

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB#: 0925-0648 Exp., date: 06/30/2024)

TITLE OF INFORMATION COLLECTION: ORIP P40 Resource Center User Survey

PURPOSE:

The purpose of the ORIP Resource Center User Survey is to obtain feedback to help operations of the P40-supported Rat Resource and Research Center, Vervet Research Colony, and National Natural Toxins Research Center, as well as opportunities for their further development and enhancement. The survey is part of an effort to assess current offerings and help the NIH to better understand whether resources are effectively providing what is needed for the research community. The survey will collect users’ self-identified role (e.g., principal investigator, researcher, veterinarian), type of institution of employment, funding organizations, and area(s) of biomedical research and ask questions about their satisfaction with the Resource Center’s resources, services, and processes.

DESCRIPTION OF RESPONDENTS:

Respondents will be users of the Rat Resource and Research Center, Vervet Research Colony, and National Natural Toxins Research Center between the years 2017 and 2022.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?

Yes No

*If the answer is yes, please provide a description of both below (or attach the sampling plan)?
If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?*

The universe of potential respondents are the customers of the three Resource Centers being assessed between the years 2017 and 2022—Rat Resource and Research Center (~240 users), Vervet Research Colony (~50 users), and National Natural Toxins Research Center (~310 users). Respondents will be those individuals who elect to complete the survey (estimated at ~20%).
