

Burden Disclosure Statement: Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648) Do not return the completed form to this address.

As part of our continual efforts to reduce reviewer burden and enhance the NIH peer review process, we would like to receive your feedback about the Online Critique Template (OCT) that you used for a recent review meeting. Your identity will be kept private and only aggregated responses will be used in our reports.

1. Approximately how many years have you served as an NIH reviewer?

2. In the last 5 years, approximately how many NIH review panels have you participated in (including mail reviews)?

3. To what extent did the Online Critique Template (OCT) affect your ability to address the following?

The OCT is intuitive and easy to navigate.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The OCT is efficient and saved time.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The OCT simplified the NIH review process for me.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The OCT enhanced my ability to provide complete critiques.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The OCT improved the overall quality of my critiques.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The OCT is significantly better than the current Word-based critique template.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I look forward to using the OCT again.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

8. What elements of the OCT, if any, are the most helpful?

9. What changes, if any, would you recommend to the OCT (including any additional OCT-related training tools)?
