Give Your Feedback - National Library of Medicine Co-Sponsored Events Long-Term Impact Study

Thank you for your willingness to provide feedback about your experience participating in a National Library of Medicine (NLM) co-sponsored symposium or seminar. We are hoping to learn more about the long-term impact of these programs on your professional development, to improve our future programming.

You are eligible to participate in this survey if you participated in any one of the five NLM events listed on the next page, which occurred between 2013 and 2018. Your participation is voluntary, and does not impact your future ability to participate in NLM co-sponsored events. You may leave the survey at any time. The survey should take no more than 5 minutes to complete.

Your responses to this survey are anonymous and no personally identifiable information (PII) will be collected (unless you enter PII into open-ended response questions). All data and results that are reported or shared will be anonymous and cannot be connected to you.

If you have any questions about this survey, please contact Dr. Jeffrey S. Reznick (jeffrey.reznick@nih.gov).
