Virtual 2021 FRLC Future Research Leaders' Feedback Survey

Introduction

NIH's Chief Officer for Scientific Workforce Diversity (COSWD) Office and the Intramural Research Program (IRP) are pleased that you participated in the Virtual 2021 Future Research Leaders Conference (FRLC). We are committed to continually improving the program for our Future Research Leaders (FRLs).

We have therefore created a short feedback survey with the purposes of understanding your FRLC experience, how we can further support you, and how we can enhance the program in the future.

We would greatly value your taking this opportunity to provide your views on the FRLC. Your perspective is critical for us to best support your needs in pursuing NIH opportunities, as well as those of future FRLs.

The survey will take only about 10 minutes, depending on how many comments you wish to make. Your responses will not be associated with your name and no other identifying information is requested.

If you have any questions about the survey, please contact Christy Ley, at christy.ley@nih.gov.

On behalf of the COSWD and IRP, we thank you for taking the time to share your views and experience.

Sincerely yours,
2021 FRLC Planning Team
