Rapid cycle evaluation of operational improvements in SNAP E&T: Participant focus group discussion guide

Overview and guidelines for the discussion

Thank you for taking the time to speak with us today. We are from Mathematica, an independent research firm, and we are here to learn about your experiences with the [SNAP E&T Program Name]. My name is [NAME] and my colleague is [NAME]. We do not work for the SNAP [name of State program] agency, the U.S. Department of Agriculture, or another governmental agency.

- Before we start, I want to discuss the guidelines for today's discussion. Your participation today is voluntary. You don't have to answer any questions you don't want to, and you can leave at any time. At the end of the session, you will receive a \$50 Visa gift card.
- What you say in this room will be considered private. We will summarize what we talk about today and put it together with information that we will gather from other groups like this. Nothing you say will ever be linked to your name. All confidential information will be stored safely and destroyed at the end of the study. Also, nothing you say will affect your eligibility for SNAP, [SNAP E&T Program Name] or any other programs.
- Today we are interested in hearing from you about [SNAP E&T Program Name], the SNAP Employment & Training program that is available to people who participate in SNAP. Your feedback will help us determine what works in these programs and what could be improved. Today's discussion will be specifically about employment and training, and not about food benefits.
- Please respect the privacy of others' comments and do not repeat what is said here to others outside of this room.
- We want to hear different opinions, so if the rest of the group feels one way and you feel differently, please speak up. That information is really important to us because everyone here has probably had different experiences. There are no wrong answers.
- Please talk one at a time in a voice at least as loud as mine.
- You can add to something someone else says but please don't have side conversations with the person next to you.
- Make sure everyone has a chance to talk. We need to hear from all of you, but you don't have to answer every question. We may call on you to participate.
- We have a lot to cover today and may need to cut some conversations short to move on to another topic. Please know that we value every contribution to today's discussion. This will only happen to make sure we get through all the questions we have for you in a short amount of time.
- If you haven't done so already, please turn off your cell phones or set them to silent.
- The session will last about 90 minutes. We don't have a planned break, but please feel free to get up at any time to stretch, use the restroom, or help yourselves to something to eat or drink. We ask that only one person be out of the room at a time for a bathroom break.

- We would like to record our discussion to help us remember what everyone said when we go back to write our report.
- Does anyone have an objection to us recording the discussion?
- Are there any questions before we get started? If you have any questions in the future, you can contact Mathematica at [NUMBER] or by e-mail at [EMAIL].
- First, I'd like to just confirm: Does everyone agree to participate in this discussion group?

Public Burden Statement

This information is being collected to assist the Food and Nutrition Service in evaluating operational improvements in Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) programs that aim to improve delivery of services and program outcomes. This is a voluntary collection and FNS will use the information to assess the effectiveness of changes made to the SNAP E&T program. This collection does not request any personally identifiable information under the Privacy Act of 1974. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-[xxxx]. The time required to complete this information collection is estimated to average 90 minutes (1.5 hours) per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 1320 Braddock Place, 5th Floor, Alexandria, VA 22306 ATTN: PRA (0584-xxxx). Do not return the completed form to this address.

Privacy Act Statement

Authority: This information is being collected under the authority of Section 9 of the Food and Nutrition Act of 2008, as amended, (7 U.S.C. 2018). Disclosure of the information is voluntary.

Purpose: The information is being collected to evaluate operational improvements in Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) programs using rapid cycle evaluation.

Routine Use: The information may be shared with SNAP contract researchers and United States Department of Agriculture (USDA) SNAP research and administrative staff.

Disclosure: If all or any part of the information is not provided, interviews may not be admissible in data sets.

Participant introductions

To get things started, I'm going to go around the room and ask each of you for your first name and how you first heard about [SNAP E&T Program Name].

1. Please introduce yourself and share how you first heard about [SNAP E&T Program Name].

Motivations and barriers for SNAP E&T participation

First, we'd like to talk more about when you learned about [SNAP E&T Program Name] and why you were or were not interested in participating in it.

1. When you first heard about [SNAP E&T Program Name], what did you learn about the program and the services that are available to you?

- a. What kind of information was provided about the program?

Probes:

- *How clear or unclear was the information you received?*
- *Was it enough information to make a decision to enroll?*
- *What other information may have been useful for you to make the decision to enroll?*

- b. Was it the right time for you to hear about [SNAP E&T Program Name]? For example, if you learned about the program during your interview for SNAP benefits, did you feel ready to think about participating in employment and training services at that time?

Probe:

- *When do you think would be the best time to learn about [SNAP E&T Program Name]? (During interviews for SNAP benefits, a few days after the interview, some other time?)*

- c. If you decided to participate, what convinced you to enroll in the program?

[For recruitment interventions only]

2. Do you recall seeing or receiving a [text message/email/other marketing material] about enrolling in the [SNAP E&T Program Name]?

- a. If you remember seeing [material], was the information helpful in letting you know about the program?

Probes:
