

NIH Office of Intramural Training & Education (OITE)

Subject: NIH Graduate & Professional School Fair - Exhibitor Registration Now Open

Dear Colleague,

The NIH Office of Intramural Training and Education is pleased to announce that the NIH Graduate & Professional School Fair will be held in Summer 2022 from Tuesday, July 19 through Thursday, July 21.

The fair provides an opportunity for you to meet and recruit up-and-coming young scientists taking part in the NIH Postbaccalaureate Program. Many of our approximately 1400 postbaccalaureate trainees will apply to graduate or professional school for Fall 2023. They are a diverse population, representing educational institutions across the United States. They typically have completed extensive undergraduate coursework in the sciences and a variety of research and/or clinical experiences. Our trainees are interested in pursuing PhD, MD, MPH, and DDS degrees or combinations thereof. In recent years they have matriculated in programs in the biomedical sciences, engineering, chemistry, public health, psychology, genetic counseling, pharmacy, medicine, nursing, and dentistry. This year the fair will welcome all interested college students, postbacs, and other interested young scientists. Over 5000 attendees viewed the live and pre-recorded events at the 2021 Fair.

The deadline to register as an exhibitor is April 29, 2022. As always, there is no registration fee to exhibit or attend this event.

Registration Form – URL ADDRESS

The OITE has scheduled a live Q&A session about exhibiting at the fair. This is your opportunity to ask questions and receive guidance for setting up your virtual session, promoting the event, and other important information. This session will be recorded in case you are unable to attend.

Q&A Informational Session – URL ADDRESS

We are excited about the 2022 Fair, and we hope you will choose to join us. Additional information for exhibitors is located at: https://www.training.nih.gov/gp_fair_exhibitor_home.

If you have colleagues that want to join this listserv to receive information about exhibiting at the NIH Graduate & Professional School Fair, they can submit their information at: https://www.training.nih.gov/sas/_20/2059/.

If you have any questions, please contact me at newellj@nih.gov.

Best regards,
Jackie Newell-Hunt
