

**Instructions for
Recognized Operating Agency Application
Office of International Affairs**

**ROA-NEW
GENERAL INSTRUCTIONS**

Purpose of Form

This form is used to apply for designation as a Recognized Operating Agency (ROA), as defined by the International Telecommunication Union (ITU) in paragraph 1008 of the Annex to the Constitution of ITU, and according to the requirements of [section 63.701](#) of the Federal Communication Commission's (Commission) rules, 47 CFR § 63.701.

The information is used by the FCC to determine whether to recommend to the U.S. Department of State (State Department) that it designate the Applicant as an ROA for purposes of ITU participation. The State Department then makes the final decision whether to designate a company as a ROA, assisting the ROA with its application to the ITU to participate in that organization.

Providers of telecommunications services, enhanced service providers, and operators of radio facilities licensed under Title III of the Act that wish to be designated as a ROA for participation in ITU activity must file this application prior to seeking ROA designation from the State Department.

Applicants should refer to the Debt Collection Improvement Act of 1996. The Debt Collection Act requires all Federal agencies ensure that no debtors to the Federal government obtain any licenses or other benefits from the FCC. To ensure this, the Commission must collect FRN information to correlate its Applicants with any outstanding Federal debt that they might have incurred in other dealings with the Federal government. For additional information, press on the FCC's Debt Collection webpage, <https://www.fcc.gov/licensing-databases/fees/debt-collection-improvement-act-implementation>.
