

## OHR Proof of Concept Employee: Pulse Check

OMB# 0925-0648 and exp., date 06/30/2024

OHR is currently undergoing a 6-month proof of concept as we are exploring how we can opt-in to a mostly virtual workplace and make it a model for the future. Throughout this proof of concept, OHR will solicit regular feedback from OHR employees and IC customers so that we can monitor our progress and adjust as needed.

The purpose of this feedback mechanism is to capture your experience during the proof of concept over the last pay period (Sunday, April 24th – Saturday, May 7th). The survey should take about 5 minutes to complete and will close Monday, May 16th. Responses will be compiled by the OHR's Office of Communications and Strategy.

If you encounter technical difficulties with the survey please contact: [https://nihohrweb.nih.gov:1010/WITS\\_IntraHR/WITSHome.aspx](https://nihohrweb.nih.gov:1010/WITS_IntraHR/WITSHome.aspx)

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.
