Determination of Reporting Status

Survey Coverage and Reporting Instructions

The table below outlines the types of insurance transactions covered by this survey. Some of the reporting requirements in this survey are based on the values U.S. Reporter's transactions with foreign persons during its 2023 calendar year in the categories listed. Use the instructions provided to complete the rest of the survey.

Transaction code	Transaction Type
1	Premiums earned on reinsurance assumed from insurance companies resident abroad
2	Losses incurred on reinsurance assumed from insurance companies resident abroad
3	Premiums incurred on reinsurance ceded to insurance companies resident abroad
4	Losses recovered on reinsurance ceded to insurance companies resident abroad
5	Premiums earned from primary insurance sold to foreign persons
6	Losses incurred on primary insurance sold to foreign persons
7	Receipts for auxiliary insurance services provided to foreign persons
8	Payments for auxiliary insurance services provided by foreign persons

How to calculate transaction codes 1–4

For property and casualty insurance companies

Calculate premiums (transaction codes 1 and 3) as follows: Premiums written (transaction code 1) or ceded (transaction code 3) during 2023, plus unearned premiums at the beginning of the year, minus unearned premiums at the end of the year. Report premiums net of cancellations. Report premiums gross of commissions and profit commissions paid to or received from foreign persons, including commissions initially paid to or received from a U.S. intermediary (agent or broker) of a foreign person.

Calculate losses (transaction codes 2 and 4) as follows: Losses paid (transaction code 2) or recovered (transaction code 4) during 2023, plus case reserves at the end of the year, plus losses incurred but not reported at the end of the year, minus case reserves at the beginning of the year, minus losses incurred but not reported at the beginning of the year. Losses paid or recovered should not include loss adjustment expenses (reportable on Schedule B).

For life insurance companies

Premiums received (transaction code 1) and paid (transaction code 3) reflect premiums accrued on reinsurance assumed from or ceded to insurance companies resident abroad. These amounts, therefore, are adjusted for changes in due, deferred, and advanced premiums for each year. Report premiums gross of commissions and profit commissions paid to or received from foreign persons, including commissions initially paid to or received from a U.S. intermediary (agent or broker) of a foreign person.

Losses paid (transaction code 2) and recovered (transaction code 4) reflect policy claims on reinsurance assumed or ceded, adjusted for changes in claims due, unpaid, and in the course of settlement.

How to calculate transaction codes 5 and 6

For property and casualty insurance companies

Calculate premiums (transaction code 5) as follows: Premiums written during 2023, plus unearned premiums at the beginning of the year, minus unearned premiums at the end of the year. Report premiums net of cancellations. Report premiums gross of commissions and profit commissions paid to or received from foreign persons, including commissions initially paid to or received from a U.S. intermediary (agent or broker) of a foreign person.

Calculate losses incurred (transaction code 6) as follows: Losses paid during 2023, plus case reserves at the end of the year, plus losses incurred but not reported at the end of the year, minus case reserves at the beginning of the year, minus losses incurred but not reported at the beginning of the year. Losses paid or recovered should not include loss adjustment expenses (reportable under transaction codes 7 and 8).

For life insurance companies

Report premiums earned (transaction code 5). These amounts should be adjusted for changes in due, deferred, and advanced premiums for 2023. Report premiums gross of commissions and profit commissions paid to foreign persons, including commissions initially paid to a U.S. intermediary (agent or broker) of a foreign person.

Calculate transaction code 6 as follows: Losses incurred reflect policy claims on primary insurance assumed, adjusted for changes in claims due, unpaid, and in the course of settlement.

7 What range below represents the consolidated domestic U.S. Reporter’s number of U.S. employees at the end of 2023?

Include all full-time and part-time U.S. employees of the consolidated domestic U.S. Reporter, but exclude temporary and contract employees not included on your payroll records. A count taken at some other date during the reporting period may be used if it is a reasonable estimate of employees on the payroll at the end of 2023. If the number of employees at the end of 2023 (or when the count was taken) was unusually high or low due to temporary factors (e.g., a strike), select the range of employees that reflects normal operations. If the number of employees fluctuates widely during the year due to seasonal business variations, select the average number of employees on the payroll during calendar year 2023. Base such an average on the number of employees on the payroll at the end of each pay period, month or quarter.

U.S. Reporter's Income on Technical Reserves

Insurance technical reserves are liabilities of the insurance companies to policyholders and beneficiaries that represent the amounts identified by insurance companies to account for prepayments of premiums, amounts expected to be paid out in the settlement of claims, and reserves for dividends and rebates.

13 Did the U.S. Reporter have income on technical reserves for cross-U.S. border insurance transactions with foreign persons in 2023?

- ¹ Yes — Continue to the next question.
- ¹ No — Skip to the next page.

14 Report the U.S. Reporter's income on technical reserves on cross-border insurance transactions below.

Note: Income on technical reserves is measured as interest accretion on liabilities to policyholders, and also includes dividends, capital gains, or other similar returns from investing policy reserves. Only include income on technical reserves for cross-U.S. border insurance transactions with foreign affiliates, foreign parents and foreign affiliates of foreign parents, and unaffiliated foreign persons. Understanding Reporting Relationships (For use on Schedules A and B)

Transactions accrued during calendar year 2023 should be reported by the country of the foreign transactor, and by the foreign transactor's relationship to the **U.S. Reporter**. The relationship between the **U.S. Reporter** and the foreign transactor falls into one of three categories:

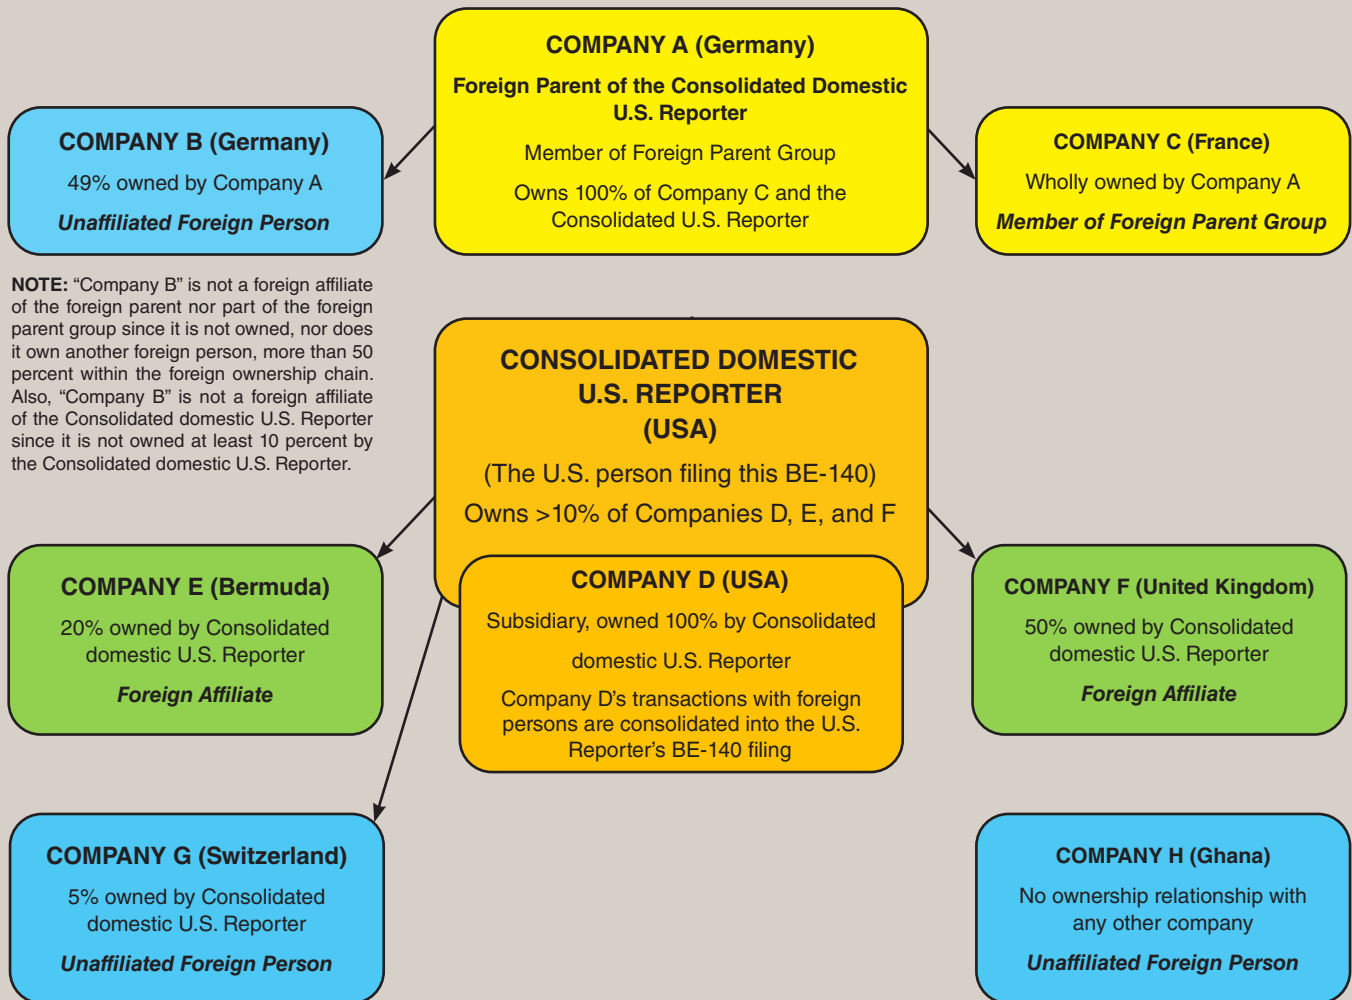

Foreign Affiliates – A foreign affiliate is defined as a person domiciled in a foreign country that is owned at least 10 percent (based on voting interest), directly or indirectly, by the U.S. Reporter.

Foreign Parents and Foreign Affiliates of Foreign Parents (aka the “foreign parent group”) – Foreign Parents and Foreign Affiliates of Foreign Parents (aka the “foreign parent group”) means all of the following:

- (i) the foreign parent, which is the first person outside the United States in a foreign chain of ownership, that owns at least 10 percent (based on voting interest), directly or indirectly, of the consolidated domestic U.S. business enterprise.
- (ii) any foreign person proceeding up the foreign parent's ownership chain, that owns more than 50 percent of the person below it up to and including the person that is not owned more than 50 percent by another foreign person,
- (iii) any foreign person, proceeding down the ownership chain(s) of each of these members, that is owned more than 50 percent by the person above it.

Unaffiliated Foreign Persons – An unaffiliated foreign person is a person domiciled abroad that is not owned, or is owned less than 10 percent, directly or indirectly, by the U.S. Reporter or the U.S. Reporter's foreign parent.

The diagram below illustrates each of these relationships with regards to the U.S. Reporter.

To report transactions on **Schedule A**, continue to the next page. To report transactions on **Schedule B** skip to page 18.

Reporting Instructions for Schedule A

Reporting Instructions

IMPORTANT — Transactions accrued during calendar year 2023 should be reported by country, transaction type, and according to the U.S. Reporter’s relationship with the foreign transactor. **ONLY** report transactions between the U.S. Reporter’s domestic operations and foreign persons. **DO NOT** report transactions between the U.S. Reporter’s foreign affiliates and foreign persons, between the U.S. Reporter’s domestic operations and other U.S. persons, or transactions between other U.S. persons and the U.S. Reporter’s foreign affiliates.

Trans- action code	Report Reinsurance Transactions on Schedule A
1	Premiums earned on reinsurance assumed from insurance companies resident abroad
2	Losses incurred on reinsurance assumed from insurance resident abroad
3	Premiums incurred on reinsurance ceded to insurance companies resident abroad
4	Losses recovered on reinsurance ceded to insurance companies resident abroad

How to Report:

1) Using the table below, identify which schedule(s) must be completed based on the U.S. Reporter’s relationship with the foreign transactor (see the previous page for more information on reporting relationships).

Schedule	Relationship with the consolidated domestic U.S. Reporter	Page
A1	Foreign affiliates	15
A2	Foreign parent(s) and other members of the foreign parent group	16
A3	Unaffiliated foreign persons	17

2) In column 1 of the appropriate schedule, enter the country of the foreign transactor.

3) In columns 3 through 6, enter the U.S. Reporter’s totals for each type of transaction with the country named in column 1.

Example:

The U.S. Reporter had a total of \$3,525,000 in premiums incurred on reinsurance ceded to its foreign parent group in Germany.

Per the table above, premiums incurred on reinsurance ceded to the foreign parent group are reportable on **Schedule A2**, which is on page 16.

Schedule A2	Foreign parent(s) and other members of the foreign parent group	Page 16
-------------	---	---------

On **Schedule A2**, enter “Germany” in column 1. Enter “3,525” in the column marked premiums incurred on reinsurance ceded (column 5).

IMPORTANT – Report amounts in thousands of U.S. dollars (omitting 000). Round amounts less than \$500.00 to 0. Do not enter amounts in the shaded portions of each item.

GENERAL INSTRUCTIONS

Public reporting burden for this BE-140 report is estimated to average 4.5 hours per response. This burden includes time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to Director, Bureau of Economic Analysis (BE-1), U.S. Department of Commerce, 4600 Silver Hill Rd., Washington, DC 20233; and to the Office of Management and Budget, Paperwork Reduction Project 0608-0073, Washington, DC 20503.

Purpose — The 2023 Benchmark Survey of Insurance Transactions by U.S. Insurance Companies with Foreign Persons is conducted by the Department of Commerce to obtain data on the size and economic significance of these transactions. The data will be used in compiling the U.S. international transactions accounts and national income and product accounts. The information will also be used to formulate U.S. policy and to analyze the impact of that policy, and the policies of foreign countries, on such international transactions.

Authority — This survey is being conducted under the authority of the International Investment and Trade in Services Survey Act (P.L. 94-472, 90 Stat. 2059, 22 U.S.C. 3101-3108, as amended — hereinafter “the Act”), and the filing of reports is mandatory under section 5(b)(2) of the Act (22 U.S.C. 3104). Regulations for the survey may be found in 15 CFR Part 801. The survey has been approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act (44 U.S.C. 3501, et seq).

Penalties — Persons who fail to report may be subject to a civil penalty of not less than \$4,454, and not more than \$44,539, and to injunctive relief commanding such person to comply, or both. These civil penalties are subject to inflationary adjustments. Those adjustments are found in 15 CFR 6.4. Whoever willfully fails to report shall be fined not more than \$10,000 and, if an individual, may be imprisoned for not more than one year, or both. Any officer, director, employee, or agent of any corporation who knowingly participates in such violations, upon conviction, may be punished by a like fine, imprisonment, or both. (See 22 U.S.C. 3105.) Notwithstanding the above, a U.S. person is not subject to any penalty for failure to report if a valid OMB control number is not displayed on the form. The control number for Form BE-140 (0608-0073) is displayed at the top of the first page of this form.

Confidentiality — The Act provides that your report to this Bureau is **confidential** and may be used only for analytical and statistical purposes. Without your prior written permission, the information filed in your report **cannot** be presented in a manner that allows it to be individually identified. Your report **cannot** be used for purposes of taxation, investigation, or regulation. Copies retained in your files are immune from legal process. Per the Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through security monitoring of BEA information systems.

I. WHO IS TO REPORT AND GENERAL COVERAGE

A. Who must report — The publication in the Federal Register of the final rule implementing this survey is considered legal notice to U.S. persons of their obligation to report. Therefore, a response is required from persons subject to the reporting requirements of the survey, whether or not they are contacted by BEA.

1. Mandatory and voluntary reporting

a. Mandatory reporting — A BE-140 report is required from each U.S. insurance company that had insurance transactions with foreign persons in the categories covered by the survey during the 2023 calendar year.

Each U.S. insurance company that:

- (1) had insurance transactions with foreign persons that exceeded \$2 million (positive or negative) in at least one of the insurance categories covered by the survey during its 2023 calendar year, on an accrual basis, is required to provide data on the total transactions of each of the covered types of insurance transactions and must disaggregate the totals by country and by relationship to the foreign counterparty (foreign affiliate, foreign parent group, or unaffiliated), **OR**
- (2) had insurance transactions with foreign persons that were between positive \$2 million and negative \$2 million in each of the insurance categories covered by the survey during its 2023 calendar year, on an accrual basis, is required to provide the total for each type of transaction in which they engaged.

The \$2 million threshold for mandatory reporting is based on covered transactions with foreign persons by all parts of the consolidated domestic U.S. Reporter.

The determination of whether a U.S. Reporter is subject to this reporting requirement may be based on the judgment of knowledgeable persons in a company who can identify reportable transactions on a recall basis, with a reasonable degree of certainty, without conducting a detailed manual records search.

Provide responses to all questions as they pertain to the consolidated domestic U.S. Reporter's 2023 calendar year. In the “determination of reporting status” section, in the transaction type table, enter the total insurance transactions between the U.S. Reporter and foreign persons for each transaction type listed. Report amounts in thousands of U.S. dollars (omitting 000). For example, if the amount is \$1,334,515.00, report it as \$1,335.

If the U.S. Reporter's transactions with foreign persons exceeded \$2 million (positive or negative) in any transaction types, the U.S. Reporter **MUST** provide additional country/affiliation detail on Schedule(s) A and/or B as indicated in question 12 on page 11.

Enter the total transaction amounts, applicable to a particular schedule, in the appropriate column(s) on line 34 of the Schedules A and/or B. Distribute amounts to the foreign country(ies) involved in the transaction(s) on the lines above the total line on each applicable schedule, by affiliation type. Use additional copies of the schedules, or the available overflow sheets, to report additional countries and transaction types as necessary.

b. Voluntary reporting

If, during calendar year 2023, total transactions were between positive \$2 million and negative \$2 million in each of the insurance categories covered by the survey, on an accrual basis, the U.S. Reporter may, in addition to providing the required total for each type of transaction on page 5, voluntarily report transactions at a country and affiliation level of detail on the applicable mandatory schedule(s). The estimates may be judgmental, that is, based on recall, without conducting a detailed records search.

c. Exemption — Any U.S. person that receives the BE-140 survey form from BEA, but is not subject to the reporting requirements, must file an exemption claim by completing the determination of reporting status section (pages 1 through 5) of the BE-140 survey and returning it to BEA by the due date of the survey. This requirement is necessary

GENERAL INSTRUCTIONS — Continued

to ensure compliance with reporting requirements and efficient administration of the Act by eliminating unnecessary follow-up contact.

B. Transactions involving a broker — At times, insurance transactions between a U.S. person and a foreign person may be arranged by, billed through, or otherwise facilitated by, a broker, agent, or intermediary. In order to avoid duplication, the data should be reported by the insurance company assuming the risk or recovering or paying the loss. Brokers, agents, and intermediaries are generally not to report.

II. WHAT TO REPORT

- A.** Report transactions with affiliated foreign persons as well as with unaffiliated foreign persons (see **DEFINITIONS IV.J-M**). **Please file the appropriate schedules to report transactions with (1) your foreign affiliates, (2) your foreign parent(s), and other members of the foreign parent group, and (3) unaffiliated foreign persons.**
- B.** Report transactions with alien insurance groups, whether or not funds remitted to and from these organizations are cleared through their American Trust Funds.
- C.** Note that the criterion for reporting is whether the transaction is between a U.S. person and a foreign person. It is immaterial whether the assets insured are located in the United States or abroad.
- D.** Report transactions with U.S. affiliates of foreign firms **for the account of their foreign parent firm**. (Report them on the schedule covering your transactions with unaffiliated foreign persons.)
- E.** Report transactions with foreign persons made by your foreign affiliate **for your account**. (Report them on the schedule covering your transactions with unaffiliated foreign persons.)

III. WHAT NOT TO REPORT

- A.** Do **not** report transactions with U.S. affiliates of foreign firms for their own account. Transactions with these U.S. affiliates are considered domestic-to-domestic for purposes of this survey.
- B.** Do **not** report transactions with foreign persons made by your foreign affiliates **for their own account**.
- C.** Do **not** report premiums paid to, or losses recovered from, foreign insurance companies for primary insurance. Premiums on such insurance purchased from foreign insurance companies are to be reported on Form BE-120, Benchmark Survey of Transactions in Selected Services and Intellectual Property with Foreign Persons, and on Form BE-125, Quarterly Survey of Transactions in Selected Services and Intellectual Property with Foreign Persons. Copies of these surveys can be downloaded from BEA's web site at <http://www.bea.gov/ssb>.

The fully consolidated U.S. domestic enterprise excludes foreign branches and other foreign affiliates.

Conditions may exist that would lead a U.S. corporation to exclude certain majority-owned (more than 50 percent owned) domestic subsidiaries from financial statements used in reports to shareholders. If such a subsidiary has covered transactions, it must file a report under its own name, and the subsidiary will be considered the U.S. Reporter for purposes of this survey.

- F. Person** means any individual, branch, partnership, associated group, association, estate, trust, corporation, or other organization (whether or not organized under the laws of any State), and any government (including a foreign government, the U.S. Government, a State or local government, and any agency, corporation, financial institution, or other entity or instrumentality thereof, including a government sponsored agency).
- 1. U.S. person** means any person resident in the United States or subject to the jurisdiction of the United States.
 - 2. Foreign person** means any person resident outside the United States or subject to the jurisdiction of a country other than the United States.

G. Business enterprise means any organization, association, branch, or venture which exists for profit-making purposes or to otherwise secure economic advantage, and any ownership of any real estate. (A business enterprise is a "person" within the definition in paragraph F above.)

H. Direct investment means the ownership or control, directly or indirectly, by one person of 10 percent or more of the voting stock of an incorporated business enterprise, or an equivalent ownership interest in an unincorporated business enterprise.

I. Parent means a person of one country who, directly or indirectly, owns or controls 10 percent or more of the voting stock of an incorporated business enterprise or an equivalent ownership interest in an unincorporated business enterprise, which is located outside that country.

- 1. U.S. parent** means the U.S. person that has direct investment in a foreign business enterprise.
- 2. Foreign parent** means the foreign person, or the first person outside the United States in a foreign chain of ownership, which has direct investment in a U.S. business enterprise, including a branch.

J. Foreign parent group means (i) the foreign parent, (ii) any foreign person, proceeding up the foreign parent's ownership chain, which owns more than 50 percent of the person below it up to and including that person which is not owned more than 50 percent by another foreign person, and (iii) any foreign person, proceeding down the ownership chain(s) of each of these

GENERAL INSTRUCTIONS — Continued

members that is owned more than 50 percent by the person above it.

K. Affiliate means a business enterprise located in one country that is directly or indirectly owned or controlled by a person of another country to the extent of 10 percent or more of its voting stock for an incorporated business or an equivalent interest for an unincorporated business, including a branch.

1. Foreign affiliate means an affiliate located outside the United States in which a U.S. person has direct investment.

2. U.S. affiliate means an affiliate located in the United States in which a foreign person has direct investment.

L. Foreign affiliate of a foreign parent means, with reference to a given U.S. affiliate, any member of the foreign parent group owning the U.S. affiliate that is not a foreign parent of the U.S. affiliate.

M. Unaffiliated foreign person means, with respect to a given U.S. person, any foreign person that is not an affiliated foreign person as defined in paragraph K above.

N. Country means the country of location of the foreign person with whom a transaction has occurred.

IV. OTHER INSTRUCTIONS

A. Distinguishing between unaffiliated and affiliated transactions — This survey covers U.S. persons' direct transactions, both sales and payments (purchases), with affiliated and unaffiliated foreign persons.

Examples of affiliated transactions are:

1. A transaction between a U.S. person (U.S. parent) and its foreign affiliate.
2. A transaction between a U.S. person (U.S. affiliate) and its foreign parent(s) or member(s) of the foreign parent group(s).

Examples of unaffiliated transactions are:

1. A transaction between a U.S. person and an unaffiliated foreign person.
2. A transaction between one U.S. person and another U.S. person's foreign affiliate. Such a transaction is reportable by the first U.S. person.

Examples of transactions that are not reportable are:

1. A transaction between a U.S. affiliate of a foreign parent and another U.S. person.
2. A transaction between a U.S. parent's foreign affiliate and another foreign person.

B. Understanding the U.S. Reporter's relationship with foreign persons — The relationship between the U.S. Reporter and the foreign persons fall into one of three categories:

Foreign affiliates — A foreign affiliate is defined as a person domiciled in a foreign country that is owned at least 10 percent, directly or indirectly, by the U.S. Reporter.

Foreign Parents (FP) and Foreign Affiliates of Foreign Parents (FAFP) (aka the "foreign parent group") means all of the following:

- (i) the foreign parent, which is the first person outside the United States in a foreign chain of ownership, that owns at least 10% (based on voting interest), directly or indirectly, of the consolidated domestic U.S. business enterprise.
- (ii) any foreign person proceeding up the foreign parent's ownership chain, that owns more than 50 percent of the person below it up to and including the entity that is not owned more

than 50 percent by another foreign person,

- (iii) any foreign person that, proceeding down the ownership chain(s) of each of these members, is owned more than 50 percent by the person above it.

Unaffiliated foreign persons — An unaffiliated foreign person is a person domiciled abroad that is owned less than ten percent, directly or indirectly, by the U.S. Reporter or the U.S. Reporter's foreign parent.

The diagram below illustrates each of these relationships with regards to the U.S. Reporter.

C. Foreign activities of a U.S. person that do not constitute a foreign affiliate — Although the definitions of direct investment and foreign affiliate in Part III. above, together with the discussion in Part IV.A above, should be sufficient to determine whether a given foreign activity is or is not a foreign affiliate, in a number of cases the determination may be difficult. Several factors to be considered are given below. If you still cannot determine if the activity or operation is an affiliate, call (301) 278-9303 or send an e-mail to be-140help@bea.gov for additional guidance.

If a U.S. person's foreign activity or operation is incorporated abroad, it is a foreign affiliate.

If a U.S. person's foreign activity or operation is not incorporated abroad, its status is based on the weight of the evidence when the factors listed below are considered.

An unincorporated foreign activity or operation generally would

GENERAL INSTRUCTIONS — Continued

be considered a foreign affiliate if it: (i) is subject to foreign income taxes; (ii) has a substantial physical presence abroad (e.g., plant and equipment or employees); (iii) maintains separate financial records that would permit the preparation of financial statements, including an income statement and balance sheet (not just a record of disbursements and receipts); (iv) takes title to the goods it sells and receives revenues therefrom; or (v) receives funds for its own account from customers for services it performs. Transactions with this type of entity should be reported under “Foreign affiliates.”

An unincorporated foreign activity or operation generally would not be considered a foreign affiliate if it: (i) conducts business abroad only for the U.S. person’s account and not for its own account (e.g., sales promotion or public relations type of activities); (ii) has no separate financial statements; (iii) receives funds to cover its expenses only from the U.S. person; (iv) is not subject to foreign income taxes; and (v) has limited physical assets, or employees, permanently located abroad. Transactions with this type of entity should be reported under “Unaffiliated foreign persons.”

D. U.S. activities of a foreign person that do not constitute a U.S. affiliate — Criteria for determining which U.S. activities do or do not constitute a U.S. affiliate of a foreign person are parallel to those in Part IV.C. above.

E. Determining who must report a transaction when an intermediary is involved — At times, transactions between a U.S. person and a foreign person may be arranged by, billed through, or otherwise facilitated by, an intermediary. The intermediary may be U.S. or foreign, and may be affiliated or unaffiliated with the U.S. or the foreign person.

A determination of whom a sale is to, or whom a purchase is from, should be made on the basis of whom the U.S. person considers itself to have a claim on for payment, in the case of a sale, or whom it has a liability to, in the case of a purchase. For a sale, if the U.S. person looks to the foreign person for payment, then the transaction is between the U.S. person and the foreign person, and is to be reported by the U.S. person. If the U.S. person looks to the intermediary for payment, and the intermediary, in turn, looks to the foreign person for payment, then whether either transaction is reportable, and who it is to be reported by, depends on the location of the intermediary and the relationship between the U.S. person and the intermediary.

If the intermediary is a foreign person, then the U.S. person would report the transaction as a transaction with a foreign person.

If the intermediary is a U.S. person, then the initial transaction between the original U.S. person and the intermediary is domestic-to-domestic and not reportable in this survey. However, the intermediary must report the transaction with the foreign person.

The reportability of a purchase would be determined in a similar manner.

VI. SPECIFIC ITEM INSTRUCTIONS

Schedule A

How to calculate transaction codes 1–4

For property and casualty insurance companies

Calculate premiums (transaction codes 1 and 3) as follows: Premiums written (transaction code 1) or ceded (transaction code 3) during 2023, plus unearned premiums at the beginning of the year, minus unearned premiums at the end of the year. Report premiums

net of cancellations. Report premiums gross of commissions and profit commissions paid to or received from foreign persons, including commissions initially paid to or received from a U.S. intermediary (agent or broker) of a foreign person.

Calculate losses (transaction codes 2 and 4) as follows: Losses paid (transaction code 2) or recovered (transaction code 4) during 2023, plus case reserves at the end of the year, plus losses incurred but not reported at the end of the year, minus case reserves at the beginning of the year, minus losses incurred but not reported at the beginning of the year. Losses paid or recovered should not include loss adjustment expenses (reportable on Schedule B).

For life insurance companies

Premiums received (transaction code 1) and paid (transaction code 3) reflect premiums accrued on reinsurance assumed from or ceded to insurance companies resident abroad. These amounts, therefore, are adjusted for changes in due, deferred, and advanced premiums for each year. Report premiums gross of commissions and profit commissions paid to or received from foreign persons, including commissions initially paid to or received from a U.S. intermediary (agent or broker) of a foreign person.

Losses paid (transaction code 2) and recovered (transaction code 4) reflect policy claims on reinsurance assumed or ceded, adjusted for changes in claims due, unpaid, and in the course of settlement.

Schedule B

How to calculate transaction codes 5 and 6

For property and casualty insurance companies

Calculate premiums (transaction code 5) as follows: Premiums written during 2023, plus unearned premiums at the beginning of the year, minus unearned premiums at the end of the year. Report premiums net of cancellations.
