Conditions of Use

- This warning banner provides privacy and security notices consistent with applicable federal laws, directives, and other federal guidance for accessing this Government system, which includes (1) this computer network, (2) all computers connected to this network, and (3) all devices and storage media attached to this network or to a computer on this network.
- This system is provided for Government-authorized use only.
- Unauthorized or improper use of this system is prohibited and may result in disciplinary action and/or civil and criminal penalties.
- Personal use of social media and networking sites on this system is limited as to not interfere with official work duties and is subject to monitoring.
- By using this system, you understand and consent to the following:
 - The Government may monitor, record, and audit your system usage, including usage of personal devices and email systems for official duties or to conduct HHS business. Therefore, you have no reasonable expectation of privacy regarding any communication or data transiting or stored on this system. At any time, and for any lawful Government purpose, the government may monitor, intercept, and search and seize any communication or data transiting or stored on this system.
 - Any communication or data transiting or stored on this system may be disclosed or used for any lawful Government purpose.

Funded FOA users: Type the User ID and password assigned to you for this application.

- Passwords are case-sensitive.
- For security reasons, a period of 45 or more minutes of inactivity requires that you log in again.
- After 5 unsuccessful attempts to log in, your account will be temporarily locked for 15 minutes.

Session Time Out Warning

For your security, your CDMIS session will time out after 45 minutes of inactivity. Any information that has not been saved will be lost. After 35 minutes of inactivity, you will receive a pop-up message indicating your remaining time. If you choose to continue your session, your time will be extended by 45 additional minutes.

Login, Continued

State Oral Disease Prevention Funding Opportunity Announcement OMB Information:

Form Approved: OMB 0920-0739

Expiration Date: 9/30/2019

Public reporting burden of this collection of information varies from 3 to 15 hours with an estimated average of 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0739)

* Executive Summary:

ABC

The Georgia Comprehensive Cancer Control Program (GCCCCP) is part of a national effort launched by the Centers for Disease Control and Prevention (CDC) aimed at reducing cancer-related morbidity and mortality. Based on Healthy People 2020 National Objectives and the CDC model for Comprehensive Cancer Control (CCC) programs across the nation, the GCCCCP is grounded in partnerships and the collective efforts of communities to reduce all cancer rates.

The mission of GCCCCP is to reduce cancer-related morbidity and mortality. The program goals are: 1) To bring together key partners and organizations to develop, implement and evaluate a plan to reduce the number of community members who get or die from cancer and 2) To utilize the Georgia cancer plan as a road map for comprehensive cancer prevention and control that focus on the following eight priority areas: Cancer risk reduction – tobacco and obesity; Vaccination for human papilloma virus; Breast and cervical cancer screening; Colorectal cancer screening; Lung cancer screening; Quality cancer diagnosis and treatment; Access to palliative care and survivorship; and Patient Case Management and Care Coordination. The program provides the following services: Maintains the partnerships essential to reducing cancer-related morbidity and

Edit Leadership Team Narrative

* Plan Status:

- Draft
- Finalized

* Description of Program Infrastructure and Perspective Roles of Leadership Team Members:

ABC

The Georgia Cancer Programs Leadership Team consist of staff from Georgia Breast and Cervical Cancer Program (GBCCP), Georgia Comprehensive Cancer Control Program (GCCCCP), Georgia Cancer Control Registry (GCCR), and Cancer State Aid (CSA) that will lend their subject matter expertise to coordinate cancer prevention and control activities across the four program components. *The GBCCP and the GCCCCP equally split the Evaluator.

Characters: 429 / Maximum: 5000

* Communication Protocol:

ABC

The Georgia Cancer Programs Leadership Team will meet every other month on second Thursdays from 1-2 PM—unless otherwise determined due to state holidays, major conferences, etc. The GCCCCP Director will send meeting appointments via Outlook. The GCCCCP Director will draft an agenda and distribute at least one week in advance to GBCCP, GCCR and Cancer State Aid Directors for feedback. Team members will take turns taking meeting minutes. The recorder for the next meeting will be determined after each meeting. The GCCCCP Director will distribute meeting minutes to

Characters: 774 / Maximum: 5000

* Summary of Coordination Activities:

ABC

Meetings will provide the opportunity to coordinate activities and discuss progress for implementing this CDC-approved team plan. All Program Directors (GBCCP, GCCCCP, GCCR, and CSA) serve on the Georgia Cancer Control Consortium (GC3) Steering Team. The Program Directors and their staff (as assigned) are responsible for lending their expertise by serving on at least one GC3 Work Group as follows: Early Detection and Screening Work Group: GBCCP Nurse Consultant and GCCR Director; HPV Prevention Work Group: GCCCCP Director and GCCCCP Epidemiologist; Palliative Care Work Group:

Introduction

The Reports section allows you to generate the Annual Performance Report, which provides a high-level view of the yearly progress the recipient is making towards meeting outcomes and performance measures.

Information from various sections of CDMIS is used to generate the reports. CDMIS guides you through a series of steps required for creating the report. Before finalizing the report, you will have the option to create a draft version of the report for review. Any updates necessary once the draft report is generated should be made in CDMIS and a new draft copy of the report should be run. Once you are satisfied with the information contained in the draft report, you will have the option to finalize and print the report for submission to the CDC.

Annual Performance Report

The Annual Performance Report serves as the continuation application. For new FOAs, this report replaces the Interim and Annual Progress Reports. This report provides a high-level view of the yearly progress the recipient is making towards meeting outcomes and performance measures.

Creating an Annual Performance Report

CDMIS guides you through the following five (5) steps required to generate the Annual Performance Report:

- Step 1: Review Errors in Current Action Plan
- Step 2: Enter Report Narrative
- Step 3: Transfer Information
- Step 4: Review Errors in the New Action Plan
- Step 5: Update Report Status

Each step must be completed in the order shown. Subsequent steps are not accessible until the current step is complete.

- Once a report is finalized for you to submit to CDC, the report can no longer be modified.
- The next year's Annual Performance Report is available only after the current year's report is finalized.

Step 1: Review Errors in Current Action Plan

In **Step 1: Review Errors in Current Action Plan**, CDMIS reviews the current Action Plan to check that information required for generating the Annual Performance Report has been entered. The following information is required for the Annual Performance Report:

- Each AO must have progress entered for the first 6-months.
- Each PPO must align with NCCCP priority areas and have at least three evidence-based interventions (EBIs).
- Each EBI must have activities that align with the five funding opportunity announcement (FOA) strategies (Program Collaboration, External Partnerships, Cancer Data and Surveillance, Implementation of EBIs, and Program Monitoring and Evaluation.).

To complete Step 1 of the Annual Performance Report process:

1. Click the *Reports* tab.

Result: The system displays the *Annual Performance Report* page.

Year:

Annual Performance Report - DRAFT

[Print Report](#)

Process	Status
Step 1: Review Errors in Current Action Plan	Incomplete
Step 2: Enter Report Narrative	Incomplete
Step 3: Transfer Information	Incomplete
Step 4: Review Errors in New Action Plan	Incomplete
Step 5: Update Report Status	DRAFT

Note

- Initially, the status of each step is ~~set to complete~~ **Incomplete**. As you finish a step, the status is automatically changed to **Complete**.
- Each step must be completed in the order shown. Subsequent steps are not accessible until the current step is complete.

2. Click on the **Review Errors in Current Action Plan** link.

Result: The system displays the *Step 1 of 5: Review Errors in Current Action Plan* page.

2017-2018 Reports

Annual Performance Report - DRAFT

[Print this page](#)

Step 1 Of 5: Review Errors in Current Action Plan

Listed below are all objectives and activities to be included in the report. Please print this page, review and correct any invalid information in the Action Plan tab. The following information is required below & in [Action Plan guidance](#):

- Each Project Period Objective must have at least one PROGRESS entered.
- Each PPO must align with NCCCP priority areas and have at least three **evidence-based interventions (EBIs)**.
- Each Annual Objective must have at least one PROGRESS entered.
- Each EBI must have 5 **ACTIVITIES** entered that align with the five funding opportunity announcement (FOA) strategies (Program Collaboration, External Partnerships, Cancer Data and Surveillance, Implementation of EBIs, and Program Monitoring and Evaluation).

Go to the **Action Plan** tab to update objectives and EBIs with icons below. Once all corrections have been made, select **FINISH**.

Action Plan

Objectives	Progress Entered?	Activity Entered?
PPO: 1.00 - Decrease the proportion of breast cancer mortality rate from 60 to 10 by June 2022.		N/A
AO: 1.1 - Increase the percent of women aged 50 to 74 years who have had mammography screening within the past two years from 25% to 65% by June 2018.		N/A
EBI: 1.1.0.1 - Health Systems Changes: Client reminders to increase community demand for cancer screening services	N/A	
AO: 1.2 - Decrease the percent of breast cancer mortality rate from 45% to 20% by June 2018.		N/A
EBI: 1.2.1 - Environmental Approaches: One-on-One Education to increase community demand for cancer screening services	N/A	

Finish Finish later

Click the red "!" icon to enter missing information

- Indicates required information has not been completed. Click on the icon to display a pop-up window and complete the required information.
- Indicates required information has been completed. No other action is needed and no pop-up window is displayed.
- N/A indicates information is not required.
- If you are not able to add all the required activities or progress, you can click the **Finish Later** button to save your changes and return to Step 1 later.

3. Click on a red "!" icon.

Result: The system displays a pop-up window for entering the missing activity or progress.

- This icon displays for EBI errors, but the icon is disabled and not clickable.

Annual Objective Progress

***Required**

Add Annual Objective Progress

Related Annual Objective: **1.2** - Decrease the percent of breast cancer mortality rate from 45% to 20% by June 2018.

Progress Period: June 30, 2017 - December 29, 2017

* Objective's Target Met: Yes No Ongoing

* Current Measurement: Unknown at this time

* Describe Progress:

ABC

Characters: 0 / Maximum: 5000

4. Enter the required information and click **Save**.

Result: The system saves the activity or progress in the current year's Action Plan and replaces the associated red icon with a green icon.

Step 3: Transfer Information	Incomplete
Step 4: Review Errors in New Action Plan	Incomplete
Step 5: Update Report Status	DRAFT

Missing Objectives Warning:

Some programs require at least one AO for each Project Period Objective (PPO) entered in the Action Plan. CDMIS checks for this condition and issues a warning message if it finds PPOs without AOs. Each PPO missing an AO is highlighted, and a message with a check box to *Continue without annual objectives* is displayed at the end of the page.

If your program requires at least one AO for each PPO, **do not** check the *Continue without Annual Objectives* check box. Instead, click the **Return to the Action Plan** link to go back to the Action Plan and enter an AO for the highlighted PPO. Please refer to you Program Guidance to determine if this applies to

you. If your Program Guidance allows a PPO to be entered without an AO, click the check box to continue. The **Finish** button will then be enabled, allowing you to complete Step 1.

- Refer to your Program Guidance to determine if your program allows a PPO to be entered without an AO.

Annual Performance Report

2013-2014 Reports

Annual Performance Report - DRAFT

Step 1 of 4: Review Errors in Current Action Plan

Listed below are all objectives and activities to be included in the report. Please print this page, review and correct any invalid information. The following information is required:

- Each Annual Objective must have at least one PROGRESS entered.
- Each Annual Objective must have at least one ACTIVITY entered.

Select the icons below to add progress or activities. Once all corrections have been made, select **FINISH**.

Objectives	Progress Entered?	Activity Entered
PP0: 1.0 - Increase the number of projects with partners to 10 by August 2014.	N/A	N/A
AO: 1.1 - Increase the number of projects with Tribal organizations from 2 to 6 by September 2012.		
PP0: 2 - Increase the number of participants on committee to develop state chronic disease prevention plan from 0 to 12 by August 2014.	N/A	N/A
AO: 2.1 - Increase the number of recruits for the state plan committee from 0 to 15 by September 2012.		
PP0: 3 - Increase the number of outreach efforts to 15 by August 2014.	N/A	N/A
AO: 3.1 - Increase the number of diabetes brochures referencing natural disasters to 3 by September 2012.		
PP0: 4 - Increase the number of infrastructure components supporting policy, systems and environmental changes strategies from 3 to 8 by August 2014.	N/A	N/A
AO: No Annual Objectives entered.		

One or more Project Period Objectives highlighted above are missing Annual Objectives. Please check the 'Continue' box below if you wish to continue without entering Annual Objectives, or Return to the Action Plan

Continue without entering Annual Objectives

Finish Finish later

Annual Performance Report

2017-2018 Reports

Year:

Annual Performance Report - DRAFT

[Print Report](#)

Process	Status
Step 1: Review Errors in Current Action Plan	Complete
Step 2: Enter Report Narrative	Complete
Step 3: Transfer Information	Incomplete
Step 4: Review Errors in New Action Plan	Incomplete
Step 5: Update Report Status	DRAFT

Note

- You can update the narrative report in Step 2 as often as necessary up until the Annual Performance Report is finalized in Step 5.

Step 3: Transfer Information

The transfer process allows information to be transferred from one budget year to the next. The process avoids re-entry of information by helping to build the Action Plan for the next year. Information transferred will be included in the next year’s Annual Performance Report. Once the transfer process is started, it is recommended that it be completed. If the process is cancelled, information will not be saved and the process will have to be restarted. Once the transfer is complete, information transferred into the upcoming year cannot be re-transferred. The corresponding check boxes for items recommended for transfer will automatically be selected. You may de-select any item that is recommended for transfer or select any items that were not recommended.

Note

- Once information is transferred, any changes to the information in the current year will not be reflected in the upcoming year.
- If you complete Step 3 and then make changes to the Action Plan that affect the transfer process, which add items that should be recommended for transfer, then Step 3 will return a status of *Incomplete*. The system saves all previous data; however, you must visit the Section 3 again to mark it as complete.

- 1 The system automatically copies some sections, e.g. Program Information, Program Summary, Community Information, etc. from the current year into the upcoming funding year.

Information in the following tabs will be transferred to the upcoming year.

- 2 **Program Information tab** – All Contact Information and Program Summary information.
- 3 **Resources tab** – All active Personnel, Partners, and Contractors/Consultants; all ‘Vacant’ positions; the Partnership/Coalition, and the Leadership team.
- 4 **Financial tab** – All information.

- **Planning Tab:** – All information (Standard and Other Data Sources, Plans and Logic Models).

-
- 1 **Action Plan** – All information, including EBIs, *except PPO and AO progress*. Products will be transferred if the related Activity is transferred.
 - 2 All existing **attachments** in any section.

3 Tabs are displayed in CDMIS according to the specific FOA associated with a user.

4 PPO **Progress** and AO **Progress** cannot be transferred to the upcoming year. Progress must be entered on an annual basis.

To complete Step 3 of the Annual Performance Report process:

1. Click on the **Step 3: Transfer information** link.

Result: The system displays the *Step 3 of 5: Transfer Current Funding Year Information to Upcoming Funding Year* page.

Step 3 of 5: Transfer Current Funding Year Information to Upcoming Funding Year

Please review the information below to ensure the correct information is copied into the upcoming funding year.

Transfer Process Rules

Automatic Transfers

- To uncheck a PPO or AO from being transferred, all associated objectives and/or EBIs must first be unchecked. For example, to uncheck a PPO, all associated AOs must first be unchecked.
- Sections not listed in the table below are automatically copied into the upcoming funding year by this transfer process (e.g., Program Information, Program Summary, etc.). Note: Products are no longer included in the records transferred.
- Some information, like Evaluation, may not be transferred from year to year depending on the FOA.
- All current funding year information should be up to date before completing this transfer process. Once information has been transferred to the next year, it cannot be copied again.

Edits Made After Transfer

- Edits made after the transfer process will not automatically be reflected in both years, therefore any edits made after transferring must be made in both the current and upcoming year.
- Once information has been transferred to the next year, it cannot be copied again.

2017-2018 Action Plan | [View All for 2017-2018](#)

Action Plan

Objectives & Activities	End Date	Target Met	Transfer	Date Transferred
PPO: 1.00 - Decrease the proportion of breast cancer mortality rate from 60 to 10 by June 2022.	06/29/2022	Ongoing	<input checked="" type="checkbox"/>	
AO: 1.1 - Increase the percent of women aged 50 to 74 years who have had mammography screening within the past two years from 25% to 65% by June 2018.	06/29/2018	Ongoing	<input checked="" type="checkbox"/>	
EBI: 1.1.0.1 - Health Systems Changes: Client reminders to increase community demand for cancer screening services			<input checked="" type="checkbox"/>	
AO: 1.2 - Decrease the percent of breast cancer mortality rate from 45% to 20% by June 2018.	06/29/2018	Ongoing	<input checked="" type="checkbox"/>	
EBI: 1.2.1 - Environmental Approaches: One-on-One Education to increase community demand for cancer screening services			<input checked="" type="checkbox"/>	

Deselect the check box that corresponds to the objectives and activities that should not be transferred.

You can click the **View All for YYYY-YYYY** link to view all the sections that have been transferred. Click the **YYYY-YYYY Action Plan** link to return to the original view.

2. In the Objectives and Activities section, deselect the check boxes corresponding to the objectives and activities that you do not want to transfer in the *Transfer* column. The system defaults to all items

being selected for transfer. Be sure to review each objective and activity before clicking the **Transfer** button at the bottom of the page. After an item is transferred, the system will not store the date of the transfer on the page. Transferred items cannot be transferred a second time.

Note

- If an item has already been transferred, the system disables the check box for the item.
- If you select an AO for transfer, then the associated PPO is automatically selected for transfer.
- If you select an activity for transfer, then the associated AO is also automatically selected for transfer.

3. Click the **Transfer** button.

Result: The system transfers all selected information to the next budget year and marks Step 3 as *Complete*.

Year:

Annual Performance Report - DRAFT

[Print Report](#)

Process	Status
Step 1: Review Errors in Current Action Plan	Complete
Step 2: Enter Report Narrative	Complete
Step 3: Transfer Information	Complete
Step 4: Review Errors in New Action Plan	Incomplete
Step 5: Update Report Status	DRAFT

Important

- Tabs are displayed in the CDMIS according to the specific FOA associated with a user.
- Project Period Objective (PPO) Progress and Annual Objective Progress **cannot** be transferred to the upcoming year. Progress must be entered on an annual basis; entered at least once for each PPO, and entered twice for each Annual Objective.

Step 4: Review Errors in New Action Plan

Step 4 allows you to review the errors that are present in the new action plan for the upcoming budget year. If errors are present in your new action plan, Step 4 will be marked as *Incomplete*. You must review the errors and correct them before the system will enable the **Step 5: Update Report Status** link and allow you to complete the Annual Performance Report process.

- When completing Step 4, ensure that you have entered at least one activity for each Annual Objective.

To complete Step 4 of the Annual Report process:

1. Click on the **Step 4: Review Errors in New Action Plan** link.

Result: The system displays the *Step 4: Review Errors in New Action Plan* page. The system displays the errors in your action plan, if any, and displays a red icon in the affected row and column. The **Finish** button is also disabled if errors are present. If there are no errors, all the icons are green and the **Finish** button is enabled.

Step 4 of 5: Review Errors in New Action Plan

Print this page to review and correct any missing activities in your Action Plan. If you need to add additional Annual Objectives and/or Evidence-based Interventions, please visit the Action Plan tab to do so, and then return to this screen to check your work. The following information is required below & more detail is included in the [Action Plan guidance](#):

- Each **PPO** must align with NCCCP priority areas and have at least three **evidence-based interventions (EBIs)**.
- Each **EBI** must have 5 **ACTIVITIES** entered that align with the five funding opportunity announcement (FOA) strategies (Program Collaboration, External Partnerships, Cancer Data and Surveillance, Implementation of EBIs, and Program Monitoring and Evaluation).

Go to the **Action Plan** tab to update objectives and EBIs with icons below. Once all corrections have been made in the Action Plan, select **FINISH**.

Action Plan

Objectives	Activity Entered?
PPO: 1.00 - Decrease the proportion of breast cancer mortality rate from 60 to 10 by June 2022.	N/A
AO: 1.1 - Increase the percent of women aged 50 to 74 years who have had mammography screening within the past two years from 25% to 65% by June 2019.	N/A
EBI: 1.1.0.1 - Health Systems Changes: Client reminders to increase community demand for cancer screening services	
AO: 1.2 - Decrease the percent of breast cancer mortality rate from 45% to 20% by June 2019.	N/A
EBI: 1.2.1 - Environmental Approaches: One-on-One Education to increase community demand for cancer screening services	

Finish Finish later

- Indicates required information has not been completed.
- Indicates required information has been completed.
- N/A indicates information is not required.
-

If you are not able to add all the required activities or progress, you can click the **Finish Later** button to save your changes and return to Step 1 later.

- If there are errors, click the red icon displayed to view the error and correct them.
Result: The system saves the activity in the year's Action Plan and replaces the associated red icon with a green icon indicating that the error has been corrected.
- Click the **Finish** button.
Result: The system changes Step 4's status to *Complete*.

Annual Performance Report - DRAFT [Print Report](#)

Process	Status
Step 1: Review Errors in Current Action Plan	Complete
Step 2: Enter Report Narrative	Complete
Step 3: Transfer Information	Complete
Step 4: Review Errors in New Action Plan	Complete
Step 5: Update Report Status	DRAFT

Note

- If you complete step 4 and make changes to the current action plan which adds items that should be corrected or enables an objective which was not previously available for transfer to be available, step 1 and all subsequent steps ~~become~~ (except step 2). The system saves all previous data, however; you must visit each step again and correct all resulting errors in order to mark the section as complete.

Missing Objectives Warning:

Some programs require at least one Annual Objective (AO) for each Project Period Objective (PPO) entered in the Action Plan. CDMIS checks for this condition and issues a warning message if it finds PPOs without AOs. Each PPO missing an AO is highlighted, and a message with a check box to *Continue without annual objectives* is displayed at the end of the page.

If your program requires at least one AO for each PPO, **do not** check the *Continue without Annual Objectives* check box. Instead, click the **Return to the Action Plan** link to go back to the Action Plan and enter an AO for the highlighted PPO. Please refer to you Program Guidance to determine if this applies to you. If your Program Guidance allows a PPO to be entered without an Annual Objective, click the check box to continue. The **Finish** button will then be enabled, allowing you to complete Step 1.

- Refer to your Program Guidance to determine if your program allows a PPO to be entered without an AO.

Annual Performance Report

2013-2014 Reports

Annual Performance Report - DRAFT

Step 1 of 4: Review Errors in Current Action Plan

Listed below are all objectives and activities to be included in the report. Please print this page, review and correct any invalid information. The following information is required:

- Each Annual Objective must have at least one PROGRESS entered.
- Each Annual Objective must have at least one ACTIVITY entered.

Select the icons below to add progress or activities. Once all corrections have been made, select **FINISH**.

Objectives	Progress Entered?	Activity Entered
PPO: 1.0 - Increase the number of projects with partners to 10 by August 2014.	N/A	N/A
AO: 1.1 - Increase the number of projects with Tribal organizations from 2 to 6 by September 2012.		
PPO: 2 - Increase the number of participants on committee to develop state chronic disease prevention plan from 0 to 12 by August 2014.	N/A	N/A
AO: 2.1 - Increase the number of recruits for the state plan committee from 0 to 15 by September 2012.		
PPO: 3 - Increase the number of outreach efforts to 15 by August 2014.	N/A	N/A
AO: 3.1 - Increase the number of diabetes brochures referencing natural disasters to 3 by September 2012.		
PPO: 4 - Increase the number of infrastructure components supporting policy, systems and environmental changes strategies from 3 to 8 by August 2014.	N/A	N/A
AO: No Annual Objectives entered.		

One or more Project Period Objectives highlighted above are missing Annual Objectives. Please check the 'Continue' box below if you wish to continue without entering Annual Objectives, or Return to the Action Plan

Continue without entering Annual Objectives

Click this checkbox if an Annual Objective is not required for the highlighted Project Period Objective.

Step 5: Update Report Status

In Step 5, you will finalize your Annual Performance Report.

- Once information is transferred, any changes to the information in the current year will not be reflected in the upcoming year.

To complete Step 5 of the Annual Performance Report process:

1. Click on the **Step 5: Update Report Status** link.

Result: The system displays the *Step 5 of 5: Update Report Status* page.

Step 5 of 5: Update Report Status

Report Status:

Draft
 Finalized for submission to CDC

2. In the *Report Status* field, select the *Finalized for submission to CDC* option.
3. Enter the submission date into the text box in the format MM/DD/YYYY. You can also click the calendar icon to select a date.
4. Click the **Save** button.

Result: The system displays a confirmation page.

Step 5 of 5: Update Report Status

Are you sure you wish to change the Progress Report status to "Finalized for submission to the CDC"?

5. Click **Yes**.
- Result:** The system displays the status message shown below.

The system finalizes the report and also does the following:

- Saves the finalized Annual Performance Report.
- Disables all Annual Performance Report Steps.
- Makes the *Finalized Reports* section available and creates a PDF Report file. The *Finalized Reports* section displays the date the report was finalized and a **View and Print Report** link that you can click to download and view the report in PDF format and print the report, if desired. The finalized report is always available for download using the **View and Print Report** link, and does not expire.
