(OMB#: 0925-0648 Exp Date: 06/30/2024)

TITLE OF INFORMATION COLLECTION:

NIH Office of Intramural Training & Education (OITE) – Career Symposium 2023 Feedback

PURPOSE:

The NIH Career Symposium aims to highlight the diversity of career choices available to biomedical researchers. Participants are exposed to a series of panels and workshops focused on careers in academics, industry, government, patents / technology transfer, policy, and communications. A series of Skill Blitzes designed to share tools and resources critical for a job search are presented near the close the Career Symposium. The OITE wishes to collect feedback from participants to ensure the information being presented meets the needs of the trainee / student populations.

DESCRIPTION OF RESPONDENTS:

Participants of the Career Symposium are postdoctorates, clinical / research fellows, and graduate students that are considering the next phase of their career development. Registration is open to the general-public and NIH trainees. NIH trainees are individuals that receive support for career development from NIH in one or more of the following areas: research support, stipend, health insurance, and/or tuition.

FEDERAL COST: The estimated annual cost to the Federal government is \$377.00.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?
 Yes No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

The OITE will ask all participants of the Career Symposium to complete the feedback form. Based on past Career Symposium feedback counts, the OITE anticipates 5000 registrations with only a couple hundred responses. For the burden estimate for this submission, the OITE is estimating a maximum of 10% response rate from the 5000 participants, or rather 500 feedback submissions.

Administration of the Instrument

1. How will you collect the information? (Check all that apply)

Web-based or other forms of social media

Telephone

In-person

Mail
