

National Comprehensive Cancer Control Program Evaluation Survey

CDC estimates the average public reporting burden for this collection of information as 45 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering, and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0841).

Thank you for participating in this assessment!

Centers for Disease Control and Prevention's (CDC) Division of Cancer Prevention and Control (DCPC) funds the National Comprehensive Cancer Control Program (NCCCP DP22-2202). Recipients have been tasked with implementing a program to support cancer coalition efforts that leverage resources to plan and implement evidence-based strategies. These strategies promote the primary prevention of cancer, support cancer early detection efforts, address the needs of survivors, and promote health equity. DCPC is interested in assessing NCCCP DP22-2202 recipients' 1) Participant Characteristics; 2) Comprehensive Cancer Control (CCC) Plan; 3) EBIs and their responsiveness to the CCC Plan Priorities; 4) CCC Partnerships contributions to the CCC Plan Priorities Implementation and 5) program accomplishments. This assessment is being administered to program directors of NCCCP recipients and a designated external partner. The findings from the assessment will be used to identify how CDC can make program improvements. Dissemination of findings will help CDC staff, CDC leadership, recipients, and broader public health audiences understand lessons learned and recommendations for future programs.

Please respond to the questions according to your individual experience. We expect this assessment to take approximately 45 minutes to complete. Your responses to this assessment will be stored and maintained in REDCap. The data collected in this assessment does not involve collection of sensitive and/or personally identifiable information; this assessment only collects information about the state, territorial, or tribal program, not personal information. Completion of this assessment is voluntary.

If you have any questions about this assessment, please contact Angela Moore at cyq6@cdc.gov or 770-488-3094.

Section 1: Participant characteristics

The purpose of the questions in this section is to collect information on your jurisdiction, current role within the program, tenure in the role, and chronic disease experience.

Please select your state, tribal, territory, or local jurisdiction from the list below.

- Alabama Department of Public Health
- Alaska Cancer Prevention and Control Program
- Alaska Native Tribal Health Consortium
- American Indian Cancer Foundation
- American Samoa Department of Health
- Arizona Department of Health Services
- Arkansas Department of Health
- California Department of Public Health
- Cherokee Nation
- Colorado Department of Public Health and Environment
- Commonwealth of The Northern Mariana Islands
- Connecticut Department of Public Health
- Delaware Division of Public Health
- District of Columbia Department of Health
- Federated States of Micronesia Department of Education
- Florida Department of Health
- Fond Du Lac Reservation
- Georgia Department of Human Resources
- Great Plains Tribal Leaders Health Board
- Guam Department of Public Health
- Hawaii State Department of Health
- Idaho Department of Health and Welfare
- Illinois Department of Health
- Indiana State Department of Health
- Iowa Department of Public Health
- Kansas Department of Health and Environment
- Louisiana State University Health Sciences Center (LSUHSC) School of Public Health
- Maine CDC Division of Public health
- Maine Department of Health
- Marshall Islands Ministry of Health
- Maryland Department of Health and Mental Hygiene
- Massachusetts Department of Health
- Michigan Department of Community Health
- Minnesota Department of Health
- Mississippi Department of Health
- Montana Department of Public Health and Human Services
- Nebraska Department of Health and Human Services
- Nevada State Department of Public and Behavioral Health
- New Hampshire Department of Health and Human Services
- New Jersey Department of Health
- New Mexico Department of Health
- New York State Department of Health
- North Carolina Department of Health
- North Dakota Department of Health
- Northwest Portland Area Indian Health Board
- Ohio Department of Health
- Oklahoma State Department of Health
- Oregon Health Authority Public Health Division
- Pennsylvania Department of Health
- Republic of Palau Ministry of Health
- Rhode Island Department of Health
- South Carolina Department of Health
- South Dakota Department of Health
- South Puget Intertribal Planning Agency
- State of Missouri Department of Health
- Tennessee Department of Health
- Texas Department of State Health Services
- University of Kentucky
- University of Puerto Rico Comprehensive Cancer Center
- Utah State Department of Health
- Vermont Department of Health
- Virginia Department of Health

- Virgin Islands Department of Health Group
 - Washington State Department of Health
 - West Virginia Division of Health Promotion & Chronic Disease
 - Wisconsin Comprehensive Cancer Control
 - Wyoming Department of Health
 - Other
-

Please specify other:

What is your primary role?

- Program Director
 - Program Coordinator/Program Manager
 - Evaluator
 - Policy Analyst
 - Program Partner
 - Other _____
-

Type the name of the organization you are representing:

Please select what sector best represents your organization:

- Government Organization
 - Non-profit Organization
 - Academia/Education Organization
 - Academia/Education Organization - HBCU
 - Academia/Education Organization - Tribal Colleges and Universities
 - Health Care Organization
 - Coalition/Alliance Organization
 - Community Based Organization
 - Public Health Organization
 - Organization representing Priority Population
 - Business/For Profit/Consultant
 - Professional Association
 - Community Health Center
 - Advocacy Group
 - Health Insurance Company
 - Foundation/Philanthropic
 - Individual
 - Faith Based Organization
 - Public Relations/Media
 - Minority Health Office
 - Cultural/Ethnic Organization
 - Elected/Appointed Official
 - Environmental Organization
 - Development/Planning Agency
 - Parks and Recreation Organization
 - Community Member
 - Civic Organization
 - Transportation Agency
 - Agriculture Organization
 - Other: _____
-

How long have you been in your current role?

- Less than 3 years
 - 3 - 5 years
 - 6 - 10 years
 - Over 10 years
-

How long have you been working in chronic disease?

- Less than 3 years
- 3 - 5 years
- 6 - 10 years
- Over 10 years

Are you a member of a CCC coalition? Yes
 No

What best describes your position in the coalition? Leadership member
 Workgroup/Subcommittee member
 Member organization representative
 Other _____

Please list the workgroups/subcommittees you are a member of: _____

Please type the name of your Partnership/Coalition: _____

Is this Partnership/Coalition part of a 501(c)(3) organization? Yes
 No
 Unsure/Do not know

Is this Partnership/Coalition legislatively mandated? Yes
 No
 Unsure/Do not know

Members in your Partnership/Coalition include the following:
[PLEASE SELECT ALL THAT APPLY]

- CDC Chronic Disease Programs
- Other Public Health Programs
- Other Government Entities
- Professional Association/Organization
- Academic/Medical Institutions
- Business/Industry
- Political Leaders
- Community-Based Organizations
- Community Members
- Survivors/Caregivers
- Other: _____

Does your Partnership/Coalition have workgroups or subcommittees? Yes
 No

If your Partnership/Coalition does have workgroups or subcommittees, please select all that apply:

- Prevention
- Screening
- Survivorship
- Evaluation
- Communication
- Policy
- Health Equity
- Other: _____

Please select how large your Partnership/Coalition is: Less than 50 individuals
 50 - 100 individuals
 More than 100 individuals

Please indicate which of these groups are important components of your population:
[SELECT ALL THAT APPLY]

For example:

- Which of the major racial/ethnic minority groups are present in your state/area (prevalence > 2%)? Optional: You may also list special populations, even if their prevalence is not equal to 2% (e.g., immigrants).
- Do you have significant urban and or/rural populations?

For those groups selected, please select if there is at least one member organization in your Partnership/Coalition that officially represents the group below.

- American Indian or Alaska Native
- Asian
- Black or African American
- Hispanic or Latino
- Native Hawaiian or Other Pacific Islander
- White
- Rural
- Urban
- Frontier
- Faith Based
- People with disabilities
- LGBTQ+
- Other: _____

Is there at least one member organization in your Partnership/Coalition that officially represents this group - American Indian or Alaska Native?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Asian?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Black or African American?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Hispanic or Latino?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Native Hawaiian or Other Pacific Islander?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - White?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Rural?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Urban?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Frontier?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Faith Based?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - People with disabilities?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - LGBTQ+?

- Yes
- No

Is there at least one member organization in your Partnership/Coalition that officially represents this group - Other?

- Yes
- No

Section 2: CCC Plan

The purpose of the questions in the next sections is to understand to what extent is the CCC plan implementation effective and to what extent do workplan strategies address CCC plan priorities.

CCC program priorities fall under four priority areas:

Promote the Primary Prevention of Cancer Support Cancer Early Detection Efforts Address the Needs of Cancer Survivors Promote Health Equity Definitions: Comprehensive Cancer Control (CCC) Plan Priority - Goal, associated objectives, and strategies in a jurisdiction-specific (state, tribe, PIJ, territory) plan that has been selected for implementation

- Alcohol
- Breast Cancer
- Cervical Cancer
- Colorectal Cancer
- Health Equity
- Hepatitis and Liver Cancer Prevention
- Hereditary (Genetic) Cancer Syndromes
- Human Papillomavirus (HPV) Vaccination
- Lung Cancer
- Nutrition, Obesity and Physical Activity
- Radon
- Sun Safety and Overexposure to UV Rays/Skin Cancer
- Survivorship
- Tobacco Control
- Other: _____

Select the topic below that associated with your CCC plan priorities:

[SELECT ALL THAT APPLY]

How did your program identify ALCOHOL for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify BREAST CANCER for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify CERVICAL CANCER for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify COLORECTAL CANCER for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify HEALTH EQUITY for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify HEPATITIS AND LIVER CANCER PREVENTION for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify HEREDITARY (GENETIC) CANCER SYNDROMES for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify HUMAN PAPILLOMAVIRUS (HPV) VACCINATION for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify LUNG CANCER for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify NUTRITION, OBESITY, AND PHYSICAL ACTIVITY for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify RADON for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify SUN SAFETY AND OVEREXPOSURE TO UV RAYS/SKIN CANCER for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify SURVIVORSHIP for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify TOBACCO CONTROL for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program identify OTHER for your CCC plan?

- Examining burden data
- Examining risk factor data
- Existing partnership(s)
- Coalition consensus
- Program Champion
- Emerging issue as identified by national leaders
- Based on resources
- Social/political Environment
- Other:

How did your program address this CCC plan priority - ALCOHOL ? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - BREAST CANCER? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - CERVICAL CANCER? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - COLORECTAL CANCER? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - HEALTH EQUITY? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - HEPATITIS AND LIVER CANCER PREVENTION? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - HEREDITARY (GENETIC) CANCER SYNDROMES? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - HUMAN PAPILLOMAVIRUS (HPV) VACCINATION? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - LUNG CANCER? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - NUTRITION, OBESITY, AND PHYSICAL ACTIVITY? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - RADON? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - SUN SAFETY AND OVEREXPOSURE TO UV RAYS/SKIN CANCER? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority -SURVIVORSHIP? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - TOBACCO CONTROL? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How did your program address this CCC plan priority - OTHER? (e.g., convene coalition workgroup, partner with a coalition member, identify evidenced based intervention to implement in annual workplan, etc.)

How long is the implementation for this priority - ALCOHOL?

- Less than 1 year
 1 - 2 years
 3 - 4 years
 Up to 5 years

How long is the implementation for this priority - BREAST CANCER?

- Less than 1 year
 1 - 2 years
 3 - 4 years
 Up to 5 years

How long is the implementation for this priority - CERVICAL CANCER?

- Less than 1 year
 1 - 2 years
 3 - 4 years
 Up to 5 years

How long is the implementation for this priority - COLORECTAL CANCER?

- Less than 1 year
 1 - 2 years
 3 - 4 years
 Up to 5 years

How long is the implementation for this priority -
HEALTH EQUITY?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
HEPATITIS AND LIVER CANCER PREVENTION?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
HEREDITARY (GENETIC) CANCER SYNDROMES?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
HUMAN PAPILLOMAVIRUS (HPV) VACCINATION?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
LUNG CANCER?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
NUTRITION, OBESITY, AND PHYSICAL ACTIVITY?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
RADON?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority - SUN
SAFETY AND OVEREXPOSURE TO UV RAYS/SKIN CANCER?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
SURVIVORSHIP?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
TOBACCO CONTROL?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

How long is the implementation for this priority -
OTHER?

- Less than 1 year
- 1 - 2 years
- 3 - 4 years
- Up to 5 years

When do you know when a priority is fully addressed -
ALCOHOL?

- Established benchmark is achieved
 Policy changes
 Reduction in cancer rates
 Reallocation of resources to other areas
 Other: _____

When do you know when a priority is fully addressed -
BREAST CANCER?

- Established benchmark is achieved
 Policy changes
 Reduction in cancer rates
 Reallocation of resources to other areas
 Other: _____

When do you know when a priority is fully addressed -
CERVICAL CANCER?

- Established benchmark is achieved
 Policy changes
 Reduction in cancer rates
 Reallocation of resources to other areas
 Other: _____

When do you know when a priority is fully addressed -
COLORECTAL CANCER?

- Established benchmark is achieved
 Policy changes
 Reduction in cancer rates
 Reallocation of resources to other areas

The following statements relate to your knowledge, abilities, and skills in selecting, adapting, implementing, and evaluating EBIs for each priority area - (1) Addressing primary prevention, (2) Supporting early detection; (3) Addressing needs of cancer survivors (4) Reducing cancer disparities and increasing health equity.

Definitions:

Knowledge - the body of factual information that can be applied.

Ability - the capacity to express a skill.

Skills - the capabilities require to perform tasks accurately.

Novice - Individual is learning to recognize specific objective facts along with fundamental concepts and specific rules of action.

Advance Novice - Individual is adding to their knowledge of facts, they are recognizing previously undefined facts, obtaining more information relative to the teaching-learning process, increasing their knowledge of relevant vocabulary, concepts, and principles.

Competent - Individual is beginning to recognize more context-free principles and concepts as well as situational elements.

Proficient - Individual can identify the important elements of the task very quickly, very easily. They have a fluid style that allows them to implement decisions based on intuitive understandings--understandings that come out of their experiences.

Expert - Individual is operating in an experienced-based similar to that achieved at the proficient stage, but in a more holistic manner.

Please choose your level of expertise for the following:

	Novice	Advance Novice	Competent	Proficient	Expert
Knowledge to select EBIs for each priority area.	<input type="radio"/>				
Knowledge to adapt EBIs for each priority area.	<input type="radio"/>				
Knowledge to implement EBIs for each priority area.	<input type="radio"/>				
Knowledge to evaluate EBIs for each priority area.	<input type="radio"/>				
Ability to select EBIs for each priority area.	<input type="radio"/>				
Ability to adapt EBIs for each priority area.	<input type="radio"/>				
Ability to implement EBIs for each priority area.	<input type="radio"/>				
Ability to evaluate EBIs for each priority area.	<input type="radio"/>				
Skills to select EBIs for each priority area.	<input type="radio"/>				
Skills to adapt EBIs for each priority area.	<input type="radio"/>				
Skills to implement EBIs for each priority area.	<input type="radio"/>				
Skills to evaluate EBIs for each priority area.	<input type="radio"/>				

In which priority area have you had the most success in implementing EBIs?

- Addressing primary prevention
- Supporting early detection
- Addressing needs of cancer survivors
- Reducing cancer disparities and increasing health equity

In 1-2 sentences, please describe the nature of this success. It could be a process you used or an especially successful intervention in terms of an outcome achieved.

In which priority area have you had the biggest challenge in implementing EBIs?

- Addressing primary prevention
- Supporting early detection
- Addressing needs of cancer survivors
- Reducing cancer disparities and increasing health equity

In 1-2 sentences, please describe the nature of this challenge and what lessons you learned from this experience (i.e., what would you do differently if you had the chance to do it again).

Thinking of the last 2 years, can you select the EBIs that you have implemented during that time that are aligned with your specific CCC plan priorities?

Topic EBI At what scale did you implement this EBI? Did you achieve the outcome(s) of this EBI? (Yes/No) If yes, in 1-2 sentences, please describe what outcomes you were able to achieve and how you were able to achieve this outcome(s):

If no, in 1-2 sentences, please describe what outcomes you were not able to achieve and why these outcomes were not achieved:

Alcohol _____

Breast Cancer _____

Cervical Cancer _____

Colorectal Cancer _____

Health Equity _____

Hepatitis and Liver Cancer Prevention

Hereditary (Genetic) Cancer Syndromes

Human Papillomavirus (HPV) Vaccination

Lung Cancer _____

Nutrition, Obesity and Physical Activity

Radon _____

Sun Safety and Overexposure to UV Rays/Skin Cancer

Survivorship _____

Tobacco Control _____

Other: _____

Have you implemented any other EBIs that are not aligned with your specific CCC plan priorities?

- Yes
- No

What EBI did you implement?

At what scale did you implement this EBI?

- Small-scale: Within a health system
- Small-scale: Within a municipality (or equivalent)
- Medium-scale: Across several counties (or equivalent)
- Large-scale: Multi-recipient or recipient jurisdiction-wide

Did you achieve the outcomes(s) of this EBI?

- Yes
- No

In 1-2 sentences, please describe what outcomes you were able to achieve and how you were able to achieve this outcome(s):

In 1-2 sentences, please describe what outcomes you were not able to achieve and why these outcomes were not achieved):

Section 4: CCC Partnerships contributions to CCC Plan Priorities Implementation

The purpose of the questions in this section is to understand what role partners have in implementing CCC plan priorities and the way partners have contributed to the implementation of your program, and any facilitators/barriers you have encountered in working with partners.

Please fill out the following table with information about your partners contributions towards resources regarding the implementation of EBI(s)?

of partners who contribute List names of partners Are these resources provided in-kind? Y/N Leveraged resources* (in dollars)

*if in-kind, please provide estimate in dollars
Staff

Funds

Meeting/Intervention space

Travel

Technology

Section 5: Program Accomplishments

The purpose of the questions in this section is to learn about program implementation accomplishments.

Please indicate the most notable policy change your program has made via program activities to support the following

- Increased policies that support primary prevention and healthy lifestyle behaviors
- Increased policies that support high-quality cancer screening
- Increased policies that support the needs of cancer survivors
- Increased policies that support health equity
- Other _____

What accomplishment are you most proud of related to increasing policies that support primary prevention and healthy lifestyle behaviors? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing policies that support high-quality cancer screening? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing policies that support the needs of cancer survivors? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing policies that support health equity? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

Please indicate the most notable health system changes your program has made via program activities to support the following

- Improved community linkages
- Increased chronic disease self-management support among cancer survivors
- Improved systems to support quality screening
- Increased health extender services (i.e., community health workers, patient navigators, etc.)
- Other _____

What accomplishment are you most proud of related to Improving community linkages? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to Increasing chronic disease self-management support among cancer survivors? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to improving systems to support quality screening? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing health extender services? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

Please indicate the most notable community/environmental change your program has made via program activities to support the following:

- New or enhanced childcare programs and policies to support cancer prevention activities
- New or enhanced school programs and policies to support cancer prevention activities
- New or enhanced worksite programs and policies to support cancer prevention activities
- New or enhanced adult programs and policies to support cancer prevention activities
- Increased evidence-based lifestyle and wellness survivorship programs
- Other: _____

What accomplishment are you most proud of related to developing new or enhancing childcare programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to developing new or enhancing school programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to developing new or enhancing worksite programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to developing new or enhancing adult programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing evidence-based lifestyle and wellness survivorship programs? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

Please indicate the most notable intervention your program has implemented focused on increasing health equity and decreasing disparities related to cancer risk reduction. Please specify the population for which you expect to see decreased disparities.

- Reduced tobacco use or exposure
- Reduced alcohol use
- Reduced UV exposure
- Increased HPV vaccination rates
- Improved physical activity
- Improved nutrition
- Increased early detection of cancer
- Improved cancer care for survivors
- Other: _____

Please describe the specific population for which you expect to see decreased disparities.

• Specific population:

What accomplishment are you most proud of related to reducing disparities in tobacco use or exposure?

Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to reducing disparities in alcohol use? Please describe,

and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to reducing disparities in UV exposure? Please describe,

and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to reducing disparities in HPV vaccination rates? Please describe,

and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to reducing disparities in physical activity rates? Please describe,

and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to reducing disparities in nutrition quality? Please describe,

and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to reducing disparities in early detection of cancer? Please describe,

and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to reducing disparities in cancer care for survivors? Please describe,

and, where possible, include numerical data to illustrate these accomplishments.

Please describe any additional important accomplishments that make you proud and are important for us to know about.

PARTNER SECTION:

What EBI are you currently involved in?

What role do you play in the implementation of this EBI?

- Funder
- Subject Matter Expert
- Planner
- Implementor
- Promoter
- Evaluator
- Other: _____

The following table asks about your organization's contributions to resources regarding the implementation of the CCC plan.

Does your organization contribute the following resources?

Y/N If yes, are these resources contributed in-kind? Y/N Contributions (in dollars*)

*if in-kind, please provide estimate in dollars

Staff

Funds

Meeting/intervention space

Travel

Technology

Other*: _____

*Other

Please indicate the most notable policy change your program has made via program activities to support the following

- Increased policies that support primary prevention and healthy lifestyle behaviors
- Increased policies that support high-quality cancer screening
- Increased policies that support the needs of cancer survivors
- Increased policies that support health equity
- Other _____

What accomplishment are you most proud of related to increasing policies that support primary prevention and healthy lifestyle behaviors? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing policies that support high-quality cancer screening? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing policies that support the needs of cancer survivors? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing policies that support health equity? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

Please indicate the most notable health system changes your program has made via program activities to support the following:

- Improved community linkages
 - Increased chronic disease self-management support among cancer survivors
 - Improved systems to support quality screening
 - Increased health extender services (i.e., community health workers, patient navigators, etc.)
 - Other: _____
-

What accomplishment are you most proud of related to Improving community linkages? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to Increasing chronic disease self-management support among cancer survivors? Please describe, and, where possible, include numerical data to illustrate these accomplishments

What accomplishment are you most proud of related to improving systems to support quality screening? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing health extender services? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

Please indicate the most notable community and/or environmental change your program has made via program activities to support the following:

- New or enhanced childcare programs and policies to support cancer prevention activities
- New or enhanced school programs and policies to support cancer prevention activities
- New or enhanced worksite programs and policies to support cancer prevention activities
- New or enhanced adult programs and policies to support cancer prevention activities
- Increased evidence-based lifestyle and wellness survivorship programs
- Other _____

What accomplishment are you most proud of related to developing new or enhancing childcare programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to developing new or enhancing school programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to developing new or enhancing worksite programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to developing new or enhancing adult programs and policies to support cancer prevention activities? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

What accomplishment are you most proud of related to increasing evidence-based lifestyle and wellness survivorship programs? Please describe, and, where possible, include numerical data to illustrate these accomplishments.

Please indicate the most notable intervention your program has implemented focused on increasing health equity and decreasing disparities related to cancer risk reduction. Please specify the population for which you expect to see decreased disparities.

- Reduced tobacco use or exposure
