

Dear NINDS DIR Staff,

The Office of the Scientific Director would like your feedback on our performance related to the December 2022 flood and following remediation process. This survey is part of a broader “Lessons Learned” process, the result of which will be shared with the community after analysis is completed.

The survey will be open until [DATE] at 11:59pm. All respondents have the option of remaining confidential.

If you would like a personalized meeting with your lab or work group to discuss ongoing concerns or issues related to the flood, please email porterrecovery@nih.gov.
