

Dear Dr. X,

Thank you for your service to the National Institutes of Health as a reviewer and for participating in the recent pilot of the new Online Critique Template (OCT) feature in IAR. As we continually seek to improve our practices, you are instrumental in maintaining the highest standard of quality in the peer review process.

We would like to hear about your experience using the OCT. Your feedback and input will help guide and inform the expanded use of the OCT across the NIH for future peer review meetings. We greatly appreciate your willingness to help with this effort.

Your participation is voluntary, and your answers will be kept private under the Privacy Act. The survey should take about 5 minutes to complete. If possible, please complete the survey by Monday, December X, 2021.

Please click [HERE](#) to take the survey. If the link is not clickable, you may copy and paste the URL below into your Internet browser window:

<https://feedback2.csr.nih.gov/mrIWeb/mrIWeb.dll?I.Project=OCT>

If you have any questions or concerns, please feel free to contact me at [hope.cummings@nih.gov](mailto:hope.cummings@nih.gov).

Thank you in advance for your participation and for your commitment to the NIH peer review process.

Sincerely,

Hope Cummings, Ph.D.  
Senior Social Science Analyst  
Office of the Director, Center for Scientific Review  
National Institutes of Health

**Fairness matters. Say something!** For possible violations of peer review integrity, contact your Scientific Review Officer (SRO), the CSR Review Integrity Officer at [csrrio@mail.nih.gov](mailto:csrrio@mail.nih.gov) or the NIH Review Policy Officer at [reviewpolicyofficer@mail.nih.gov](mailto:reviewpolicyofficer@mail.nih.gov). For issues related to respectful interactions, bias or anything else that could affect the fairness of the review process, contact your SRO or the CSR Associate Director of Diversity & Workforce Development at [G.Fosu\\_AssocDir@csr.nih.gov](mailto:G.Fosu_AssocDir@csr.nih.gov).
