### OMB Reporting Burden

OMB Control Number: 0693-0090 Expiration Date: 07/31/2025

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0693-0090. Without this approval, we could not conduct this survey/information collection. Public reporting for this information collection is estimated to be approximately: Invention Records: 75 minutes; Patent Records: 45 minutes; and Utilization Records 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary/mandatory/required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to National Institute of Standards and Technology, Technology Partnership Office at: 100 Bureau Drive, Gaithersburg, MD 20899, Attn: iEdison Administrator, [iedison@nist.gov](mailto:iedison@nist.gov).

Privacy Act Statement Authority: The Bayh-Dole Act (35 USC §§ 200-212) and its implementing regulations (37 CFR 401). Purpose: The Bayh-Dole Act (35 USC §§ 200-212) and its implementing regulations (37 CFR 401) require Contractors to report information related to inventions and patents to the federal agency which awarded the relevant funding. The purpose of this legislation included promoting utilization of inventions resulting from federal R&D funding, encourage collaboration between non-profit and for-profit entities, increase commercialization and public availability of inventions made in the United States, and to ensure that the Government obtains sufficient rights in federally funded inventions to meet the needs of the Government and protect the public. To facilitate these and other objectives as well as to track both compliance with and effectiveness of this legislation, collection of data is required.

Routine Uses: NIST will utilize the information collected to facilitate the objectives of the Bayh-Dole Act and to track both compliance with and effectiveness of this legislation. DEPT-23: Information Collected Electronically in Connection with Department of Commerce Activities, Events, and Programs. Disclosure: Furnishing this information is mandatory to obtain benefits. When you submit the form, you are indicating your voluntary consent for NIST to use of the information you submit for the purpose stated.
