[SNAP E&T RCE INTERVENTION SITE] is participating in a study that the U.S. Department of Agriculture, Food and Nutrition Service (FNS) is sponsoring. This study will help the agency learn more about ways to improve the Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) programs for participants. E&T programs are intended to help SNAP participants gain skills and find work. [SNAP E&T RCE INTERVENTION SITE] is one of eight sites seeking to understand the impact of changes to SNAP E&T program processes on SNAP participants' engagement with E&T services. Mathematica is leading this study on behalf of FNS. Please read the information below and confirm whether you are willing to participate in the study.

By giving permission to be in the study, you agree to take a short 15 minute survey. The survey asks about barriers to engaging with services and seeking employment, program satisfaction, and reasons for engagement decisions.

Here are some other things to know about the study:

- The study will use your data for research purposes only.
- Study reports will summarize all participants' findings and will not identify you. None of the reports prepared for this study will include information that identifies you. All confidential information will be stored safely and destroyed at the end of the study.
- Taking the survey is completely voluntary. You can skip any question that you don't want to answer. If you are unsure of how to answer a question, please give the best answer you can, rather than leaving it blank.
- Participating in the study has no known risks and will not affect your benefits. Your participation will help us learn about how to improve SNAP E&T programs and services to help SNAP participants gain skills and find work.
- You will receive a \$30 gift card to thank you for your time completing the survey.
