

EHLR Immersion Module Evaluating Environmental and Health Risks Knowledge Assessment

Record ID _____

Form Approved
OMB No. 0923-0060
Exp. Date: 08/31/2022

Evaluating Environmental and Health Risks Module Knowledge Assessment

Please complete the survey below.
Thank you!

CDC/ATSDR estimates the average public reporting burden of this collection of information as 15 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office; 1600 Clifton Road NE, MS H21-8 Atlanta, Georgia 30333; ATTN: PRA (0923-0060).

Please provide job title:

- Environmental Health Professional
- Environmental Professional
- Tribal Environmental Specialist
- Planner
- Municipal/Tribal Agency Official
- Developer
- Environmental Non-profit/Non-profit
- Citizen/community member
- Student in public health, environmental science, planning, "STEM" discipline
- None of the above

General Questions

Did the 8-hour immersion/expanded training in Evaluating Environmental and Health Risks increase your general knowledge and self-perceived ability to evaluate environmental and health risks overall? Yes No

	To a great extent (90-100%)	To a good extent (80-89%)	To a moderate extent (70-79%)	To no extent (0%)	Not applicable (N/A)
If yes, can you estimate how much your general knowledge to evaluate environmental and health risks increased?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	

Did the 8-hour immersion/expanded training in Evaluating Environmental and Health Risks increase your confidence or capability to use Toxicological Profiles to enhance your role in evaluating environmental and health risks, such as in public meetings or health education related to exposure risks? Yes No

	To a great extent	To a good extent	To a moderate extent	To no extent	Not applicable (N/A)
--	-------------------	------------------	-------------------------	--------------	-------------------------

If yes, can you estimate how much your skills to use and incorporate Toxicological Profiles increased?

Did the 8-hour immersion/expanded training in Evaluating Environmental and Health Risks provide new information about public health assessment that you did not know before?

Yes
 No

To a great extent To a good extent To a moderate extent To no extent Not applicable (N/A)

If yes, can you estimate how much your knowledge of public health assessment increased?

Questions Related to Specific Sessions

Did Session 1: Overview of your EHLR Module 2 pre-requisite training provide a helpful refresher to prepare you for the expanded, 8-hour Evaluating Environmental and Health Risks training?

Yes
 No

To a great extent To a good extent To a moderate extent To no extent Not applicable (N/A)

If yes, can you estimate how helpful the overview/refresher was in preparing you for the 8-hour immersive training?

Did Session 2, Environmental Site Assessment increase your overall understanding and knowledge of the assessment of land reuse/brownfields sites for your current or future work with communities?

Yes
 No

To a great extent To a good extent To a moderate extent To no extent Not applicable (N/A)

If yes, can you estimate how much your overall knowledge of environmental site assessment increased?

Pertaining to Session 2, did the overview of Phase I Environmental Site Assessment increase your confidence to assist in an actual Phase I ESA or in the review of a Phase I ESA report?

Yes
 No

To a great extent To a good extent To a moderate extent To no extent Not applicable (N/A)

If yes, can you estimate how much your confidence in your ability to assist with or understand a Phase I ESA increased?

Pertaining to Session 2, did the Phase I/ Phase II ESA overview of the Navajo Forest Products Industry Site by Pam Maples of Navajo Nation EPA provide new knowledge about Phase II site assessment that is useful to your work?

Yes
 No

To a great extent To a good extent To a moderate extent To no extent Not applicable (N/A)

If yes, can you estimate how much your new knowledge of Phase II site assessment increased?

Pertaining to Session 3, Practice Session using Toxicological Profiles and Tox FAQs, have you ever or do you currently use ATSDR's Toxicological Profiles and TOX FAQs?

Yes
 No

To a great extent To a good extent To a moderate extent To no extent Not applicable (N/A)

If yes, can you estimate how much you have or currently do use Tox Profiles/FAQs?

Pertaining to Session 3, did the Practice Session researching typical land reuse/brownfields contaminants using Tox Profiles and Tox FAQs provide new resources to build or enhance your skills in understanding toxic exposures and health effects?

Yes
 No

To a great extent To a good extent To a moderate extent To no extent Not applicable (N/A)

If yes, can you estimate how much your skills in applying Tox Profiles/FAQs to understand toxic exposures and health effects increased?

Pertaining to Session 4, Public Health Assessment, did the overview of the public health assessment (PHA) process increase your understanding of public health assessment in general?

Yes
 No

	To a great extent	To a good extent	To a moderate extent	To no extent	Not applicable (N/A)
If yes, can you estimate how much your understanding of PHA increased?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Pertaining to Session 4, did the PHA case study used as a class exercise provide useful practical knowledge? Yes No

	To a great extent	To a good extent	To a moderate extent	To no extent	Not applicable (N/A)
If yes, can you estimate how much the case study provided practical knowledge?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Pertaining to Session 4, did the Treasure Valley Center for Children's Arts case study by Kai Elgethun (ATSDR) provide useful knowledge on the integration of public health assessment/consult with brownfields site assessment? Yes No

	To a great extent	To a good extent	To a moderate extent	To no extent	Not applicable (N/A)
If yes, can you estimate to what extent the presentation provided useful knowledge on the integration of PHA with site assessment?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Pertaining to Session 4, did the overview of the PHA Training (Sandra Lopez-Carreras) motivate you to increase your health assessor skills for evaluating environmental and health risks? Yes No

	To a great extent	To a good extent	To a moderate extent	To no extent	Not applicable (N/A)
If yes, can you estimate how much you were motivated to increase your public health assessor skills?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
