SUPPLEMENTARY INFORMATION:
Title of Collection: Consumer Response Company Response Survey.
OMB Control Number: 3170–0069.

Type of Review: Extension without change of a currently approved collection.

Affected Public: Individuals or households.

Estimated Number of Respondents: 66,700.

Estimated Total Annual Burden Hours: 4,669.

Abstract: The Bureau will use this information collection to garner consumer feedback through an optional survey at the end of the consumer complaint process. Through the existing survey, consumers have the option to provide feedback on the company’s response to and handling of their complaint. The results of this feedback are shared with the company that responded to the complaint to inform its complaint handling. The Bureau also uses this feedback as one of several inputs to inform its work to assess the accuracy, completeness, and timeliness of company responses to consumer complaints.

This information collection asks three questions about the company’s response to and handling of any complaint and requires a narrative description in support of any provided answers. Positive feedback about the company’s handling of the consumer’s complaint would be reflected by affirmative answers to each question and by the narrative in support of each answer. The Company Response Survey allows consumers to offer both positive and negative feedback on their complaint experience.

Request for Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau’s estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB’s approval. All comments will become a matter of public record.

Anthony May,
Paperwork Reduction Act Officer, Consumer Financial Protection Bureau.
