

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB#: 0925-0648 Exp., date: 05/2021)

TITLE OF INFORMATION COLLECTION: ICARE Dialogues Customer feedback pre- and post-session surveys

PURPOSE:

The ICARE Project is a collaborative project of the US Government agencies that use animals, led by OLAW. PHS Assured institutions utilize ICARE training for their employees to facilitate effective functioning and decision-making of US Institutional Care and Use Committees (IACUCs) and their institutions to improve animal welfare and increase compliance with federal standards while minimizing regulatory burden

ICARE Dialogues comprise a series of 8 virtual discussions limited to 25 attendees. The goal is to discuss issues relevant to the animal welfare community and collaboratively address compliance challenges. There is no cost to attendees. Topics of the dialogues include:

- Integrating Pandemic Restrictions into Policies and Programs
- Managing Teams Across Multiple Locations
- Impact of Diversity, Inclusivity, and Race Relations on ACUPs and Personnel
- Using Flexibility Provided in the PHS Policy and AWAR
- Optimizing Animal Welfare During the Pandemic Crisis

Demographic information is included with the customer feedback survey to ensure that the Dialogues session content is appropriately inclusive and addresses the needs of all participants. ICARE Dialogues are topic specific and future topics will be customized for participants in light of demographic data, education, professional roles and experience level to provide the most relevant educational experience. Questions on attitudes towards specific topics before and after participation measure the effectiveness of the content in changing participant mindsets.

DESCRIPTION OF RESPONDENTS:

The surveys will be given to all attendees of the ICARE Dialogues program. Attendees are members of the animal welfare communities and comprise members of academic, corporate, not-for-profit, and government research institutions.
