UMLS Survey - 2021

OMB Control Number: 0925-0648 Expiration Date: 06/30/2024

Public reporting burden for this collection of information is estimated to average 7 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

Instructions for completing the UMLS Annual Report

We ask all UMLS licensees to complete the Annual Report to meet the reporting requirement in the License Agreement for Use of the UMLS Metathesaurus. You may have requested a UMLS license for the use of the UMLS, SNOMED CT, RxNorm, the Value Set Authority Center (VSAC), or another terminology product or service provided by the National Library of Medicine. You may be using this information directly or indirectly via a vendor's application, such as medical coding software or an electronic health record (EHR). At the end, please press the "Next" button to submit your responses. You can also download your responses into a PDF file.

*

Which of the following terminology products did you use this year?			
used indiv Metathesa	UMLS (Unified Medical Language System) [NOTE: Do not select if you <u>ONLY</u> ridual terminology products, such as LOINC or RxNorm, <u>OUTSIDE</u> of the UMLS aurus] (1)		
	RxNorm (2)		
	VSAC (Value Set Authority Center) (4)		
	MetaMap (3)		
	MedlinePlus Connect (21)		
	NIH Common Data Element (CDE) Repository (5)		
	SNOMED CT - US Edition (11)		
	SNOMED CT - International Release (10)		
	LOINC (Logical Observation Identifier Names & Codes Terminology) (7)		
	CPT (Current Procedural Terminology) (6)		
	None of these (18)		
	I don't know (20)		
	Other; please specify: (19)		
End of Block	: Default Question Block		
Start of Bloc	k: UMLS block		
What terminology or code system would you like to see added to the UMLS?			

*	
For what pu	rpose(s) did you use UMLS?
	Process texts to extract concepts, relationships or knowledge (5)
	Facilitate mapping between terminologies (8)
	Develop an information retrieval system (3)
SNOME	Extract specific terminologies from the Metathesaurus (e.g., MedDRA, MeSH, D CT) (1)
	Create and maintain local terminology (2)
	Develop a terminology server or service (6)
	Research terminologies and ontologies beyond any of the above categories (7)
	Other; please specify: (16)

Which feature	es of the UMLS Metathesaurus did you use?	
	Terms/concept names (MRCONSO) (1)	
	Relationships among concepts (MRREL) (2)	
	Semantic Types (MRSTY) (3)	
	Concept Attributes (MRSAT) (4)	
	Mappings (MRMAP/MRSMAP) (5)	
	Concept Definitions (MRDEF) (6)	
	Indexes (7)	
	Other; please specify: (8)	
Do you provi	de an application, tool, or system that utilizes the UMLS?	
○ Yes (1)		
O No (2)		
Display This C	Question:	
If Do you	provide an application, tool, or system that utilizes the UMLS? = Yes	
	ribe your application, tool, or system that utilizes the UMLS. utilize the UMLS? Are UMLS data exposed to users? Who uses the pol/system?	

Did you install the UMLS locally?
○ Yes (1)
O No (2)
0 140 (2)
Display This Question:
If Did you install the UMLS locally? = Yes
Did you install the UMLS locally using a database?
○ Yes (1)
O No (2)
Display This Question:
If Did you install the UMLS locally using a database? = Yes
*

When you ins	stalled the UMLS locally, which database did you use?	
	MS Access (1)	
	MS SQL Server (2)	
	MySQL (3)	
	Oracle (4)	
	PostgresSQL (5)	
	Semantic Web Triple Store (6)	
	NoSQL (7)	
	Other; please specify: (8)	
Display This Q	uestion:	
If Did you	install the UMLS locally? = Yes	
What format	of Metathesaurus data did you use?	
RRF (Rich Release Format) (2)		
O ODE (O : : ID I		
O ORF ((Original Release Format) (4)	
Diamber This O		
Display This Q If Did vou	uestion: install the UMLS locally using a database? = No	
	implement the UMLS locally?	

*		
Whi	ich UMLS API product(s) did you use?	
	UMLS REST API (1)	
	UMLS SOAP API (2)	
	Legacy UMLSKS API (3)	
	Did not use any UMLS API (4)	
	play This Question:	
	If Which UMLS API product(s) did you use? = UMLS REST API	
	Or Which UMLS API product(s) did you use? = UMLS SOAP API Or Which UMLS API product(s) did you use? = Legacy UMLSKS API	
Brie	fly describe your most common use cases for the UMLS API.	
_		
*		

How	did you b	browse the UMLS data?	
		UTS (1)	
		MetamorphoSys (2)	
		BioPortal (5)	
		Other; please specify: (4)	
	ay This Qu		
	T HOW ala	you browse the UMLS data? = UTS	
Wha	t can NLN	M do to improve the UTS?	
_			
_			
_			
-			
=			

Please select	and briefly describe any enhancements you would suggest to improve the UMLS.
	File Format (4)
	Mapping (5)
	Installation (6)
	Site Navigation (7)
	Customer Support (8)
	Use Case Examples (9)
	User Forum (10)
	Training/Documentation (11)
	Other; please specify: (12)
End of Block	:: UMLS block
Start of Bloc	k: RxNorm

How did you access RxNorm?			
	Browsing in RxNav (2)		
	Download RxNorm files (3)		
	Through the RxNorm API (5)		
	RxNav-in-a-Box (container for installation of the RxNorm API and RxNav) (7)		
	Files extracted from the Metathesaurus (4)		
	Browsing on the UMLS Terminology Services (1)		
	Other; please specify: (6)		
	This Question:		
	How did you access RxNorm? = Files extracted from the Metathesaurus		
<u> </u>	How did you access RxNorm? = Browsing on the UMLS Terminology Services		
Why did you use RxNorm in the UMLS? What value does the UMLS add to your use of RxNorm?			
_			
*			

For what purpose(s) did you use RxNorm?			
	E-Prescribing (1)		
	Information Exchange (2)		
	Formulary Development (3)		
	Reference Value Sets (4)		
	Analytics (5)		
	Access to information about obsolete RxCUIs and NDCs (for analytics) (7)		
	Other; please specify: (6)		
Display This Question: If How did you access RxNorm? = Download RxNorm files			
	m release(s) are you using?		
	Monthly - Full (1)		
	Weekly - Full (2)		
	Monthly - Prescribable Subset (3)		
	Weekly - Prescribable Subset (4)		

Do you use the RxNorm SCDF (Semantic Clinical Dose Form) term type? If yes, how are using SCDFs?	
O Yes; please describe: (1)	
O No (2)	
Do you use NDCs from RxNorm? If yes, please describe how are you using them.	
O Yes; please describe: (4)	
○ No (5)	
Do you use the UMLSCUI attribute in RxNorm?	
○ Yes (1)	
O No (2)	
What can NLM do to improve RxNorm?	
End of Block: RxNorm	
Start of Block: CPT	

Page 12 of 30

How did you access CPT?			
	Download files from the American Medical Association (3)		
	CPT Developer's Tool Kit (CPT DTK) (4)		
	Files extracted from the Metathesaurus (2)		
	Browsing on the UMLS Terminology Services (1)		
	Other; please specify: (5)		
If Hov	Display This Question: If How did you access CPT? = Files extracted from the Metathesaurus Or How did you access CPT? = Browsing on the UMLS Terminology Services		
Why did you use CPT in the UMLS? What value does the UMLS add to your use of CPT?			
End of B	lock: CPT		
Start of E	Block: LOINC		
*			

How did you access LOINC?			
		Download files from the Regenstrief Institute (loinc.org) (4)	
		Browsing on search.loinc.org (2)

Display This Que If Have you use = Yes	estion: implemented SNOMED CT in an electronic health record system or a terminology service	

Page 16 of 30

In what wa	ays do health providers interact with SNOMED CT within the system?
(1)	Pulling problems, findings, etc into the problem list from SNOMED CT content
to SNo	Enter problems, findings, as text or from institutional supported list and converted OMED CT via 3rd party software (4)
	I don't know (5)
	Other; please specify: (6)
	is Question: e you implemented SNOMED CT in an electronic health record system or a terminology service s
Do you us	se SNOMED CT post-coordinated expressions in your system/application?
○ Ye	es (2)
○ No	0 (3)
O Do	on't know (4)
	is Question: rou use SNOMED CT post-coordinated expressions in your system/application? = Yes
	scribe how you use SNOMED CT post-coordinated expressions in your

	This Question:
If D	Oo you use SNOMED CT post-coordinated expressions in your system/application? = No
Please	describe how you use SNOMED CT data in your application/system.
*	
Which	maps between SNOMED CT and ICD-9-CM or ICD-10-CM have you used?
	SNOMED CT to ICD-10 CM Map (1)
	SNOMED CT to ICD-9-CM map (2)
	ICD-9-CM diagnoses to SNOMED CT map (3)
	ICD-9-CM procedures to SNOMED CT map (4)
	I have not used any of the maps (5)
Display	This Question:
	Vhich maps between SNOMED CT and ICD-9-CM or ICD-10-CM have you used? != I have not ny of the maps
Please	describe how you used the maps you selected in the previous question.
_	

End of Bloc	k: SNOMED	
Start of Blo	ck: MetaMap	
Please list w	hich MetaMap options and output formats are you using?	
Would you b	e willing to test if MetaMap Lite can serve your needs?	
O Yes	(1)	
○ No (3)	
End of Bloc	k: MetaMap	
Start of Blo	ck: VSAC	
How do you	use the VSAC and value sets?	
	Author value sets (4)	
	Report clinical quality measures (CQMs) to CMS (7)	
	Access content through VSAC FHIR terminology service (8)	
	Other; please specify: (9)	

Display This Question:		
If How do you use the VSAC and value sets? = Author value sets		
Would you be interested in creating a program release for easy searching and downloading of your value sets?		
○ Yes (1)		
O No (2)		
Display This Question:		
If How do you use the VSAC and value sets? = Author value sets		
Are you interested in creating intensional (logically-defined) value sets in VSAC?		
○ Yes (1)		
○ No (2)		
Display This Question:		
If Are you interested in creating intensional (logically-defined) value sets in VSAC? = Yes		
What changes or additional functionality do you need to create your intensional value sets in VSAC?		
Display This Question:		

If Are you interested in creating intensional (logically-defined) value sets in VSAC? = Yes

future, especially with RxNorm, LOINC, and other code system functionality that is n in this testing. (For example, a value set of all of the dispensable drugs in RxNorm of the dispensable dr	ot included
of all of the SNOMED CT codes that have a causative agent of hepatitis B virus.)
