

collection works to improve tracking of core capabilities across FEMA Region II to most efficiently use resources to meet the National Preparedness Goal by utilizing elements of the 2018 FEMA text, *Engaging Community and Faith-based Organizations*.

The Federal Emergency Management Agency (FEMA) National Preparedness Division (NPD) is responsible for educating and securing the nation with the capabilities required across the whole community to prevent, protect against, mitigate, respond to, and recover from the threats and hazards that pose the greatest risk. One of the ways FEMA accomplishes this is through conducting exercises, trainings, and webinars where stakeholders like SLTT governments and PNP entities participate.

The delivery methodology of these programs to a variety of stakeholders are always evolving and continuously improving to meet stakeholder's needs. Likewise, as internal agency policy changes, so can delivery methods. Specifically for FEMA, this includes release of the 2022–2026 FEMA Strategic Plan. Strategic Goal #3 includes Promote and Sustain a Ready FEMA and Prepared Nation, and the objectives 3.1—Strengthen the Emergency Management Workforce and 3.2—Posture FEMA to Meet Current and Emergency Threats. This strategic goal and its associated objectives are well aligned to priorities of FEMA Region II's National Preparedness Division, with internal goals of data-driven capacity building and a more equitable approach to program delivery.

By better gauging stakeholder capacity and needs at an organizational level we can better provide programs and services to our stakeholders to ultimately improve preparedness in FEMA Region II.

Authorities for the collection of information include the following: Presidential Policy Directive (PPD–8), National Preparedness; 6 U.S.C. 313, 314, 317(c); 42 U.S.C. 5195, 5196(e) and (f); 42 U.S.C. 5131(a) and (b).
