

of the Committee as it deems appropriate. The Committee and/or the Director of NIST may establish such other subcommittees, task forces, and working groups consisting of members from the parent Committee as may be necessary, subject to the provisions of FACA, the FACA implementing regulations, and applicable Department of Commerce guidance. Subcommittees must report back to the Committee and any recommendations based on their work will be deliberated and agreed upon by the Committee prior to dissemination to NIST.

Miscellaneous

3. Meetings of the VCAT usually take place at the NIST headquarters in Gaithersburg, Maryland. The Committee will meet at least twice each year at the call of the chairperson or whenever one-third of the members so request in writing. The Committee shall not act in the absence of a quorum, which shall consist of a majority of the members of the Committee not having a conflict of interest in the matter being considered by the Committee. 15 U.S.C. 278(d).

4. Generally, Committee meetings are open to the public.

Nomination Information

4. Nominations are sought from all fields described above.

5. Nominees should have established records of distinguished service and shall be eminent in fields such as business, research, new product development, engineering, labor, education, management consulting, environment and international relations. The category (field of eminence) for which the candidate is qualified should be specified in the nomination letter. A summary of the candidate's qualifications should be included with the nomination, including (where applicable) current or former service on Federal advisory boards and Federal employment. In addition, each nomination letter should state that the candidate agrees to the nomination, acknowledges the responsibilities of serving on the VCAT, and will actively participate in good faith in the tasks of the VCAT.

6. The Department of Commerce is committed to equal opportunity in the workplace and seeks a broad-based and diverse VCAT membership.

Alicia Chambers,

NIST Executive Secretariat.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; iEdison System

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before July 3, 2023.

ADDRESSES: Interested persons are invited to submit written comments by mail to Bureau Elizabeth Reinhart, Management Analyst, NIST, 100 Bureau Drive, Gaithersburg, MD 20899, or by email to PRAComments@doc.gov. Please reference OMB Control Number 0693-0090 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Bethany Loftin, Interagency and iEdison Specialist, 100 Bureau Drive, Gaithersburg, MD 20899, 202-941-7750, bethany.loftin@nist.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Bayh-Dole Act (35 U.S.C. 18) and its implementing regulations (37 CFR 401) allow for recipients of federal research funding (Contractors) to retain ownership of inventions developed under federal funding agreements. In exchange, the government retains certain rights to the invention, including a world-wide right to use by or on behalf of the U.S. government. The law also requires the Contractor to obtain permission for certain actions and fulfill reporting requirements including:

- a. Initial reporting of invention.

- b. Decision to retain title to invention.
- c. Filing of patent protection.
- d. Evidence of government support clause within patents.
- e. Submission of a license confirming the government's rights.
- f. Notice if the Contractor is going to discontinue the pursuit or continuance of patent protection.
- g. Information related to the development and utilization of invention.

h. Permission to assign to a third party; and

i. Permission to waive domestic manufacturing requirements.

This information is used for a variety of reasons. It allows the government to identify technologies to which the government has rights to use without additional payment or licensing. This acts as a time and cost-saving mechanism to avoid unnecessary negotiating and payment. It also provides data for calculation of return on investment (ROI) from federal funding and identifies successful research programs. Thirdly, it allows the government the opportunity to timely protect inventions which the Contractor declines title or discontinues patent protection. Many agencies utilize the iEdison system, managed by NIST, to collect this information. Agencies that do not register with iEdison are required to collect this information independently.

Historically, only NIH and DOE regularly requested that Contractors submit requests for reports on the development and utilization of an invention (utilization reports) within iEdison. However, there has been an increased interest across the government in the impact of federally funded research and resulting inventions as well as compliance with the Bayh-Dole requirements, especially as it relates to domestic manufacturing requirements. As a result, the interagency working group for Bayh-Dole decided that all agencies would begin to request this information, and the questions would be amended and expanded upon so that the agencies could get a clear picture of the commercialization plans for subject inventions, what the licensing landscape looked like, what products were resulting, and where those products were being manufactured.

Another data point of particular interest across government relates to gender, and specifically how gender disparity may be present within the inventing and commercialization space. Collecting gender of the inventors within iEdison provides agencies previously unavailable data that they may use to conduct assessments under

administrative policy guidance outlined in Executive Order 13985. NIST does not anticipate that the collection of this data will significantly affect the reporting burden.

II. Method of Collection

Information will be electronically collected through the online system iEdison.

III. Data

OMB Control Number: 0693–0090.

Form Number(s): None.

Type of Review: Regular submission, Revision.

Affected Public: Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government.

Estimated Number of Respondents: 3,063.

Estimated Time per Response:

Invention Records: 6 hours.

Patent Records: 3.5 hours.

Utilization Records: 5.5 hours.

Estimated Total Annual Burden

Hours:

Invention Records: 18,378 hours.

Patent Records: 10,720 hours.

Utilization Records: 16,847 hours.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Mandatory.

Legal Authority: The Bayh-Dole Act (35 U.S.C. 18) and its implementing regulations (37 CFR 401).

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–13–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XC952]

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Pile Driving Training Exercises at Naval Base Ventura County, Port Hueneme

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an incidental harassment authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that NMFS has issued an Incidental Harassment Authorization (IHA) to the United States Navy (Navy) to incidentally harass, by Level B harassment only, marine mammals during pile driving training exercises at Naval Base Ventura County, Port Hueneme (NBVC). The Navy's activities are considered military readiness activities pursuant to the MMPA, as amended by the National Defense Authorization Act for Fiscal Year 2004 (2004 NDAA).

DATES: This authorization is effective from May 1, 2023 through April 30, 2024.

FOR FURTHER INFORMATION CONTACT:

Reny Tyson Moore, Office of Protected Resources, NMFS, (301) 427–8401. Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-military-readiness-activities. In case of problems accessing these documents, please call the contact listed above.

SUPPLEMENTARY INFORMATION:

Background

The MMPA prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are proposed or, if the taking is limited to harassment, a notice of a proposed incidental harassment authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least practicable adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of the species or stocks for taking for certain subsistence uses (referred to in shorthand as “mitigation”); and requirements pertaining to the mitigation, monitoring and reporting of the takings are set forth.

The 2004 NDAA (Pub. L. 108–136) removed the “small numbers” and “specified geographical region” limitations indicated above and amended the definition of “harassment” as applied to a “military readiness activity.” The NDAA also amended the process as it relates to military readiness activities and the incidental take authorization process such that “least practicable impact” on such species or stock shall include consideration of personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity. Before making the required determination, the Secretary shall consult with the Department of Defense regarding personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity. The activity for which incidental take of marine mammals is being requested, addressed here, qualifies as a military readiness activity. The definitions of all applicable MMPA statutory terms cited above are included in the relevant sections below.
