Background and Overview

In 1996, Congress passed the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA), which required the Social Security Administration (SSA) and U.S. Citizenship and Immigration Services (USCIS), formerly the Immigration and Naturalization Service (INS), to initiate an employment verification pilot program.

Under the U.S. Department of Homeland Security (DHS), USCIS operates the E-Verify program, previously referred to as the Basic Pilot Program. E-Verify implements the legal requirements of IIRIRA by allowing any U.S. employer to electronically verify the employment eligibility of its newly hired employees.

E-Verify Background

In 1996, Congress passed the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA), which required the Department of Homeland Security (DHS) and Social Security Administration (SSA) to develop an employment confirmation process now known as E-Verify.

The Federal Acquisition Regulation (FAR) final rule requires that as of September 8, 2009, federal contractors with contracts containing the FAR E-Verify clause must use E-Verify as a condition of their contract. Click [FAR E-Verify Clause: 48.C.F.R. 52.222-54](#) to learn more.

Overview

E-Verify is a voluntary program for most employers, but mandatory for some, such as employers with federal contracts or subcontracts that contain the Federal Acquisition Regulation (FAR) E-Verify clause.

E-Verify is an internet-based system operated by the U.S. Department of Homeland Security (DHS) in partnership with the Social Security Administration (SSA) that allows participating employers to electronically verify the employment eligibility of their newly hired employee and/or employee assigned to a federal contract.

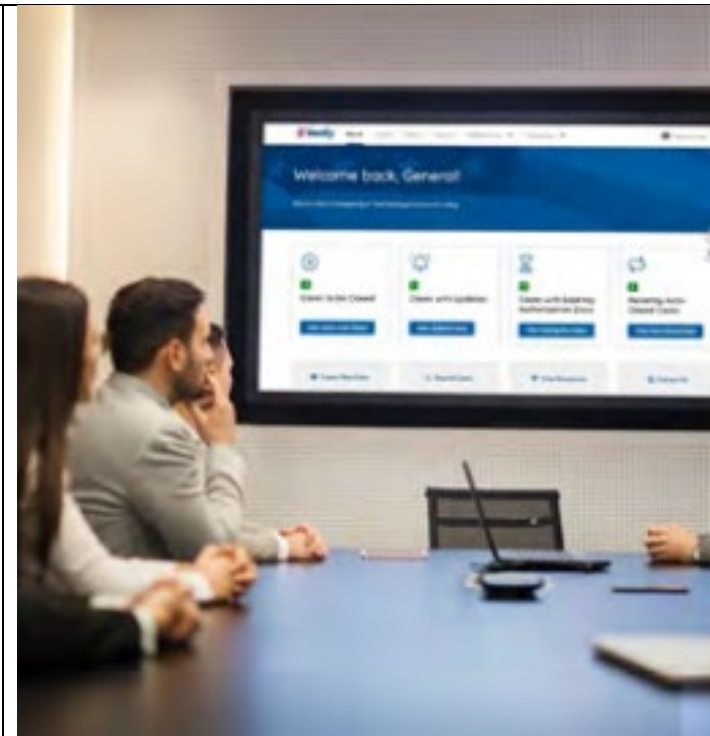

Back Next Exit Lesson

Lesson 1 Page 4 of 27

E-Verify Overview

E-Verify is an internet-based system that electronically confirms the identity and employment eligibility of newly hired employees to work in the United States.

E-Verify is a voluntary program. Employers with federal contracts or subcontracts that contain the Federal Acquisition Regulation (FAR) E-Verify clause are required to enroll in and use E-Verify as a condition of federal contracting. Employers with employees in states with legislation that requires participation in E-Verify, for example, as a condition of business licensing, may also be required to participate in E-Verify. In addition, federal agencies, and legislative offices, as well as employers subject to certain court orders, may be required to participate in E-Verify.

E-Verify Overview - E-Verify Employer Agent (EEA)

E-Verify employer agent means any person, company, or other entity that provides the service of using E-Verify to confirm employment eligibility of employees of third-party employers (or clients).

Clients are required to complete Form I-9, Employment Eligibility Verification, for all new employees and must follow the guidelines set forth in the memorandum of understanding (MOU) for employers using an E-Verify Employer Agent (or client MOU).

E-Verify Home Cases Clients Reports Resources Employer Agent User

Tutorial

How It Works

E-Verify works by comparing the information entered on an employee's Form I-9, Employment Eligibility Verification, with SSA and DHS records to verify employment eligibility.

At this time, an employer can verify the employment eligibility of only one person at a time within E-Verify. All new, temporary, seasonal and rehired employees must be entered into E-Verify individually.

Back Next Exit Lesson Lesson 1 Page 5 of 27

How E-Verify Works

E-Verify works by electronically comparing the information from an employee's Form I-9, with official government records that E-Verify can access to verify the identity and employment eligibility of each newly hired employee and/or employee assigned to a covered federal contract.

Privacy Statement and Guidelines

The use of E-Verify requires the collection of personally identifiable information. It is essential to protect the privacy of employees that submit information to be processed through E-Verify.

It is your responsibility to ensure that all personal information collected is safeguarded and used only for the purposes outlined in the Memorandum of Understanding (MOU) between E-Verify and the employer/user.

Back Next Exit Lesson Lesson 1 Page 6 of 27

Privacy Statement and Guidelines

E-Verify use requires the collection of personally identifiable information (PII). Employers must protect the privacy of employees who submit information to be processed through E-Verify and ensure that all personal information collected is safeguarded and used only for the purposes outlined in the MOU.

E-Verify protects PII in accordance with a National Archives and Records Administration (NARA) records retention and disposal schedule (N 1-566-08-7) by annually disposing of E-Verify records that are over 10 years old. This minimizes security and privacy risks associated with U.S. government retention of PII.

Failure to properly protect employee information can result in identity theft or fraud and can cause considerable inconvenience, harm, or embarrassment to the employees or employer affected.

Privacy Statement and Guidelines

PRIVACY GUIDELINES OVERVIEW

Protecting Civil Rights: The Department of Justice's Immigrant and Employee Rights Section (IER)

The Immigration and Nationality Act's anti-discrimination provision, found at 8 U.S.C. § 1324b, requires employers to apply Form I-9 and E-Verify rules consistently, regardless of an employee's citizenship, immigration status or national origin. The Immigrant and Employee Rights Section (IER) of the U.S. Department of Justice Civil Rights Division enforces this law.

Employers that discriminate in their use of E-Verify may violate this law.

For more information on how to avoid discrimination, contact IER Employer Hotline at 800-255-8155 (TTY: 800-237-2515) or visit <https://www.justice.gov/ier>.

The screenshot shows the E-Verify website interface. At the top, there is a navigation bar with the E-Verify logo and links for Home, Cases, Clients, Reports, and Resources. Below this is a blue header with the word "Tutorial". The main content area is titled "Responsibility to Avoid Discrimination" and contains text explaining that federal law requires employers to apply Form I-9 and E-Verify rules consistently, regardless of an employee's citizenship, immigration status, or national origin. It references the Immigration and Nationality Act's anti-discrimination provision at 8 U.S.C. § 1324b and mentions that the Immigrant and Employee Rights Section (IER) of the U.S. Department of Justice Civil Rights Division enforces this law. - Do not ask an employee to show a specific document to prove their citizenship or immigration status for the Form I-9 process or for the E-Verify process.
- Do not request additional or different documents than are required to verify employment eligibility and identity, reject reasonably genuine-looking documents or specify certain documents over others.
- Do not use E-Verify selectively or to prescreen certain candidates based on employees' or applicants' citizenship, immigration status, or national origin.
- Do not, based on an employee's citizenship status or national origin, take adverse action against an employee because of a mismatch or because their case is pending with DHS or SSA.

Adverse Actions

E-Verify prohibits you from taking adverse actions against employees based on the employee's decision to contest a Tentative Nonconfirmation (TNC) or because the employee's case is pending with DHS or SSA. Adverse actions include: terminating, suspending, withholding pay or training, delaying a start date or otherwise limiting his or her employment.

To avoid improper adverse actions, treat employees that choose to contest a case result as you would treat any other employee.

If you take adverse actions against job applicants or employees, you could face legal action, including civil penalties and back pay awards, and your participation in E-Verify may be terminated.

If the employee chooses not to take action on the mismatch, the employer may terminate employment with no civil or criminal liability as noted in Responsibilities of the Employer, Article II, Section A paragraph 13 of the MOU. The case can be treated as a Final Nonconfirmation, and the employer should close the case in E-Verify.

An employer cannot specify which document(s) their employee may present from the List of Acceptable Documents. Follow this process consistently, regardless of your employee’s citizenship, immigration status, or national origin.

Important: You may **NOT** specify which document(s) from the Form I-9 Lists of Acceptable Documents that the employee may choose to present. This tutorial uses examples to explain some common document features; however, you cannot ask employees to show any specific type of document.

Verification Process Overview

The E-Verify employment eligibility verification process begins with a completed Form I-9. The information from Form I-9 is then entered into E-Verify and a case result is provided.

Case results inform you of your client's employee's work eligibility. Case results can be initial, interim or final. Every case created in E-Verify receives a final case result before it is closed, and every case must be closed.

REMINDER: E-Verify makes employment eligibility determinations by comparing the employee's Form I-9 information entered in E-Verify with the information in DHS and SSA records.

The E-Verify employment eligibility confirmation process begins with a completed Form I-9. The information from Form I-9 is then entered into E-Verify and a case result is provided.

Case results inform you of the status of your client's employee's E-Verify case as well as their employment eligibility. Case results can be initial, interim, or final.

If you determine the information in the case is incorrect, close the case and create a new case with correct information.

Every case must be closed.

REMINDER: E-Verify confirms employment eligibility by comparing the employee's Form I-9 information entered in E-Verify to official government records that E-Verify can access.

Initial Verification Case Results - Overview

After Form I-9 information has been entered into E-Verify, E-Verify promptly provides you an initial case result. An initial case result is the first, and sometimes final, case result provided by E-Verify. How you communicate a case result with your client is between you and your client.

An overview of the initial case results is listed in the table below.

Initial Case Results	Overview
Employment Authorized	The employee's information matched with DHS and/or SSA records. It's that easy!
Tentative Nonconfirmation (TNC)	Information does not initially match with SSA or DHS records. Additional action is required.
DHS Verification in Process	This case is referred to DHS for further verification. No action is required until further notice from E-Verify.

Each case result is unique, and may or may not require additional action by you and/or the employee. Additional information on initial case results and next steps are addressed throughout this tutorial.

Tutorial

Create a Case

After the employee completes Form I-9, your next step is to create a case in E-Verify. An E-Verify case must be created no later than the third business day after the employee starts work for pay.

The hire date is the first day of employment in exchange for wages or other remuneration, previously referred to as the date on which the employee began employment. For the hire date in E-Verify, enter the 'employee's first day of employment' date from the 'Certification' in Section 2 of the employee's Form I-9 circled below.

Certification:
I attest, under penalty of perjury, that (1) I have examined the document(s) presented by the above-named employee, (2) the above-listed document(s) appear to be genuine and to relate to the employee named, and (3) to the best of my knowledge the employee is authorized to work in the United States.
The employee's first day of employment (mm/dd/yyyy): (See instructions for exemptions)

Signature of Employer or Authorized Representative Today's Date (mm/dd/yyyy) Title of Employer or Authorized Representative

Last Name of Employer or Authorized Representative First Name of Employer or Authorized Representative Employer's Business or Organization Name

Employer's Business or Organization Address (Street Number and Name) City or Town State ZIP Code

If you rehired an employee within three years of the date that his or her previous Form I-9 was completed and have completed Section 3 of Form I-9, enter the 'Date of Rehire' from Section 3 of the employee's Form I-9 as the hire date in E-Verify.

If the employee's hire date changes after you have created the case in E-Verify, no additional action is required in E-Verify as you cannot change the hire date once you've created the case. You must, however, make a correction to the Section 2 'Certification' date on the employee's Form I-9 if the employee's hire date changes. Consult the 'Handbook for Employers: Guidance for Completing Form I-9 (M-274)' for more information.

The next screens instruct you on how to create a case in E-Verify.

NOTE: Employees hired on or before November 6, 1986 are not subject to Form I-9 and, therefore, may not have a case created in E-Verify based on this employment.

Back Next Exit Lesson Lesson 2 Page 4 of 18

Create an E-Verify Case

The earliest you may create a case in E-Verify is after the employee accepts an offer of employment and Form I-9, Employment Eligibility Verification, is complete. After the Form I-9 is complete, your next step is to create a case in E-Verify. An E-Verify case must be created within three business days after the employee's first day of employment.

You can find the employee's first day of employment in Section 2 of Form I-9. The employee's first day of employment is circled below.

Certification: I attest, under penalty of perjury, that (1) I have examined the document(s) presented by the above-named employee, (2) the above-listed document(s) appear to be genuine and to relate to the employee named, and (3) to the best of my knowledge the employee is authorized to work in the United States.

The employee's first day of employment (mm/dd/yyyy): (See instructions for exemptions)

Signature of Employer or Authorized Representative Today's Date (mm/dd/yyyy) Title of Employer or Authorized Representative

Last Name of Employer or Authorized Representative First Name of Employer or Authorized Representative Employer's Business or Organization Name

Employer's Business or Organization Address (Street Number and Name) City or Town State ZIP Code

If the employee’s first day of employment changes after you have created the case in E-Verify, no additional action is required in E-Verify as you cannot change that date once you’ve created the case. You must, however, make a correction to the date recorded in the certification block of Section 2 of the employee’s Form I-9 if the employee’s first day of employment changes. Annotate the correction with your initials and the date you made the correction.

Review the [Handbook for Employers: Instructions for Completing Form I-9 \(M-274\)](#) or [I-9 Central](#) for more information.

NOTE: Employees hired on or before Nov. 6, 1986, are not subject to Form I-9 and therefore, may not have a case created in E-Verify based on this employment.

Getting Started

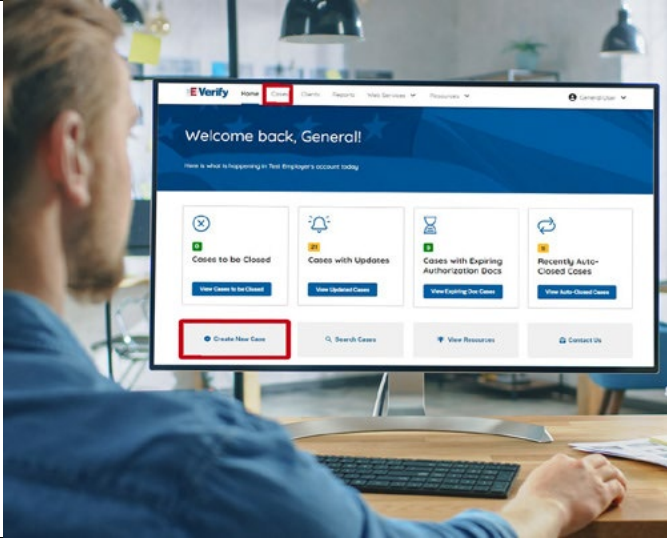

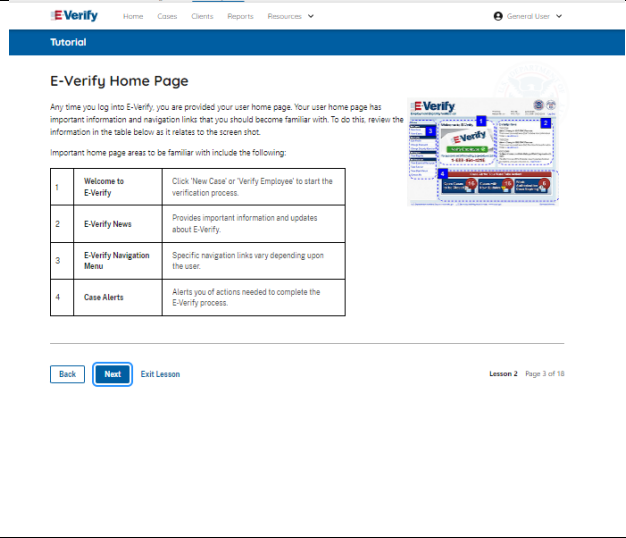

To create a case in E-Verify, use the information from the employee’s Form I-9 and enter it into E-Verify.

From the E-Verify home page:

Click **Cases** above the banner and select **Create New Case**; or

Click **Create New Case** quick link, in gray box below the case alerts.

IMPORTANT: No case can be deleted after it has been created. If a case is created in error, simply close the case. All draft cases will be automatically closed after 180 days.

Enter Form I-9 Information

After you have selected 'New Case' or 'Verify Employee,' you have started to create a case in E-Verify.

Use the information on the employee's Form I-9 to complete the steps on each screen, listed for you below:

Select the citizenship status that the employee chose in Section 1 of Form I-9 and click 'Continue.'

Select the information provided in Section 2 of Form I-9 and click 'Continue.'

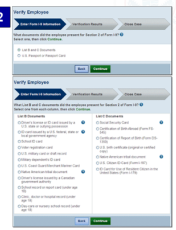

When you select 'List B and C documents,' E-Verify prompts you to select the documents presented by the employee from Section 2 of Form I-9 for both List B and List C. Make the correct selection and click 'Continue.'

When you select 'Driver's license or ID card issued by a U.S. state or outlying possession,' E-Verify will prompt you to select the document name and state. Make the correct selection and click 'Continue.'

Enter all required fields (marked with **) and click 'Continue.'

When the employee provides an email address on Form I-9, you must enter it into E-Verify. E-Verify may send the employee email notifications with information about his or her E-Verify case.

NOTE: Additional information is available in the form of helper text. To access this information, simply click any helper text symbol .

When appropriate, E-Verify prompts you to enter the reason you have not created a case within 3 business days of hire. Select the appropriate response and click 'Continue.'

REMINDER: The hire date is the first day of employment in exchange for wages or other remuneration as entered into the 'employee's first day of employment' date from the 'Certification' in Section 2 on Form I-9. The E-Verify case may be created before the employee begins work for pay as long as the employee has accepted an offer of employment and Form I-9 is complete. In these situations, the date you should enter into the hire date field in E-Verify is the Section 2 'Certification' date from the employee's Form I-9.

Enter Form I-9 Information – Additional Case Details

Under the Additional Case Details section, type the employee's first day of employment as recorded in Section 2 of Form I-9 into the Employee's First Day of Employment field. Alternatively, you may click **Today**, **1 Day Ago**, or **2 Days Ago** and the corresponding date automatically populates in the Employee's First Day of Employment field.

If the case is being created three or more days past the employee's first day of employment, you must provide a reason for the delay. Select the appropriate reason from the drop-down menu or if **Other** is selected, E-Verify requires you to type the reason in the Reason for Delay text box and click **Continue**.

REMINDER: The employee's first day of employment is the date the employee begins working in exchange for wages or other remuneration. That date should

be entered as the employee's first day of employment date from the certification block in Section 2 on Form I-9. The E-Verify case may be created before the employee begins work for pay as long as the employee has accepted an offer of employment and Form I-9 is complete. In these situations, the date you should enter in the hire date field in E-Verify is the date recorded in the certification portion of Section 2 from the employee's Form I-9.

Enter Form I-9 Information – Duplicate Case Alert

After you enter the employee's Form I-9 information and click **Continue**, the next screen may alert you that the case information you entered matches another case created by you or another E-Verify user of this employer. A duplicate case alert can occur for several reasons. It does not necessarily mean that your case should be closed.

If you receive a new duplicate case alert, you must close all open duplicate cases created for this employee before either this or another case can proceed:

- Select **Review and Manage Duplicate Cases** to see a list of all duplicate cases (open and closed).
- To close an individual case, click **Close Case**.
- Select **Cancel** if you wish to completely discontinue with this case that you have started. Nothing will be saved.
- To continue with a previously created open duplicate case, click **Continue Case**.
- If you decide to continue processing a duplicate case listed in this alert, you must select a reason for continuing a duplicate case.

Enter Form I-9 Information – Review Case

In some cases, after you enter the employee's Form I-9 information and click **Continue**, the Review Case screen asks you to check the employee's information before E-Verify provides an initial case result.

To complete this step, you must ensure that the information you entered in E-Verify matches the employee's Form I-9.

- You can change information before receiving case results by clicking **Edit Case Details**;
- After this information is verified or corrected, click **Submit Case**;
- If you need more time, click **Save and Exit**; or

- If you think you have made an error or no longer need to continue the verification process, you can click **Close Case** and the case will automatically close without being submitted.

Enter Form I-9 Information – E-Verify Photo Matching

In some cases, E-Verify prompts you to compare the photo on an employee's Form I-9 photo document with a photo displayed on the E-Verify screen. This helps you ensure that the document provided matches official government records that E-Verify can access.

The photo matching step happens automatically when an employee presents a U.S. passport or passport card, Permanent Resident Card (Form I-551, also known as a Green Card), or an Employment Authorization Document (Form I-766) for Form I-9 completion.

Enter Form I-9 Information - Photo Matching (continued)

Matching photos is easy – simply compare the photo shown in E-Verify to the photo on the employee's Form I-9 photo document, NOT to the employee. The two photos should be identical.

Determine if the photos appear reasonably identical, account for minor variances in shading and detail and select:

Yes: the photo on the employee's actual document or a copy matches the photo displayed by E-Verify. Clothing, hair style, facing direction and appearance on the card should be identical to the photo displayed by E-Verify.

OR

No: the photo on the employee's actual document or a copy does not match the photo displayed in E-Verify.

Then, click 'Continue.'

NOTE: A watermark has been added to the photo displayed in E-Verify to prevent unauthorized use. The photo on the document presented by the employee will not have a watermark. Absence of a watermark on the document photo does not mean that it is not authentic.

- DHS Verification in Process

The next screens discuss an overview of each initial case result.

Verification Process - Initial Verification Case Results Overview

After Form I-9 information has been entered into E-Verify, E-Verify promptly provides you an initial case result. An initial case result is the first, and sometimes final, case result provided by E-Verify.

An overview of the initial case results is listed in the table below.

Initial Case Results	Overview
Employment Authorized	The employee's information matched with official government records that E-Verify can access. Case will automatically close. No action needed.
Tentative Nonconfirmation (Mismatch)	Information does not initially match official government records that E-Verify can access. Additional action is required.

E-Verify Needs More Time

DHS could not immediately verify the data and needs more time. This case is referred to DHS for further action. No action is required until further notice from E-Verify.

Each case result is unique and may or may not require additional action by you and/or the employee. Additional information on initial case results and next steps are addressed throughout this tutorial.

The screenshot shows the E-Verify 'Employment Authorized' tutorial page. The page title is 'Employment Authorized'. The content explains that 'Employment Authorized' is the most common case result, meaning the employee's information matches with DHS and/or SSA records. It states that a case result of 'Employment Authorized' is also considered a final case result. The next step is to record the case verification number on the employee's Form I-9 and/or print a copy of the case details and file it with the employee's Form I-9. The page concludes by stating that after closing the case in E-Verify, the verification process is complete. At the bottom, there are navigation buttons for 'Back', 'Next', and 'Exit Lesson', and a page indicator 'Lesson 2 Page 14 of 18'.

Verification Process – Final Case Results Overview

A final case result means that the case is ready to be closed. You must close a case to complete the E-Verify process.

An overview of the final case results is listed in the table below.

Final Case Results	Overview
Employment Authorized	The employee's information matched with official government records that E-Verify can access. Case will automatically close. No action needed.
DHS or SSA Final Nonconfirmation	E-Verify cannot confirm an employee's employment eligibility. You may close the case.
Close Case and Resubmit	This case cannot continue because the expiration date entered for the employee's U.S. passport, passport card or driver's license is incorrect. Close the case in E-Verify and create a new case.

Each case result is unique and may or may not require additional action by you. Additional information on final case results and next steps are addressed throughout this tutorial.

Employment Authorized - Request Name Review

In rare situations, E-Verify issues a case result of 'Employment Authorized,' but the name provided on the case result does not match with the name displayed in E-Verify. This happens when the information matches, but there are name variations in DHS records.

Review the employee's information as displayed in E-Verify and compare it with the information displayed in the case result on the same screen. If the name displayed in E-Verify is different from the name displayed in the case result, you must click 'Request Name Review' and submit comments, and DHS will review the case.

Tentative Nonconfirmation (TNC)

A Tentative Nonconfirmation (TNC) means that the employee's information does not initially match with Social Security Administration (SSA) or U.S. Department of Homeland Security (DHS) records.

There are two types of TNCs:

- SSA Tentative Nonconfirmation (SSA TNC)
- DHS Tentative Nonconfirmation (DHS TNC)

A TNC does NOT necessarily mean that the employee is not authorized to work in the United States. This case result is also considered an interim case result because it requires additional action by you and the employee. The next lesson discusses the steps required for a TNC.

Tentative Nonconfirmation (Mismatch) – Process Overview

The Tentative Nonconfirmation (mismatch) process can be simple; however, it requires action by you and the employee.

Employers must complete the following steps in E-Verify within 10 federal government working days after issuance of the mismatch result:

- Notify your employee of their mismatch result as soon as possible within the 10 days.
- Download the Further Action Notice before referring the case.
- Give your employee a copy of the Further Action Notice.
- Review the Further Action Notice with your employee in private and have them confirm whether the information listed is correct.
- If the information is incorrect, select the statement indicating the information was not correct and close the case. After the case is closed, create a new case for your employee with the correct information.
- If the information is correct, tell your employee they have 10 days from issuance of the mismatch to notify you whether they will take action to resolve the mismatch.
- Refer the case if your employee tells you they will take action to resolve the mismatch and refer the case to DHS and/or SSA.
- If your employee does not give you their decision by the end of the 10th federal government working day after E-Verify issued the mismatch, then you close the case.

Review the [E-Verify User Manual, 3.3 Tentative Nonconfirmation \(Mismatch\)](#) for more information.

DHS Verification in Process

A case result of 'DHS Verification in Process' means that the employee's information did not initially match DHS records. E-Verify automatically sends this case to DHS for further verification.

'DHS Verification in Process' does not require action. DHS responds within 3 Federal Government working days with an updated case result. You can review the result through Case Alerts on your E-Verify user home page. Your next step is determined by the case result provided.

NOTE: DHS Verification in Process' is also considered an interim case result and is provided to you when necessary during the verification process.

Interim Case Results - Overview

An interim case result requires additional action before E-Verify can provide a final case result. All cases must receive a final case result. You must close every case to complete the E-Verify process.

Interim case results include:

- SSA Tentative Nonconfirmation and DHS Tentative Nonconfirmation
- Review and Update Employee Data
- DHS Verification in Process
- SSA Case in Continuance and DHS Case in Continuance

The next screens discuss each case result in detail.

Verification Process - Interim Verification Case Results

An interim case result requires additional action before E-Verify can provide you with a final case result.

An overview of the interim case results is listed in the table below.

Interim Case Results	Overview
DHS and/or SSA Tentative Nonconfirmation (Mismatch)	Information did not match official government records that E-Verify can access. Additional action is required.
E-Verify Needs More Time	DHS cannot verify the data and needs more time. This case is referred to DHS for further action. No action is required until further notice from E-Verify.
DHS or SSA Case in Continuance	The employee has contacted DHS or visited an SSA field office, but more time is needed to determine a final case driver's license result. No action is required until further notice from E-Verify.

Each case result is unique and may or may not require additional action by you and/or the employee. Additional information on interim case results and next steps are addressed throughout this tutorial.

SSA and DHS Tentative Nonconfirmation

A Social Security Administration (SSA) or U.S. Department of Homeland Security (DHS) TNC means that the employee's information does not match with SSA or DHS records.

A TNC does NOT necessarily mean that the employee is not authorized to work in the United States.

The table below provides possible reasons a TNC may occur.

SSA TNC	<ul style="list-style-type: none"> Citizenship or immigration status was not updated with SSA Name change was not reported to SSA Name, SSN or date of birth is incorrect in SSA records SSA record contains another type of error Information was not entered correctly by the employer
DHS TNC	<ul style="list-style-type: none"> Name, A-number and/or I-94 number are incorrect in DHS records U.S. Passport, Passport Card or driver's license information could not be verified ID photo document differs from the photo in DHS records Information was not updated in the employee's DHS records Citizenship or immigration status changed Record contains another type of error Information was not entered correctly by the employer

DHS and SSA Mismatch

A Department of Homeland Security (DHS) and/or Social Security Administration (SSA) mismatch means that the employee's information does not match official government records that E-Verify can access.

A mismatch does **NOT** necessarily mean that the employee is not authorized to work in the United States.

The table below provides some possible reasons a mismatch may occur.

DHS MISMATCH	<ul style="list-style-type: none"> Name, A-Number and/or I-94 Number are incorrect in DHS records U.S. passport, passport card or driver's license information could not be verified ID photo document differs from the photo in DHS records Information was not updated in the employee's DHS records Citizenship or immigration status changed Record contains another type of error Information was not entered correctly by the employer

Tentative Nonconfirmation (TNC) - Process Overview

The TNC process can be simple; however, it requires action by you, your client and the employee.

First, your client must notify the employee in private of the TNC case result. To do this, you print the Further Action Notice and provide it to your client to review and sign. This Notice provides additional instruction to your client and the employee on next steps.

The next step is driven by the employee's choice to:

CONTEST - take action; or,
NOT CONTEST - not take action

If the employee chooses to contest, then you refer him or her to either SSA or DHS. The Further Action Notice provides additional instruction to your client and the employee on next steps.

After the employee is notified and referred, E-Verify provides you an updated case result within 10 Federal Government working days.

The next screens walk you through the TNC process in detail.

[Back](#) [Next](#) [Exit Lesson](#) Lesson 3 Page 5 of 17

Mismatch – Process Overview

The mismatch process can be simple; however, it requires action by you, your client, and the employee.

E-Verify employer agent, client and employee must complete the following steps in E-Verify within 10 federal government working days after issuance of the mismatch result:

- Notify the client of the mismatch result as soon as possible within the 10 federal government working days.
- Download the Further Action Notice before referring the case.
- Instruct your client to give the employee a copy of the Further Action Notice.
- Instruct your client to review the Further Action Notice with the employee in private and have them confirm whether the information listed is correct.
- If the information is incorrect, select the statement indicating the information was not correct and close the case. After the case is closed, create a new case for the employee with the correct information.
- If the information is correct, instruct the client to tell the employee they have 10 federal government working days from issuance of the mismatch to notify you whether they will take action to resolve the mismatch.
- Refer the case to DHS and/or SSA if the employee tells the client they will take action to resolve the case.
- If the employee does not give your client their decision by the end of the 10th federal government working day after E-Verify issued the mismatch, then you close the case.

The next screen walks you through the mismatch process in detail.

Begin the TNC Process

When E-Verify provides a case result of SSA or DHS Tentative Nonconfirmation (TNC), you start the TNC process when you click 'Continue' from the verification result page.

The next screens take you through the steps listed below:

- Notify Employee of TNC
- Confirm Employee Decision
- Refer Employee or Close Case
- Check for Case Status Updates

IMPORTANT: A TNC does NOT necessarily mean that the employee is not authorized to work in the United States. Your client MUST provide the employee the opportunity to contest a TNC. You and/or your client may not take adverse action against an employee because of the TNC or while the employee's case is pending.

Mismatch - Begin Mismatch Process

If E-Verify provides a case result of DHS and/or SSA mismatch, you will begin the mismatch process. The next screens take you through the steps listed below:

- Notify Employee of Mismatch
- Confirm Employee Decision
- Refer Employee or Close Case
- Check for Case Status Updates

IMPORTANT: A mismatch does **NOT** necessarily mean that the employee is not authorized to work in the United States. You **MUST** provide the employee the opportunity to take action to resolve the mismatch. Employers may not terminate, suspend, delay training, withhold or lower pay, or take any other adverse action against an employee because of the mismatch, until the mismatch becomes a Final Nonconfirmation.

Notify the Employee of the TNC – Further Action Notice

The first step is to notify the employee of a TNC as soon as possible.

To notify the employee, follow the steps listed below:

- Select a language to print the Further Action Notice and click 'Print Notice.'
- Send the Further Action Notice to the employer and instruct them to review the Further Action Notice privately with the employee.
- Indicate that the employee has been notified by selecting the check box 'I have notified this employee of the TNC.'

NOTE: A sample of the Further Action Notice is available any time you log into E-Verify under 'View Essential Resources,' accessible on your user home page.

Mismatch - Notify the Employee of the Mismatch and provide the Further Action Notice

The first step is to notify your client's employee of their mismatch result as soon as possible within the 10 federal government working days.

To notify the employee, follow these steps:

- From the case mismatch screen in your account, select a language to print the Further Action Notice and click **Download Further Action Notice**.
- Send the Further Action Notice to your client and instruct them to review the Further Action Notice privately with the employee.

NOTE: A sample of the Further Action Notice is available any time you log into E-Verify under View Essential Resources, accessible on your user home screen.

Confirm Employee Decision

The next step is to confirm the employee's decision to contest or not contest the TNC.

The employee chooses to contest or not contest the case result and acknowledges this decision on the Further Action Notice.

To confirm the employee's decision:

- Instruct the employer to have the employee indicate whether he or she will contest or not contest the TNC on the Further Action Notice.
- Ensure that the employer and the employee sign and date the English version of the Further Action Notice.
- Instruct the employer to give the employee a copy of the signed Further Action Notice in English and attach the original to the employee's Form I-9.

If your employee chooses to not contest the TNC and take no further action, then you can close the case and employment can be terminated with no civil or criminal liability as noted in Article II, Section C – Responsibilities of the Employer (#6) in the Memorandum of Understanding (MOU).

A sample of the Further Action Notice is available in 'View Essential Resources.'

[Back](#) [Next](#) [Exit Lesson](#) Lesson 3 Page 8 of 17

Mismatch – Confirm Employee Decision

The next step is to confirm the employee's decision to take action to resolve the mismatch or not take action to resolve the mismatch.

The employee chooses whether they will take action or not to resolve the mismatch and acknowledges this decision on the Further Action Notice.

To confirm the employee's decision:

- Have the employee indicate on the Further Action Notice whether they will take action to resolve the mismatch.
- Ensure that you and the employee sign and date the English version of the Further Action Notice.
- Give the employee a copy of the signed Further Action Notice in English and attach the original to the employee's Form I-9.
- If the employee chooses to take action to resolve the mismatch, make the appropriate selection on the case and click **Continue**.
- Download the Referral Date Confirmation and provide a copy to the employee. The Referral Date Confirmation provides the date by which the employee must call DHS and/or visit SSA. The employee should bring the Further Action Notice when they visit a SSA field office.
- If your employee chooses to not take action to resolve the mismatch or does not give you their decision by the end of the 10th federal government working day after E-Verify issued the mismatch, then you close the case and may terminate the employee.

A sample of the Further Action Notice is available in View Essential Resources.

Refer Employee or Close Case

An employee that chooses to contest a TNC must be referred to SSA or DHS.

If the employee chooses to:

CONTEST: He or she chooses to take the action to visit an SSA field office or contact DHS within 8 Federal Government working days.

Click 'Refer Case.'

This starts the 8 Federal Government working days that the employee has to visit an SSA field office or contact DHS.

NOT CONTEST: He or she acknowledges that the employer may terminate employment.

Click 'Close Case.'

IMPORTANT: Employers may NOT take adverse action against an employee because of the TNC while he or she is contesting the TNC and the case is pending.

In some cases, when you refer the case, E-Verify will prompt you to provide a copy of the employee's photo document. This is discussed on the next screen.

[Back](#) [Next](#) [Exit Lesson](#) Lesson 3 Page 9 of 17

Mismatch – Refer Employee or Close Case

- Ask the employee if they choose to take action to resolve the error and correct the data mismatch or not and indicate their choice.
 - The employee chooses to take action to resolve this case.
 - The employee chooses not to take action to resolve this case.

- Indicate the employee's decision below:
 - The employee will take action to resolve this E-Verify case. The employee understands that action must be taken by {date will auto populate}.
 - The employee will not take action to resolve this case. The employee understands that this cannot be undone and choosing not to take action could result in termination of employment.
 - The information entered was not correct. I am choosing to close this case.

- Click **Continue** or **Save & Exit**.

IMPORTANT: In some cases, when you refer the case, E-Verify will prompt you to provide a copy of the employee's photo document. This is discussed on the next slides.

E-Verify Photo Matching Overview

E-Verify photo matching will prompt the E-Verify user to compare the employee's photo document with a photo displayed during creation of the E-Verify case. This helps ensure that the document the employee provided for Form I-9 matches records available to DHS.

The four List A documents that will trigger photo matching are:

- U.S. passport;
- U.S. passport card;
- Permanent Resident Card (Form I-551); and
- Employment Authorization Document (Form I-766).

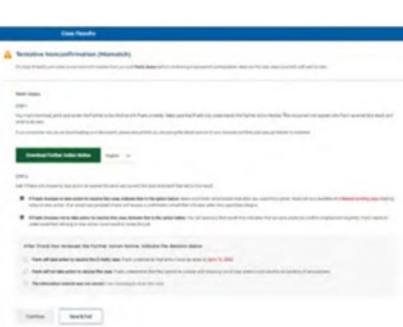

When the employee presents one of these documents, employers must copy the front and back of the document (or in the case of a U.S. passport, copy the passport ID page and the passport barcode page) and retain the copies with Form I-9.

E-Verify Photo Matching – Process

To match photos, compare the photo displayed by E-Verify to the photo on the employee’s actual document or a copy of the employee’s document and determine if the photos are reasonably identical. The photos should be identical with only minor variations in shading and detail based upon the age and wear of the employee’s document.

Do not compare the photo displayed by E-Verify to the actual employee. Employers should have directly compared the photo on the document to the employee during Form I-9 completion and prior to creating the E-Verify case. [Photo Matching - Process Overview](#) provides a summary.

E-Verify Photo Matching – Review Case

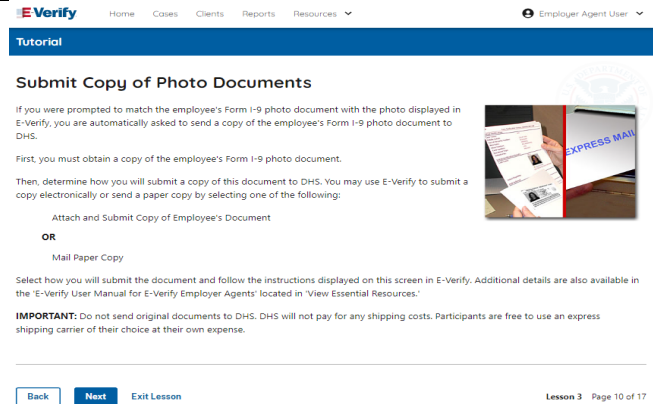

You will be asked if the photo displayed in E-Verify matches the photo displayed on the employee’s document. First, you must obtain a copy of the employee's Form I-9 photo document. You will check the appropriate answer:

- **Yes, this photo matches** - The photo on the employee's actual document or copy of the document matches the photo displayed by E-Verify. Clothing, hair style, facing direction and appearance on the card should be identical to the photo displayed by E-Verify;
- **No, this photo does not match** - The photo on the employee's actual document or copy of the document does not match the photo displayed in E-Verify; or
- **No photo displayed** - No photo was displayed for the E-Verify user to compare with the employee’s document provided. This option should be selected when E-Verify either displays no photo or it displays an image of something other than a photo of a person, such as an image of a document.

E-Verify Photo Matching – Case Results

- For most documents presented, E-Verify requests an image of both the front and back. If the document is a U.S. passport or passport card, E-Verify will request an image of the Passport ID page and the Passport Barcode page.
- If you select **No, this photo does not match** or **No photo displayed**, E-Verify prompts you to upload a photo of your employee’s document and click **Continue**.
- If you select **Save & Exit**, any uploaded documents will not be saved and must be uploaded again.

Click **Continue** or **SAVE & Exit**.

Each case result requires different actions or steps to continue or close the case. These actions are outlined in each case result section throughout this manual. Review the [E-Verify User Manual, 2.2.2 E-Verify Photo Matching](#) for more information.

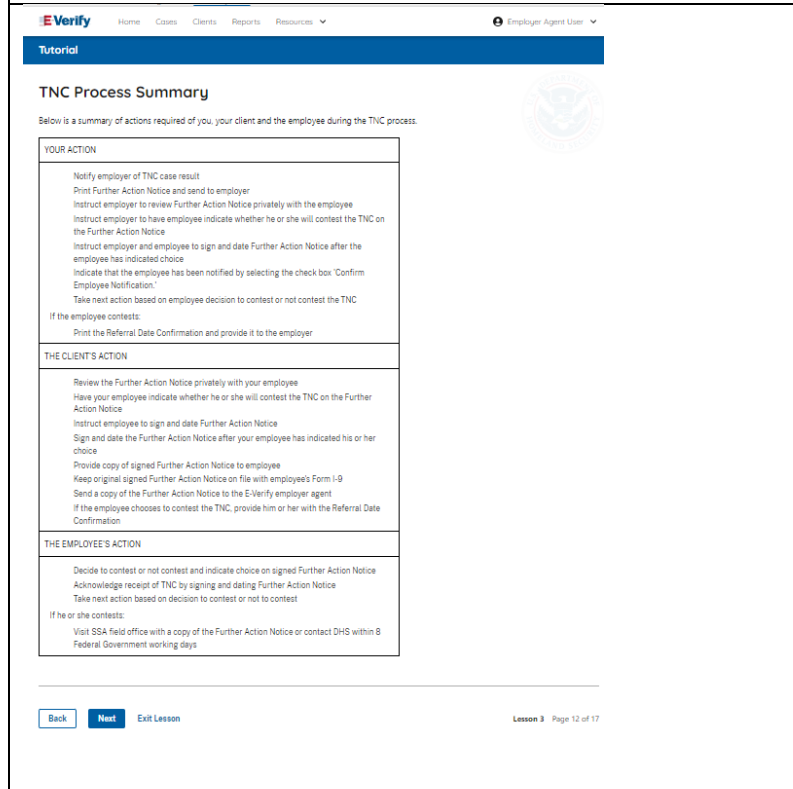

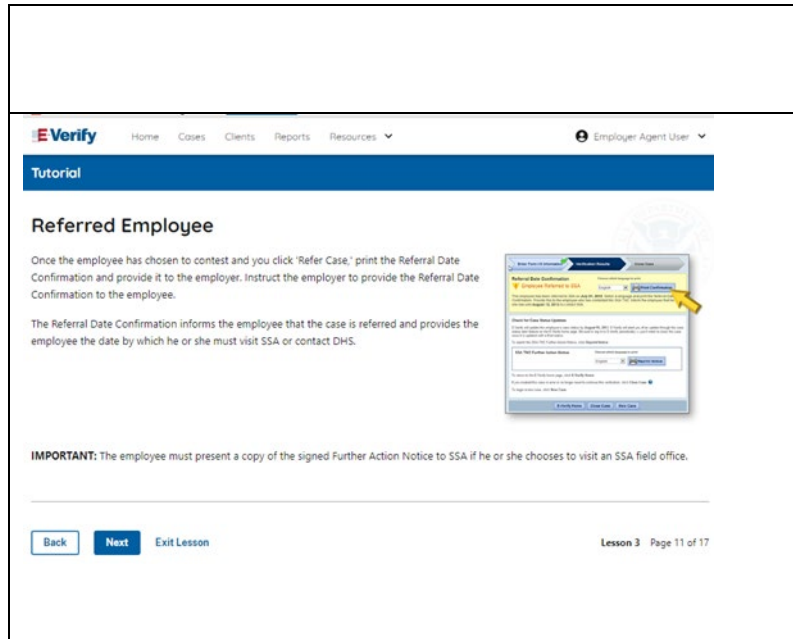

Mismatch – Referred Employee

Once the client informs you the employee has chosen to take action to resolve the case and you indicate the employee will take action to resolve this case in E-Verify, print the Referral Date Confirmation and send it to the client.

Instruct your client to provide the Referral Date Confirmation to the employee.

The Referral Date Confirmation informs the employee that the case is referred and provides the employee the date by which they must contact DHS and/or visit an SSA field office.

IMPORTANT: The employee must present a copy of the signed Further Action Notice to SSA if they choose to visit an SSA field office.

Mismatch Process Summary

Below is a summary of actions required of you, your client and the employee during the mismatch process.

YOUR ACTION

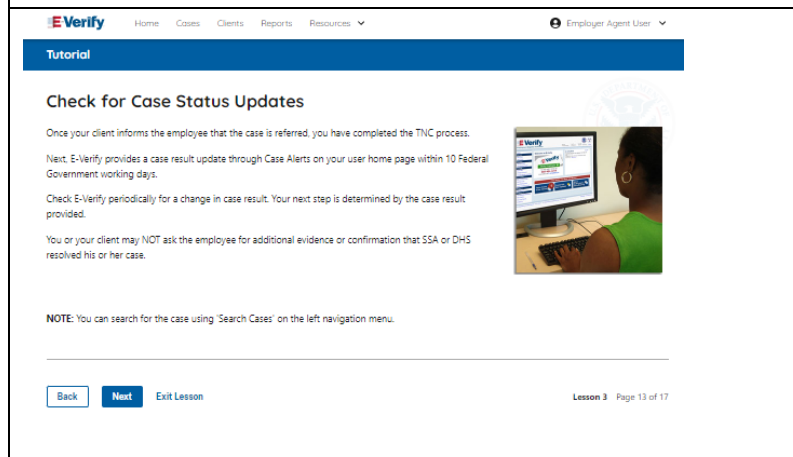

- Notify the client of the mismatch result as soon as possible within the 10 federal government working days.
- Download the Further Action Notice before referring the case.
- Instruct the client to give the employee a copy of the Further Action Notice.
- Instruct the client to review the Further Action Notice with the employee in private and have them confirm whether the information listed is correct.
- If the information is incorrect, select the statement indicating the information was not correct and close the case. After the case is closed, create a new case for the employee with the correct information.
- If the information is correct, instruct the client to tell the employee they have 10 federal government working days from issuance of the mismatch to notify you whether they will take action to resolve the mismatch.
- Refer the case to DHS and/or SSA if the employee tells the client they will take action to resolve the case.
- If the employee does not give your client their decision by the end of the 10th federal government working day after E-Verify issued the mismatch, then you close the case.

THE CLIENT'S ACTION

- Notify the employee of their mismatch result as soon as possible within 10 federal government working days in private.
- Confirm employee's choice to take action to resolve the case or not.
- Instruct employee to sign and date Further Action Notice.
- Sign and date the Further Action Notice after your employee has indicated their choice.
- Provide copy of signed Further Action Notice to employee.
- Keep original signed Further Action Notice on file with employee's Form I-9.
- Send a copy of the Further Action Notice to the E-Verify employer agent.
- If the employee chooses to take action to resolve the mismatch, provide them with the Referral Date Confirmation.
- If the employee does not give you their decision by the end of the 10th federal government working day after E-Verify issued the mismatch, your E-Verify employer agent may then close the case.

THE EMPLOYEE'S ACTION

- Decide to take action or not to resolve their mismatch within 10 federal government working days of issuance and indicate decision on Further Action Notice.
- Acknowledge receipt of mismatch by signing and dating the Further Action Notice.
- Take next action based on decision to take action to resolve case or not.
- If the employee decides to take action to resolve the mismatch, contact DHS or visit an SSA field office with a copy of the Further Action Notice within 8 federal government working days.

The screenshot shows a tutorial page on the E-Verify website. The page title is "Check for Case Status Updates". Review and Update Employee Data

E-Verify provides a case result of 'Review and Update Employee Data' when SSA finds a discrepancy in the information from an E-Verify referral.

'Review and Update Employee Data' happens because of typographical errors and/or incorrect information provided on Form I-9.

This requires that you or your client review the information the employee completed on Form I-9 with the employee, correct any errors and click 'Continue.'

Check E-Verify periodically for a change in case result. E-Verify informs you of a change of status through Case Alerts on your user home page. Your next step is determined by the case result provided.

Error: Close Case and Resubmit

A case result of 'Error: Close Case and Resubmit' means that the expiration date entered for the employee's U.S. Passport, Passport Card or driver's license is incorrect.

A new case must be created for this employee. To do this, simply close the case and create a new case for this employee using the correct document expiration date.

This does not mean that the employee is not authorized to work. E-Verify will verify the employment eligibility of this employee once you create a new case and enter the correct document expiration date.
