Insurance**

# Professional Liability Insurance Coverage

Program Guidance: Handbook	4232.1, Section II Production, Appendix 14.1

2					
3					
4					
5					
6					
Total/average					

# **Key Questions**

J		Yes	No
1.	Does the insurance policy cover multiple properties?		
2.	Is less than 6 years of lost history available?		
3.	Does the loss history indicate any professional liability claims over \$35,000?		
4.	Does the loss history or potential claims certification indicate any uncovered claims?		
	Does the loss history or potential claims certification indicate any claims that would exceed the per occurrence or aggregate coverage limits at the facility?		
	Has the facility been covered by a "claims made" policy at any time during the statute of limitations for the State in which the facility is located?		
7.	Is the policy funded on a "cash front" basis?		
8.	Is an actuarial study applicable (self-insurance)? (If yes, discuss results below.)		
	For all facilities Owned, Operated or Managed by the operator and/or parent of the operator, are there any surveys/reports that have open G-level or higher citations outstanding? (As appropriate, provide a complete analysis of the surveys.)		
	Are any entities that provide resident care (as discussed in the Provider Agreements and Resident Care Agreements/Rental Agreements) not covered by the PLI policy?		
11.	Are there any PLI issues that require special consideration?		

If you answer "yes" to any of the above questions, please address here. Examples:

<u>Multiple properties</u>: The underwriter notes that the professional liability policy is a "blanket" policy covering XXX facilities, including the subject... {Address potential impact of other facilities on the subject's coverage}

<u>Less than 6-year loss history</u>: The claims history reports were examined for the period XX through XX. The underwriter determined that there were no professional liability XX claims during that period...{address claims and sufficiency of coverage, etc. based on history}.

Claims made coverage: The project's previous professional liability insurance coverage was a "claims made" form policy with XXXX, which expired XXXX, when the current policy was put in place. In XXXX, the borrower purchased a "nose coverage" policy, which is the coverage needed when going from a "claims made" form of insurance to a "per occurrence" form of insurance. The premium for this "nose" coverage liability was a one-time charge and was paid in XXX. Because of that additional insurance coverage, the insurance expense for XXXX was substantially higher than the current expense. The current "per occurrence basis" insurance policy covers the entire statute of limitations. The project's professional liability insurance is in compliance with HUD's requirements.>>

#### Lawsuits

<<Identify all potential or expected professional liability insurance (PLI) claims in excess of \$35,000 that have been or may be filed for all periods within the statute of limitations for the state where the claim occurred. Identify any reserves held for potential claims. Discuss the risk associate with each potential PLI claim. Discuss how that risk is mitigated. Describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by PLI insurance, and if the insurance is not sufficient, does the insured demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.

As applicable, discuss other types of lawsuits (non-PLI) and describe the potential risk related to the party's participation in the proposed project. Discuss how that risk is mitigated. If the suit is closed, does it contribute to a pattern? Does it materially affect the party's ability to participate in the project? If not closed, describe the circumstances, identify the potential award amount, provide evidence and analysis showing that the suits are covered by insurance (general liability), and if the insurance is not sufficient, do they demonstrate adequate funds to cover the potential excess? Describe any other information that mitigates the risk.>>

# Commercial General Liability Insurance

<<Provide narrative discussion of policy coverage for bodily injury, property damage and personal injury. For example: General liability insurance will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and will re-verify this information prior to closing. The insurance coverage will comply with HUD requirements prior to closing.>>

## **Property Insurance**

<< Provide narrative discussion of review. For example, "Hazard and Liability insurance has been and/or will be provided by XX. The underwriter has confirmed estimates of the cost and coverage for underwriting and that it complies with HUD requirements.">>

#### Builder's Risk

<< If contractor is paying, show in contractor's other fees. If borrower is paying, show in borrower's other fees.>>

# Fidelity Bond/Employee Dishonesty Coverage

*Provide narrative discussion of fidelity bond / crime insurance coverage. For example: "A* fidelity (crime) insurance with the limit of \$XX and \$XX deductible will be put into place prior to Permission to Occupy. The HUD requirement for at least two months potential gross income receipts would total \$XX.

*Provide narrative discussion of fidelity bond / crime insurance coverage. For example: "A* fidelity (crime) insurance with the limit of \$XX and \$XX deductible will be put into place prior to Permission to Occupy. The HUD requirement for at least two months **potential** gross income receipts would total \$XX.

#### Recommendation

<< Provide narrative recommendation regarding acceptability of professional and general</p> liability insurance. For example: "The borrower's professional and general liability insurance was analyzed in accordance with Handbook 4232.1, Section II Production, Chapter 14 and Appendix 14.1.). The property has XX current potential (threatened) insurance claims at this time as reflected on the certification provided by the borrower. It is {lender's} opinion that the information provided above and in the application sufficiently demonstrates that the existing professional liability coverage meets HUD's requirements and that the risk from professional liability issues is sufficiently addressed. No modifications to the current coverage are recommended.">>

# **Tax Credits**

**Program Guidance:** If the proposed documents do not currently comply with the requirements,

outline the differences, what changes are required, and how they are justified. Note that proposed changes to OMB form documents must go through the ORCF document change protocol. Also, documents previously negotiated Multifamily documents are not automatically approved for use in Section 232 transactions, and must receive specific ORCF approval for use.						
Will the subject have tax credits? <b>Key Questions</b>		Yes	No			
Previous versions obsolete	Page <b>102</b> of <b>109</b>	Form <b>HUD-9006-ORCF</b> (06	5/2019)			

		Yes	No
1.	Do the tax credits require the project to comply with an affordability restriction?		
2.	Does the lender have any concerns with the experience or financial strength of the proposed tax credit syndicator?		
3.	Will there be an equity bridge loan?		
	a. If there will be an equity bridge loan, will it be retired after final closing?		
4.	Do the tax credit documents conflict with ORCF requirements in any way?		
5.	Does the proposed funding schedule depart from the guidelines set out in the handbook?		
6.	Does the funding schedule propose that any borrower funds required for completion of the project be escrowed after initial closing?		
7.	Does the funding schedule propose that any borrower funds escrowed for completion of the project be disbursed after mortgage proceeds are disbursed?		
8.	Does the funding schedule propose that equity be contributed to construction draws according to any method other than a pro rata share?		
9.	Will there be a lack of funds needed to meet the borrower's cash contribution be in the transaction, and any equity bridge loan NOT be retired by final closing?		

<<For each "yes" answer above, provide a narrative discussion regarding the topic.>>

# **Mortgage Loan Determinants**

# Overview

The mortgage criteria shown on the form HUD-92264a-ORCF are summarized as follows:

Requested amount:	\$
Amount based on replacement cost:	\$
Amount based on loan-to-value:	\$
Amount based on debt service coverage:	\$
Amount based on cost of rehabilitation plus:	\$
Amount based on deduction of loan(s), grant(s), LIHTCs, and gift(s) for mortgageable items:	\$

# Criterion C: Amount Based on Replacement Cost The amount based on replacement cost limit is \$ . This is based on a replacement cost of \$ . Criterion D: Amount Based on Loan-to-Value The \$ value of improvement limit was calculated in accordance with HUD guidelines. This is based on a value of \$ .

# Criterion E: Amount Based on Debt Service Coverage

The \$ debt service limit was calculated using the underwritten NOI of \$

#### Criterion F: Cost of Rehabilitation Plus

The estimated cost of rehabilitation limit is \$ . This amount is based on % of the total estimated rehabilitation cost of \$ plus the offsite costs of \$ plus the lesser of 90.0% of as-is value of \$ or the allowable existing debt \$ .

## Criterion L: Deduction of Grants, Loans, LIHTCs, and Gifts

The limit was calculated in accordance with HUD guidelines as follows:

a.	Amount based on estimated cost of rehabilitation	\$
b.	<ul><li>(1) Grants/loans/gifts</li><li>(2) Tax credits</li><li>(3) Value of leased fee</li></ul>	
	(4) Excess unusual land improvement cost (5) Unpaid balance of special assessment	
	(6) Sum of lines (1) through (5)	\$
c.	Line a minus line b (6)	\$

The secondary sources are discussed in detail below in the Sources & Uses section of the narrative.

# **Existing Indebtedness**

**Program Guidance:** Handbook 4232.1, Section II Production, 3.3.

<>For a **purchase**, this section should be titled "Purchase Price" and the information below should be replaced by an appropriate narrative section describing the pertinent terms of the purchase transaction, generally including: purchase price, itemization of costs to be paid by

seller, date of agreement and addendums, expiration date, date by which sale must occur, etc.>>

<<Provide detailed breakdown of all existing debt(s) being included in requested mortgage
amount below. Include similar detail on HUD-92264a-ORCF.>>

#### **Schedule of Debt to Refinance**

Lender	Pay-off Amount
	\$
	\$
	\$
Total:	<u> </u>

#### **Key Questions**

J		Yes	No
1.	Are there any debts on the borrower's balance sheet or recorded against the property, other than the primary mortgage, that will survive closing?		
2.	Are any of the debts to be paid off less than 2 years old? (If so, complete the Debt Seasoning Matrix below.)		
3.	Does the borrower have any identities of interest with any of the existing lenders or note holders? (Refer to Section 232 Handbook, Section II, Production, Chapter 3.)		
4.	Do any of the debts to be paid off have prepayment penalties or other significant cost associated with them?		
5.	Is any of the existing debt cross-collateralized with other assets (pooled debt or master leased) or financed with a line of credit? (If yes, explain how you allocated the debt between the facilities cross-collateralized.)		
6.	Are delinquent real estate taxes or other liens included as eligible debt?		
7.	Is unrecorded debt of or costs incurred in connect with the project included as eligible debt?		
8.	Is Operator debt included as eligible debt?		
9.	Are reserves or escrows held by the current lender included as eligible debt?		
10.	Are Swap Fees included in the HUD-insured mortgage (as deemed eligible in the Section 232 Handbook, Section II, Production, Chapter 3)?		

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. >>

#### **General Overview**

<< Narrative review of debt and pay-off information. For example, "Per the statement from XXX dated XXXX, the current existing indebtedness is \$XXXX. The pay-off balance will be reconfirmed prior to closing and only eligible pay-off charges will be included in the cost certification.">>>

#### **Debt Seasoning Matrix**

% of Existing Debt	<b>Requested FHA</b>	<b>Requested FHA</b>	<b>Requested FHA</b>
<b>Used for Project</b>	<b>Loan Amount &lt;=</b>	Loan Amount 61% -	<u>Loan Mount &gt;=71%</u>
<b>Purposes</b>	<u>60% LTV</u>	<u>70% LTV</u>	$\underline{\mathbf{LTV}}$
