Title: Voluntary Labeling Program for Biobased Products.

OMB Control Number: 0570-0071.

Type of Request: Revision of a currently approved information collection.

Abstract: Section 9002(h) of the Farm Security and Rural Investment Act (FSRIA) of 2002, as amended by the Food, Conservation, and Energy Act (FCEA) of 2008, the Agricultural Act of 2014, and the Agricultural Improvement Act of 2018, requires the Secretary of Agriculture to implement a Voluntary Labeling Program that would enable qualifying biobased products to be certified with a "USDA Certified Biobased Product" label. USDA subsequently published the terms and conditions for voluntary use of the label, which can be found in the Code of Federal Regulations (CFR) at 7 CFR part 3202.

To implement the statutory requirements of FSRIA, USDA will gather relevant product information on biobased products for which manufacturers and vendors seek certification to use the label. Participation in the Voluntary Labeling Program is entirely voluntary.

The information collected will enable USDA to evaluate the qualifications of biobased products to carry the USDA Certified Biobased Product label and to ensure that the label is used properly and in accordance with the requirements specified in 7 CFR part 3202. To the extent feasible, the information sought by USDA can be transmitted electronically using the website <http://www.biopreferred.gov>. If electronic transmission of information is not practical for some applicants, USDA will provide technical assistance to support the transmission of information to USDA.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2.4 hours per response.

Respondents: Manufacturers and vendors who wish to apply the "USDA Certified Biobased Product" label to their biobased products. Participation is voluntary.

Estimated Number of Respondents: 300.

Estimated Number of Responses per Respondent: 2.75.

Estimated Number of Responses: 825.
Estimated Total Annual Burden on Respondents: 1,988 hours.

Copies of this information collection can be obtained from Katherine Anne Mathis, Rural Development Innovation Center—Regulations Management Division, at (202) 713-7565. Email: katherine.mathis@usda.gov.

Title: Guidelines for Designating Biobased Products for Federal Procurement.

OMB Control Number: 0570-0073.

Type of Request: Revision of a currently approved information collection.

Abstract: The USDA BioPreferred Program provides that qualifying biobased products that fall under product categories (generic groups of biobased products) that have been designated for preferred procurement by rule making are required to be purchased by Federal agencies in lieu of their fossil energy-based counterparts, with certain limited exceptions. Further, USDA is required by section 9002 of the Farm Security and Rural Investment Act of 2002, as amended by the Food, Conservation, and Energy Act of 2008 and the Agricultural Act of 2014, and the Agricultural Improvement Act of 2018, to provide certain information on qualified biobased products to Federal agencies. To meet these statutory requirements, USDA will gather that information from manufacturers and vendors of biobased products. The information sought by USDA can be transmitted electronically using the website <http://www.biopreferred.gov>. If for any reason the requested information cannot be electronically transmitted, USDA will provide technical assistance to support the transmission of information to USDA. The information collected will enable USDA to meet statutory information requirements that will then permit USDA to designate product categories for preferred procurement under the BioPreferred Program. Once product categories are designated, manufacturers and vendors of qualifying biobased products that fall under these designated product categories will benefit from preferred procurement by Federal agencies.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 40 hours per response.
