A. Overview of Information Collection

Title of Information Collection: Evaluation of Public Housing Agencies (PHA) Coronavirus Aid, Relief, and Economic Security (CARES) Act Waivers: PHA Staff Interviews Data Collection.

OMB Approval Number: 2528–Pending.
Type of Request: New data collection.
Form Number: N/A.
Description of the need for the information and proposed use: The purpose of this proposed information collection is to conduct semi-structured interviews with PHA staff and stakeholders to understand why and how PHAs utilized waivers offered by the CARES Act, and how these waivers impacted PHA operations and assisted households.

In early 2020, Congress passed and the President signed the CARES Act. The landmark statute was a response to the COVID–19 pandemic and contained many provisions related to mitigating its worst effects. Included were provisions that gave the U.S. Department of Housing and Urban Development (HUD) statutory and regulatory waiver authority to help programs adapt and operate in the changing circumstances and to encourage the continuity of critical PHA operations in order to support PHA residents and tenants.

The *Evaluation of Public Housing Agencies Coronavirus Aid, Relief, and Economic Security Act (CARES) Waivers* is a mixed-method and multi-phase study to understand how PHAs implemented the CARES Act waivers and the utility of these waivers on general operations and assisted households. The insights from this study will also help inform future policy and program implications related to the waivers offered by the CARES Act.

2M will conduct semi-structured interviews with PHA stakeholders from

a purposive sample of 50 PHAs. This includes interviews with three interview respondent groups (PHA leadership, PHA operations staff, and members of Resident Advisory Boards) from 45 PHAs that adopted waivers offered by the CARES Act (a total of 135 interviews with 135 respondents), and one group interview with PHA leadership and operations staff from five PHAs that did not adopt any waivers offered by the CARES Act (a total of 5 interviews with 10 respondents). Collectively, 2M plans to conduct a total of 140 interviews across 145 respondents. This data collection effort is expected to last five months.

This **Federal Register** Notice provides an opportunity to comment on the data collection instruments and associated materials to be administered to PHA staff and stakeholders.

Respondents:

At PHAs that adopted a waiver: PHA leadership, PHA operations staff (such as outreach staff or other relevant staff with knowledge about the impact of the CARES Act waivers), and members of Resident Advisory Boards.

At PHAs that did not adopt a waiver: PHA leadership and PHA operations staff.

Estimated Number of Respondents: 145 respondents.

Frequency of Response: Once.

Average Hours per Response: Completion of each semi-structured interview is expected to last an average of 1 hour.

Total Estimated Burden Hours: 145.0 hours.

ANNUALIZED BURDEN TABLE ¹

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Cost
PHAs that Adopted a Waiver							
Interview of PHA Leadership	45	1	1	1.0	45.0	\$77.58	\$3,491.10
Interview of PHA Operations Staff	45	1	1	1.0	45.0	29.89	1,345.05
Interview of Members of Resident Advisory Board	45	1	1	1.0	45.0	59.78	2,690.10
PHAs that Did Not Adopt a Waiver							
Interview of PHA Leadership and Staff (combined)	10	1	1	1.0	10.0	53.74 ²	537.40
Total	145	145.0	8,063.65

¹ To estimate the hourly cost per respondent, the research team used the average hourly compensation (wages and benefits) for private workers in Service-Providing Industry according to Table 4 on page 8 in the Bureau of Labor Statistics' Employer Costs for Employee Compensation Survey from September 2022 (<https://www.bls.gov/news.release/pdf/ecec.pdf>).

The hourly cost for PHA leadership was assumed to be those who are in Management, business, and financial occupations. The hourly cost for PHA staff was assumed to be those in Office and administrative support occupations. The hourly cost for members of Resident Advisory Boards was assumed to be those in Professional and related occupations.

² The average hourly cost per response for the combined interviews of PHA Leadership and Staff was calculated as the average for the hourly rate for PHA Leadership (\$77.58) and PHA Staff (\$29.89) [(\$77.58+\$29.89)/2].

Abstract: The Service is charged with implementing the Endangered Species Act of 1973, as amended (Act; 16 U.S.C. 1531 *et seq.*). The goal of the Act is to provide a means to conserve the ecosystems upon which listed species depend and a program for listed species conservation. Through our Candidate Conservation program, we encourage the public to take conservation actions for species prior to them being listed under the Act. Doing so may result in precluding the need to list a species, may result in listing a species as threatened instead of endangered, or, if a species becomes listed, may provide the basis for its recovery and eventual removal from the protections of the Act.

This policy provides incentives to landowners, government agencies, and others to carry out voluntary conservation actions for unlisted species. It allows the use of any benefits to the species from voluntary conservation actions undertaken prior to listing under the Act—by the person who undertook such actions or by third parties—to mitigate or offset the detrimental effects of other actions undertaken after listing. The policy requires participating States to track the voluntary conservation actions and provide this information to us on an annual basis. We require this information in order to provide the entities that have taken the conservation actions with proper credit that can later be used to mitigate for any detrimental actions they take after the species is listed.

We plan to collect the following information:

- Description of the prelisting conservation action being taken.
- Location of the action (does not include a specific address).
- Name of the entity taking the action and their contact information (email address only).
- Frequency of the action (ongoing for X years, or one-time implementation)
