SMFF Doc. Method means the method that a planholder elects to include (i.e., document) salvage and marine firefighting (SMFF) resources into the VRP.

Planholder-only means that a planholder selects and documents the SMFF resources required.

Ref. to SMFF Res. Prov. means that a planholder makes reference to a SMFF resource provider that has voluntarily submitted documentation to the CG about the response services/equipment that the SMFF company can provide. This method reduces the amount of paperwork that a planholder must submit.
