

### ICR Summary Information

Hours per Response	39
Number of Respondents	6
Total Estimated Burden Hours	470
Total Estimated Costs	\$56,200
Annualized Capital O&M	\$0
Total Annual Responses	12
Form Number	Not Applicable

**Table 1: Annual Respondent Burden and Cost – NSPS for the Graphic Arts Industry (40 C**

Burden Item	(A) Technical person- hours per occurrence	(B) No. of occurrences per respondent per year
1. Applications	N/A	
2. Surveys and studies	N/A	
3. Reporting requirements		
A. Familiarize with regulatory requirements <sup>c</sup>	3	1
B. Required activities		
Initial performance test <sup>d</sup>	60	1
Repeat of performance test <sup>d,e</sup>	60	1
C. Create information	See 3B	
D. Gather existing information	See 3B	
E. Write report		
Notification of construction, reconstruction, or modification <sup>d</sup>	2	1
Notification of actual startup <sup>d</sup>	2	1
Notification of initial performance test <sup>d</sup>	2	1
Report of performance test	See 3B	
Semiannual report <sup>f</sup>	8	2
<b><i>Subtotal for reporting Requirements</i></b>		
4. Recordkeeping requirements		
A. Familiarize with regulatory requirements <sup>c</sup>	See 3A	
B. Plan activities	See 4C	
C. Implement activities	See 3B	
D. Develop record system <sup>g</sup>	3	1
E. Time to enter information		
Records of startups, shutdowns, malfunctions, etc. <sup>h</sup>	0.2	4
Records of VOC for monthly materials and emissions calculation <sup>i</sup>	1	48
F. Time to train personnel	N/A	
G. Time for audits	N/A	
<b><i>Subtotal for Recordkeeping Requirements</i></b>		
<b>TOTAL LABOR BURDEN AND COSTS (rounded) <sup>j</sup></b>		
<b>TOTAL CAPITAL AND O&amp;M COSTS (rounded) <sup>j</sup></b>		
<b>GRAND TOTAL (rounded) <sup>j</sup></b>		

**Assumptions:**

<sup>a</sup> We estimate that an average of 6 existing respondents per year will be subject to the rule, and that no new, modified ICR.

<sup>b</sup> This ICR uses the following labor rates: Managerial \$157.61 (\$75.05 + 110%); Technical \$123.94 (\$59.02 + 110%); Department of Labor, Bureau of Labor Statistics, September 2021, “Table 2. Civilian Workers, by occupational and industry, by sex, race, and hispanic or latino ethnicity, 2019” and has been increased by 110 percent to account for varying industry wage rates and the additional overhead business expenses associated with hiring, training, and equipping their employees.

- <sup>c</sup> We have assumed all new and existing sources will have to familiarize with the regulatory requirements each year familiarize with the regulatory requirements. This includes the costs associated with obtaining a technical consultant
- <sup>d</sup> Costs are covered in Section 6(b)(iii) of the supporting statement. The number of respondents is covered in Section 6(b)(iii)
- <sup>e</sup> We assume that 20% of new or modified sources will need to repeat the performance test.
- <sup>f</sup> We have assumed all respondents will submit semiannual reports.
- <sup>g</sup> We have assumed no new facilities will become subject to the standard over the next three years.
- <sup>h</sup> We have assumed there are 6 existing respondents with an average of 4 presses per facility ( $6 \times 4 = 24$ ), and there are 4 occurrences per respondent per year ( $24/6=4$ ).
- <sup>i</sup> There are 4 presses per plant, so we estimate the number of occurrences per respondent per year to be 48 ( $4 \times 12 = 48$ ).
- <sup>j</sup> Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.

<b>TOTAL COST (rounded) <sup>f</sup></b>				

**Assumptions:**

<sup>a</sup> We estimate that an average of 6 existing respondents per year will be subject to the rule, and that no new, modified, the three-year period of this ICR.

<sup>b</sup> This cost is based on the average hourly labor rate as follows: Managerial \$70.56 (GS-13, Step 5, \$44.10 + 60%); Technical \$28.34 (GS-6, Step 3, \$17.17 + 60%). This ICR assumes that Managerial hours are 5 percent of Technical hours. These rates are from the Office of Personnel Management (OPM), 2022 General Schedule, which excludes loc 60 percent to account for the benefit packages available to government employees.

<sup>c</sup> Assumes oversight of initial performance test. This is a one-time only activity for newly constructed, and reconstructed

<sup>d</sup> Assumes oversight of initial performance test. We have assumed 20 percent of respondents will have to repeat the performance test

<sup>e</sup> We have assumed all respondents will submit semiannual reports.

<sup>f</sup> Totals have been rounded to 3 significant figures. Figures may not add exactly due to rounding.
