Instructions

**GROUNDFISH/HALIBUT CDQ AND PROHIBITED SPECIES QUOTA (PSQ)
TRANSFER REQUEST**

DO NOT USE THIS FORM TO TRANSFER BERING SEA CHINOOK SALMON PROHIBITED SPECIES CATCH (PSC)

To transfer Bering Sea Chinook Salmon PSC, use the Application for Transfer of Bering Sea Chinook Salmon PSC Allocations.

A Western Alaska Community Development Quota (CDQ) group may request to transfer all or part of its annual groundfish and halibut CDQ or Prohibited Species Quota (PSQ) for Aleutian Islands Chinook salmon, non-Chinook salmon, Pacific Halibut, and Bering Sea crab. Once approved, a CDQ or PSQ transfer is effective for the year for which the transfer is requested. A CDQ group also may convert amounts of halibut PSQ to a small catcher vessel halibut PSC limit for purposes of accounting for halibut bycatch in the CDQ small catcher vessel groundfish fishery.

Certification

Non-electronic submittal – The transferor's and transferee's designated representatives must sign and date the application certifying that all information is true, correct, and complete.

Electronic submittal – The transferor's and transferee's designated representatives must log into the system and create a transfer request as indicated on the computer screen. By using the transferor's NMFS ID, password, and Transfer Key and submitting the transfer request, the designated representative certifies that all information is true and correct.

Type or print legibly in ink; retain a copy of completed application for your records.

NMFS will review the transferor's catch account during a transfer request to ensure sufficient CDQ or PSQ is available to transfer. NMFS will notify the transferor and transferee when the application is received and approved. A transfer of CDQ or PSQ is not effective until approved by NMFS.
