TITLE OF INFORMATION COLLECTION: Office of Intramural Training & Education (OITE) – Summer Internship Program (SIP) - Feedback

PURPOSE:

The National Institutes of Health (NIH) carries out and funds biomedical research in an effort to prevent and cure common and rare diseases. We also train the next generation of doctors, researchers, and medical support staff who will improve human health in the future, both across the country and around the world. Finally, we aim to enhance the diversity of the biomedical workforce. The Summer Internship Program (SIP) is designed to bring college (including community college) students, graduate students, and professional school students to the NIH during the summer to perform short-term research projects.

The SIP feedback form is an anonymously submitted form designed to give the OITE a better understanding of the trainee population, their experience at the NIH, and future ambitions. The information collected will be used to determine whether the SIP trainees are a diverse group and if not, develop methods to increase the diversity. Sensitive questions include the following: age, gender identity, sexual orientation, marital status, parenting responsibility, race/ethnicity, citizenship, English as first language, disabilities, and academic degrees. Many of these questions will assist the OITE in determining what additional services and support are needed to maximize the trainees’ research/career development and perception of the NIH as a welcoming and inclusive environment.

DESCRIPTION OF RESPONDENTS:

The OITE will ask participants in the Summer Internship Program (SIP) to complete the SIP Feedback form prior to their departure. Participants in the SIP must fulfill the following eligibility requirements:

- are 17 years of age or older on June 15,
- are U.S. citizens or permanent residents, AND
- are enrolled at least half-time in and accredited college (including community college) or university as an undergraduate, graduate, or professional student at the time of application*, OR
- have been accepted into accredited college or university program for the fall semester.
