Order reproduction service using this form is available **ONLY** from *Archival Operations Washington D.C., Form 84 – Land, National Archives and Records Administration, 700 Pennsylvania Avenue NW, Washington, DC 20408-0001.* 

IMPORTANT INFORMATION ABOUT YOUR ORDER: You may use this form to order copies of land entry files (such as credit, cash, homestead, and mineral) or surrendered military bounty land warrants files (Acts of 1788, 1812, 1847, 1850, 1852, 1855). You may request only one land entry file per form. The National Archives has custody of the land entry files for all Federal public domain states. There are Federal land records for all states except the thirteen original states, VT, KY, YN, ME, WV, TX, and HI. Some of the original colonies and eastern states also sold land and awarded military bounty land warrants on their own. Researchers interested in such records should contact the appropriate state archives or historical society. Please note: Federal land records document only the FIRST transfer of title to land, from the United States to another party. Records of later transfers should be found in county land records. The success of our search depends on the completeness and accuracy of the information you provide in blocks 1-13 on this form. NARA has custody of more than ten million individual land entry files. Depending on the time period and state for the land entry file you request, we may need different information from you to find it.

INSTRUCTIONS FOR COMPLETING THIS FORM: Use a separate NATF Form 84 for each file that you request. You must complete blocks 1 – 5 or we cannot search for the file. Print your name (last, first, MI) and address in the box provided at the bottom of the form. This serves as your mailing label. We destroy requests without return addresses. Please enter the Card Validation Code, found on your card, in the space provided on the form (three or four digits) We will make reproductions of records that relate to your request. We accept Master Card, VISA, American Express, and Discover credit cards. Do NOT send cash or check. Forms with incomplete credit card information will be destroyed. Make a copy of the completed form for your records. Mail it to: Archival Operations Washington D.C., Form 84 – Land, National Archives and Records Administration, 700 Pennsylvania Avenue NW, Washington, DC 20408-0001. Please allow up to 90 days for processing your order. If you provide your email address, we will send you an email with your order number. You can track the status of your order at our website, eservices.archives.gov/orderonline. Do not use this form to request certified copies of records. To request certified copies contact us at www.archives.gov/contact or write to the above address.

**RETURN POLICY:** Due to various factors, it is occasionally difficult for NARA to make a legible reproduction. NARA will notify customers and ask for approval to proceed if we anticipate a reproduction of questionable legibility. As a result, NARA does not provide refunds except in special cases. If a customer requests a refund, we review the order to determine if we properly notified the customer of the questionable nature of the original and if the product is a true representation of the original. If the product is a true representation of the original, we will not issue a refund. If you feel we processed your order incorrectly or it contains errors, please contact us within 30 days of your delivery date to have your issue verified. Once we verify the issue, we will correct the error and resend the documents. If we cannot correct the error, you will receive a refund.

**ELECTRONIC TRANSFER:** Electronic transfer allows you to download your files from a site, as opposed to having them mailed to you. You will be sent a link for the download. Click the link and download the file to a location of your choosing. Download speeds will vary based upon file size and your internet connection. A valid email address is necessary for electronic transfer. Total file transfers can be up to 5 GB. However, files of that size are typically separated into multiple, smaller files. Files will be available for 30 days from date of upload; downloads of the files should take place within that period. To ensure electronic receipt of your order, please add <a href="mailto:electronic.delivery@nara.gov">electronic.delivery@nara.gov</a> to your trusted senders list. In some cases, certain email applications will move your reproduction orders to your spam box. Please monitor your spam box while awaiting your order.

# INFORMATION REQUIRED FOR COPIES OF FEDERAL LAND ENTRY FILES

## GENERAL LAND ENTRY FILES

For all general land entry files, regardless of year, you must supply the name of the land entryman (settler, patentee, etc.), the state in which the land was located, and the approximate date of the entry (blocks 1-5). Frequently, we can locate individual land entry files through name indexes. However, indexes do not exist for all states and all years. Where there is no index, we require additional information to locate the file.

# Pre-1908 Land Entry Files

Pre-1908 land entry files (not bounty land warrant files) date from about 1800 and are arranged by state, land office, type of file (such as credit, cash, homestead, mineral, etc.) and land entry file number.

**Name indexes available.** Name indexes exist ONLY for the states of Alabama, Alaska, Arizona, Florida, Louisiana, Nevada, and Utah before 1908. For these states, we require the entryman's name, the state in which the land was located, and the approximate date of the entry (*blocks 1-5*). Any additional information you can supply is appreciated.

**Western public domain states.** Name indexes do NOT exist for the western public domain states of California, Colorado, the Dakotas, Idaho, Kansas, Montana, Nebraska, New Mexico, Oklahoma, Oregon, Washington, and Wyoming before 1908. In addition to the required minimum identification of the land file (blocks 1-5), you must provide EITHER the legal description of the land (block 6), OR the type of file, the name of the land office that issued the file, and the land entry file number (blocks 7-9). You can obtain the legal description of the land (and occasionally other information) from the county recorder of deeds where the land was located.

**Eastern public domain states.** Name indexes do NOT exist for the eastern public domain states of Arkansas, Illinois, Indiana, Iowa, Michigan, Minnesota, Mississippi, Missouri, Ohio, and Wisconsin before 1908. In addition to the required minimum identification of the land file (blocks 1-5), you must provide the type of file, the file number, and the name of the land office that issued the file (blocks 7-9). You can obtain this information from the Bureau of Land Management (BLM) by providing the BLM with the legal description of the land (numbered section, township, and range). The BLM has also computerized records of patented land entries for all public domain states except Kansas, Nebraska, and Oklahoma. The BLM General Land Office (GLO) records automation website <a href="www.glorecords.blm.gov">www.glorecords.blm.gov</a> has the information needed to locate the land entry files at the National Archives, and it is name searchable. Contact the Bureau of Land Management, Eastern States, 7450 Boston Blvd., Springfield, VA 22153.

Name indexes available. Starting July 1, 1908, the files are arranged numerically by patent number, for all public domain states. A name index exists for ALL public domain states for post-1908 land files. For these files, we require the entryman's name, the state in which the land was located, and the approximate date of the entry (blocks 1-5). Any additional information you can provide is appreciated. The BLM has computerized all serial land patent files. Your may search these records at <a href="https://www.glorecords.blm.gov">www.glorecords.blm.gov</a>.

### SURRENDERED MILITARY BOUNTY LAND WARRANT FILES

These files are arranged by the year of the Act of Congress which authorized the warrants, the warrant number, and by the number of acres granted. There are name indexes for the Revolutionary War and most of the War of 1812 warrants. There are no indexes for the warrants under the acts of 1847-1855. For those files, you must provide the year of the act, the warrant number, and the number of acres (blocks 11-13). You may obtain the file citation from the pension and bounty land warrant application files, by using the NATF Form 85, National Archives Order for Copies of Federal Pension or Bounty Land Warrant Applications, available by writing to *Archives Archival Operations Washington D.C.*, Form 84 – Land, National Archives and Records Administration, 700 Pennsylvania Avenue NW, Washington, DC 20408-0001 or online at www.archives.gov/contact along with electronic versions of this and other forms.
