

NIH HEAL Email Survey

The language below will appear in the email outreach to ask readers to take our survey:

Our readers are important to us, and it's been a while since we heard from you. Please take a moment to complete this reader survey about your interests and background. We are looking for your suggestions on topics that you want to know more about.

Please note, this survey is voluntary and all responses will remain anonymous. The estimated time to complete the survey is on average 3 minutes, and you can choose to answer as many or as few questions as you like.

Qualtrics survey preview

The screenshots below show the survey as the user would see it on the Qualtrics platform.

OMB#: 0925-0648 Exp., date: 06/30/2024 Public reporting burden for this collection of information is estimated to average 3 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

The Helping to End Addiction Long-term® Initiative, or NIH HEAL Initiative®, is an aggressive, trans-agency effort to speed scientific solutions to stem the national opioid public health crisis. Almost every NIH Institute and Center is accelerating research to address this public health emergency from all angles. The initiative is funding hundreds of projects nationwide.

Please note, this survey is voluntary and all responses will remain anonymous. The estimated time to complete the survey is approximately 3 minutes, and you can choose to answer as many or as few questions as you would like.

1.

What role **best** describes you?

Advocate/advocacy organization

Community organization

Health care provider

Addiction medicine specialist

Nurse

Pain specialist

Pharmacist

Physician

Psychologist/Licensed Therapist

Professional society

Public health

State

Tribal organization

Federal

Scientist/Researcher

Postdoctoral fellow or early career scientist

Scientist/researcher in academia

Scientist/researcher in industry or government

Scientist/researcher in other sector, please specify in the space below:

Student

Other, please specify:

From the previous question, 'what role best describes you?', users who select either 'Postdoctoral fellow or early career scientist', 'scientist/researcher in academia', 'scientist/researcher in industry or government', or 'scientist researcher in other sector' will be guided to the question 1a. All other users will skip this question and move onto question 2.

1a.

What are your research interests?

2.

How did you first learn about the NIH HEAL Initiative?

NIH HEAL Initiative website

NIH HEAL Initiative webinar

Social media

News media (or news story)

Referred to by someone

Other, please specify:

3.

Overall, how useful is the information from the NIH HEAL email updates?

Not very useful 1 Very useful 2 Moderately useful 3 Very useful 4 Extremely useful 5

Please use the slider below to indicate your choice

A horizontal slider with a blue circular handle at the far left end and a thin grey line extending to the right.

All users who select a number 3 or below on question 3 will be guided to question 3a. All other users will skip this question and move on to question 4.

3a.

What would make this newsletter more useful for you?

4.

Which topics related to opioids or pain would you like to see more of?

5.

What more would you like to learn about HEAL?
